Marathon County 500 FOREST ST Wausau, WI 54403

Dear Customer:

You or your agent recently worked with a Wisconsin Public Service Corporation representative to define the location of an easement at 172922 STATE HIGHWAY 29 in the Town of Ringle County of Marathon, State of Wisconsin.

I have enclosed <u>two</u> copies of the easement for your review. Signing this document will allow Wisconsin Public Service Corporation to install facilities on your property in the location described in the easement.

Please note that the Public Service Commission entitles you to a minimum of five days to examine the materials provided. However, you have the option to waive the five-day review period and sign and return the easement at any time.

You will note that the documents **require** you to sign them in the presence of a **Notary Public**. Please make the necessary arrangements to meet with a Notary Public in your vicinity and have the Notary sign the documents where indicated. All signatures and blanks filled in must be completed in **BLACK INK** to be accepted by the Register of Deeds for recording.

Please return <u>one</u> of the documents to me in the pre-paid envelope provided at your earliest convenience. The second document is for your records. Installation cannot be scheduled until the completed document has been received.

Please contact me if you have any questions regarding the easement. Please refer to Work Request WMIS-3406860.

THIS INDENTURE is made this day of,
, by and between Marathon County, a municipal body
corporate of the State of Wisconsin, ("Grantor") and WISCONSIN
PUBLIC SERVICE CORPORATION, a Wisconsin Corporation,
along with its successors and assigns (collectively, "Grantee") for
good and valuable consideration, the receipt and sufficiency of which
are hereby acknowledged, Grantor, owner of land, hereby grants and
warrants to, Grantee, a permanent easement upon, within, beneath,
over and across a part of Grantor's land hereinafter referred to as
"easement area" more particularly described as follows:

Part of Lot 1 of Certified Survey Map No. 10013 Recorded in the Marathon County Register of Deeds Volume 41 of Certified Survey Maps on Page 36 as Document 1122630; being part of The Southwest Quarter of the Southwest Quarter (SW 1/4 – SW 1/4) of Section 23, Township 28 North, Range 9 East, Town of Ringle, County of Marathon, State of Wisconsin, as shown on the attached Exhibit "A".

Wisconsin Public Service Corp. Real Estate Dept. P.O. Box 19001 Green Bay, WI 54307-9001

Tax Parcel Identification Number (PIN)

07228092330994

Grantee shall have the right to install Grantee's facilities upon the above described Grantor's land.

It is anticipated that the facilities shall be installed in the area of Grantor's land shown approximately on the <u>attached Exhibit "A"</u>, but in all events, upon installation of the Grantee's facilities, the actual "easement area" shall consist of a strip of land twelve (12) feet in width, lying six (6) feet on each side of the centerline of Grantee's facilities as installed (including, as applicable, the center location of any pad mounts, pedestals, slabs, or similar facilities).

In the event of any replacements or additions, the easement area shall be deemed to shift to include an area that is twelve (12) feet in width, lying six (6) feet on each side of the centerline of such replacements.

