

**COUNTY
H**

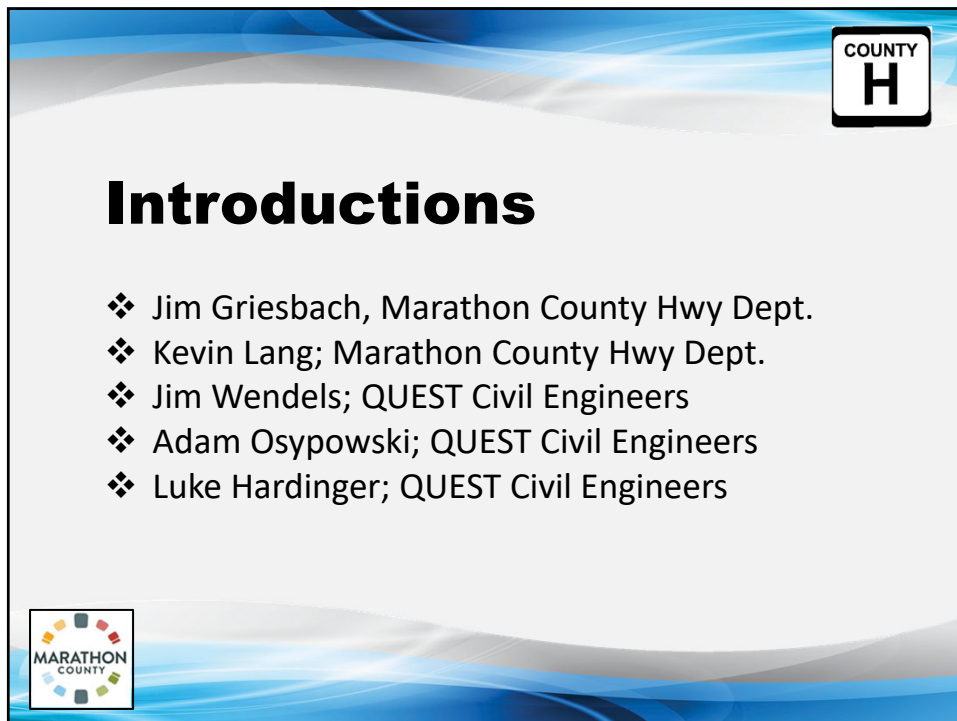

Public Involvement Meeting

**CTH H
CTH N – STH 29
Marathon County**

January 25, 2024

1

**COUNTY
H**

Introductions

- ❖ Jim Griesbach, Marathon County Hwy Dept.
- ❖ Kevin Lang; Marathon County Hwy Dept.
- ❖ Jim Wendels; QUEST Civil Engineers
- ❖ Adam Osypowski; QUEST Civil Engineers
- ❖ Luke Hardinger; QUEST Civil Engineers

2

COUNTY H

Purpose of meeting

- ❖ Review purpose and need for project
- ❖ Describe proposed improvements
- ❖ Discuss anticipated impacts
- ❖ Review project schedule
- ❖ Receive your input

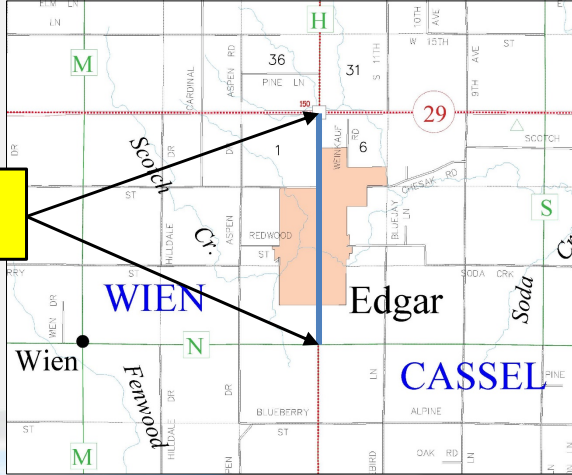

3

COUNTY H

Project location map

Project ID: 9958-00-71
STH 153 – STH 29
CTH N to STH 29
CTH H, Marathon County

4

Need for project

- ❖ Deteriorating pavement
- ❖ Sidewalk curb ramps in Edgar do not meet current ADA standards
- ❖ Multiple locations of deficient curb & gutter
- ❖ Inlets in need of maintenance

5

County N to Royal Ave

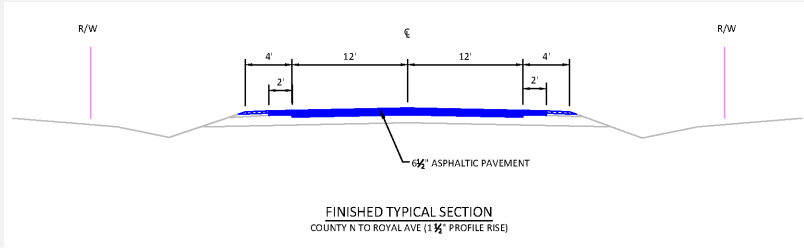

- ❖ Proposed Improvements
 - Full-depth replacement of the existing asphaltic pavement with a new asphaltic surface
 - Construct paved shoulders and widen the existing lanes to 12-foot
 - Minor culvert repair by Marathon County prior to the project