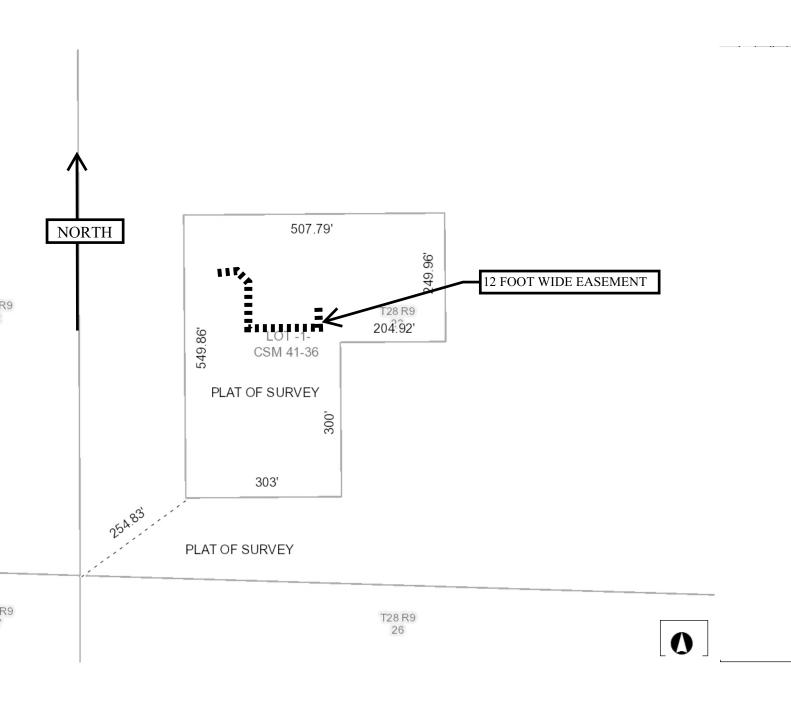

- 1. Purpose: ELECTRIC UNDERGROUND The purpose of this easement is to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.
- **2.** Access: Grantee shall have the right to enter on and across any of the Grantor's property outside of the easement area as may be reasonably necessary to gain access to the easement area and as may be reasonably necessary for the construction, installation, operation, maintenance, inspection, removal or replacement of the Grantee's facilities.
- 3. Buildings or Other Structures: Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric and gas codes or any amendments thereto.
- **4. Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.
- **5. Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.
- **6.** Exercise of Rights: It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until sometime in the future, and that none of the rights herein granted shall be lost by non-use.
- 7. Binding on Future Parties: This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.
- **8. Easement Review**: Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document *or* voluntarily waives the five day review period.

Specific services levels regarding facility condition and repair are not frequently mandated: however, absent properly maintained facilities, other departments would be unable to deliver their mandated services. A number of areas have significant health & safety requirements relative to facilities (most notably the North Central Health Care Center campus and our jail and secure detention). In the absence of specific regulation, Wisconsin's "safe place statute" would require reasonable care.

The State prefers local municipalities provide this program as they can provide a more efficient service. Our health department level would need to be adjusted to a level II to cease this service	
Water Testing Lab	No	Supported by fees and can be performed by local or state resources, however, drawbacks may be cost and timely response.	
Children and Youth with Special Health Care Needs (CYSHCN)	No	Fully grant funded program that assists families with resources for special health care needs.	

Additional information: the following is a summary of focus areas of public health departments:

Community Health Improvement Plan and the Community Health Assessment; communicable disease surveillance, investigation, and control; maternal child health, environmental health, chronic disease, and injuries; and birth to three.

Wis. Stat. § 251.02(1) indicates in counties with a population of less than 500,000, unless a county board establishes a city-county health department under sub. (1m) jointly with the governing body of a city or establishes a multiple county health department under sub. (3) in conjunction with another county, the county board shall establish a single county health department, which shall meet the requirements of this chapter. The county health department shall serve all areas of the county that are not served by a city health department that was established prior to January 1, 1994, by a town or village health department established under sub. (3m), or by a multiple municipal local health department established under sub. (3r) or by a city-city health department established under sub. (3t). No governing body of a city may establish a city health department after January 1, 1994.

Wis. Stat. § 250.03 (1) (L) provides that the department (the state) shall perform or facilitate the performance of all of the following services and functions:

- 1. Monitor the health status of populations to identify and solve community health problems.
- 2. Investigate and diagnose community health problems and health hazards.
- 3. Inform and educate individuals about health issues.
- 4. Mobilize public and private sector collaboration and action to identify and solve health problems.
- 5. Develop policies, plans, and programs that support individual and community health efforts.
- 6. Enforce statutes and rules that protect health and ensure safety.
- 7. Link individuals to needed personal health services.
- 8. Assure a competent public health workforce.
- 9. Evaluate effectiveness, accessibility, and quality of personal and populationbased health services.
- 10. Provide research to develop insights into and innovative solutions for health problems.

State DHS facilitates the performance of these services through the delivery of services/programs by Marathon County Health Department. The state conducts

periodic reviews to ensure compliance. The public health department also meets the requirements of Wisconsin State Statutes, chapter 250-255.

Required services of local health departments are further explained by Chapter DHS 140, which lists the requirements for the level of health department.

Level I health departments must provide the following:

- Surveillance and investigation of local health issues
- Communicable disease control including education, monitoring, and prevention
- Chronic disease prevention
- Human health hazard control
- Policy and planning support
- Leadership and organizational competency regarding health issues to local partners and stakeholders
- Public Health nursing services

Level II health departments must comply with the requirements for a level I while also providing:

- Support and leadership to address community needs
- Evaluating health services
- Annual performance evaluations
- Quality Improvement activities

Level III health departments must comply with the requirements for a level I, II and III, which also includes:

- Data collection
- Providing public health expertise to local government stakeholders
- Identify and address population health issues
- Establish and implement an environmental health program
- Quality Improvement activities on individual and department levels
- Evaluation of collaborative efforts to assess, develop services

For the full list, please see DHS Chapter 140. Marathon County Health Department is a Level III Department.

Child Welfare Division

Summary of services provided in Children Services includes: child protection access, assessment and ongoing services, including services provided through community response; youth justice intake and ongoing services; emergency on-call services; Coordinated Family Services (CFS), Children's Long Term Support (CLTS) waivers, Family Centered Treatment (FCT), Comprehensive Community Services (CCS) and assessment/referral. As well as stepparent adoptions, day care certifications, foster parent licensing, independent living services and purchased services (foster care, short term shelter care, kinship care, group home, residential care, corrections, secure custody, etc..).

Wis. Stat. Ch. 48 is the Children's Code and Wis. Stat. Ch. 938 is the Juvenile Justice Code.

Wis. Stat. § 48.56 requires each county having a population of less than 500,000 shall provide child welfare services through its county department. Each county department shall employ personnel who devote all or part of their time to child welfare services. Whenever possible, these personnel shall be social workers certified under Ch. 457.

Wis. Stat. § 48.57 (1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for child welfare purposes by the county board of supervisors or by the legislature, which may be donated by individuals or private organizations or which may be otherwise provided.

Wis. Stat. § 938.57(1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for juvenile welfare purposes by the county board of supervisors or donated by individuals or private organizations.

Wis. Stat. § 51.437 indicates that the county board of supervisors has the primary governmental responsibility for the well-being of those developmentally disabled citizens residing within its county and the families of the developmentally disabled insofar as the usual resultant family stresses bear on the well-being of the developmentally disabled citizen. This primary governmental responsibility is limited to the programs, services and resources that the county board of supervisors is

reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds.

Wis. Stat. § 46.272 governs the Children's Community Options Program. This statutory section requires the department to establish a children's community options program with the main purpose of providing a coordinated approach to supporting families who have a child with a disability. Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Children's Long-Term Support (CLTS) waivers provide the county access to State and Federal funding to serve the health and safety needs of children in the County. In many instances, these health and safety needs would otherwise be funded solely through local tax levy funding.

Income Maintenance Division

Wis. Stat. § 16.27 (4) indicates that a household may apply after September 30 and before May 16 of any year for heating assistance from the county department under s. 46.215 (1) (n) or 46.22 (1) (b) 4m. a. to e. or from another local governmental agency or a private nonprofit organization Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. § 49.155 (3) the county department or agency with which the department contracts under sub. (1m) to determine eligibility in a particular geographic region or for a particular Indian tribal unit shall administer child care assistance in that geographic region or for that tribal unit. Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. Ch. 49-Income Maintenance Administration. We are part of a 4 county consortium that administers medical assistance and FoodShare. The county opted to be part of this consortium, but could decide not to provide direct administration of these programs and services; however, the county would still be required to contribute local funding (tax levy) to the consortium for direct operational costs. Administration of child care assistance, as well as, program integrity, fraud and overpayment recovery efforts are also consolidated within the 10 county consortium to further increase accuracy, consistency and efficiency in the administration of these public benefits

CENTRAL WISCONSIN AIRPORT					
Service Mandated (Yes/No) Statutory Authority					
Airport operations	No	Wis. Stat. § 66.0301			

Additional Information: Counties are not mandated to provide regional airport services. Marathon County joined with Portage County to form Central Wisconsin Airport (CWA). However, once the determination is made to operate such a facility, the operator is subject to numerous federal and state regulations. Moreover, because the CWA has accepted federal funds (e.g., FAA funding) throughout its history, any determination relative to continued operations is subject to considerable regulation. CWA is overseen, pursuant to the intergovernmental agreement between Portage and Marathon counties by the Central Wisconsin Airport Board.

Additional Information:

*Counties are not mandated to directly operate library facilities. However, in the event that a county does not directly provide library facilities, the county is required by statute to provide funding for the operations of public libraries within the county, and public libraries in adjacent counties, that serve county residents. Specific information regarding these funding obligations are set forth in section 43.12 of the Wisconsin Statutes. Payments made pursuant to § 43.12 or funds necessary to directly provide county library services under Chapter 43 of the statutes are exempt from Wisconsin levy limits.