6

County N to Royal Ave

- 1 ½-inch profile rise
- Construct between roadway shoulders
- Match driveways to new profile

FINISHED TYPICAL SECTION
COUNTY N TO ROYAL AVE (1 ½" PROFILE RISE)

7

Royal Ave to Chesak Ave

- ❖ Proposed Improvements
 - Full-depth pavement replacement within the travel lanes
 - Mill and overlay the the parking lanes and side roads
 - Reconstruct sidewalk curb ramps to better meet ADA standards
 - Modify northeast corner of Chesak Ave intersection and add curb ramp and sidewalk
 - Spot replacement of deficient curb & gutter
 - Spot storm sewer inlet repairs

8

COUNTY
H

Royal Ave to Chesak Ave

- 1 ½-inch profile rise between Royal Ave and Redwood St
- 1-inch profile rise between Redwood St and Chesak Ave
- Adjust slope of parking lane to meet existing curb and gutter

FINISHED TYPICAL SECTION
 ROYAL AVE TO REDWOOD ST (1 ½" PROFILE RISE)
 REDWOOD ST TO CHESAK AVE (1" PROFILE RISE)

9

COUNTY
H

Royal Ave to Chesak Ave

Marathon County H
Marathon County N to WIS 29
Project ID 9958-00-71
PRELIMINARY January 25, 2024

Royal Avenue to Chesak Avenue

County N to Royal Avenue

Royal Avenue to Chesak Avenue

Chesak Avenue to WIS 29

10

Chesak Ave to WIS 29

- ❖ Proposed Improvements
 - Mill the existing asphaltic pavement and overlay with a new asphaltic surface in the travel lanes
 - Construct a 5-foot paved shoulder between Chesak Ave and Dollar General, connecting to new sidewalk.
 - Minor culvert repair by Marathon County prior to the project

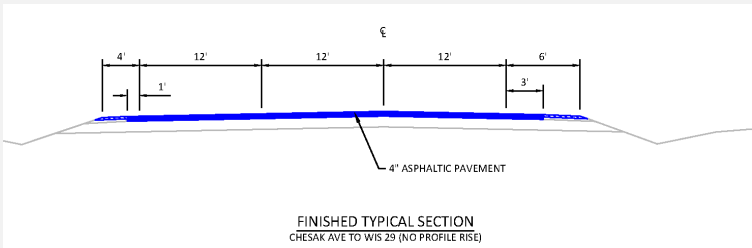

11

Chesak Ave to WIS 29

- Construct between roadway shoulders
- No change to roadway profile

FINISHED TYPICAL SECTION
CHESAK AVE TO WIS 29 (NO PROFILE RISE)

12

Property impacts

- ❖ Utility relocations are anticipated
- ❖ Rural Driveways will be tied into new roadway profile
 - Utilize same surface material as existing
 - Asphalt, gravel or red granite
 - No impacts to existing driveway culverts

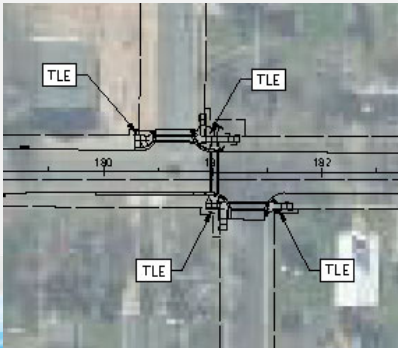

13

Property impacts

- ❖ Right of way acquisition (Temporary Limited Easements) will be required to construct and restore around new curb ramps

14

COUNTY
H

Traffic management during construction

- ❖ Curb ramp work in Edgar to be completed in several stages using sidewalk and parking lane closures
- ❖ County N to Chesak Ave:
 - Closed to thru traffic
 - Access for residents and businesses will be maintained from at least one end of the project and select cross-roads
 - No detour is proposed
- ❖ Chesak Ave to WIS 29
 - Open to thru traffic and paved using flagging operations

15

COUNTY
H

Current project schedule

❖ Preliminary design	Completion in Mar 2024
❖ Environmental documentation	Completion in Mar 2024
❖ Public involvement meeting	January 25, 2024
❖ Real Estate Acquisition	Spring and Summer 2024
❖ Utility adjustments	Fall 2024 and spring 2025
❖ Final design	Fall 2024
❖ Culvert repairs	2024 (Mar. Co. Hwy. Dept.)
❖ Roadway Construction	2025