AGING & DISABILITY RESOURCE CENTER OF CENTRAL WISCONSIN					
Service Mandated (Yes/No) Statutory Authority					
Aging Services	No	Wis. Stat. §§ 46.80, 46.82			
Resource Center	No	Wis. Stat. § 46.283			

Additional information: Marathon County summary of services provided in the ADRC includes: information and assistance, elderly and disability benefit services, nutrition services, dementia care specialist, volunteer program services, and caregiver support and respite services.

Wis. Stat. § 46.80 – The department's primary responsibility to elderly persons is to assure that all elderly and disabled persons have available and accessible a continuum of care or a wide range of community and supportive services so that they may remain in their homes and neighborhoods for as long as it is possible. The department shall be the mechanism by which governmental and nongovernmental agencies may coordinate their policies, plans and activities with regard to the aging.

Wis. Stat. § 46.82 identifies that a county board of supervisors of a county, the county boards of supervisors of 2 or more contiguous counties or an elected tribal governing body of a federally recognized American Indian tribe or band in this state may choose to administer, at the county or tribal level, programs for older individuals. Chapter 46.80 indicates that the department shall divide the state into distinct planning and service areas and designate a public or private nonprofit agency or organization as the area agency on aging for each planning and service area and we are the designated public agency.

Wis. Stat. § 46.283 identifies that a county board of supervisors may decide to apply to the department for a contract to operate a resource center.

The intergovernmental agreement creating the ADRC-CW provides that the funding allocation from each of the counties cannot be modified without the agreement of each of the county members (Langlade, Lincoln, Marathon, and Wood).

Comprehensive Community Services		Wis. Stat. § 49.45(30e) (6)	
Comprehensive Community Services	No	Wis. Stat. § 51.42 (7) (6)	

Additional Information: On behalf of Marathon County, North Central Health Care delivers services including, but not limited to, alcohol and other drug abuse outpatient services, mental health outpatient services, emergency services, adult protection services, adult community support services, comprehensive community service, psychiatrist and psychologist services, crisis, residential, inpatient, and hospitalization services.

Wis. Stat. § 51.42 identifies that the county board of supervisors has the primary responsibility for the well-being, treatment and care of the mentally ill, developmentally disabled, alcoholic and other drug dependent citizens residing within its county and for ensuring that those individuals in need of such emergency services found within its county receive immediate emergency services. This primary responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds. While counties are not directly mandated to provide crisis stabilization facilities, counties are required to provide care in the least restrictive form necessary. Stabilization facilities serve as a less-restrictive, less costly form of care for individuals discharging from an inpatient setting or as an alternative to an inpatient setting.

Wis. Stat. § 51.42(3) permits a county to meet its obligation through the creation of a multi-county community services program.

Wis. Stat. § 51.421 indicates that if funds are provided, and within the limits of the availability of funds provided under s. 51.423 (2), each county department under s. 51.42 shall establish a community support program. Each community support program shall use a coordinated case management system and shall provide or assure access to services for persons with serious

and persistent mental illness who reside within the community. Services provided or coordinated through a community support program shall include assessment, diagnosis, identification of persons in need of services, case management, crisis intervention, psychiatric treatment including medication supervision, counseling and psychotherapy, activities of daily living, psychosocial rehabilitation which may include services provided by day treatment programs, client advocacy including assistance in applying for any financial support for which the client may be eligible, residential services and recreational activities. Services shall be provided to an individual based upon his or her treatment and psychosocial rehabilitation needs.

Wis. Stat. § 51.22 indicates that except as provided in s. 51.20 (13) (a) 4. or 5., any person committed under this chapter shall be committed to the county department under s. 51.42 or 51.437 serving the person's county of residence, and such county department shall authorize placement of the person in an appropriate facility for care, custody and treatment. The county will incur the cost of these placements if it is not billable to insurance or the consumer.

Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Comprehensive Community Services (CCS) is intended to assist individuals of all ages who are in need of ongoing services for mental illness, substance abuse disorder, or dual diagnosis beyond occasional outpatient care, but less than the intensive care provided in an inpatient setting. While CCS is not a mandated program, county-based governmental entities are the only entity in the state that can be certified.

Wis. Stat. § 55.02 identifies that the chairperson of each county board of supervisors shall designate a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437 that is providing services in the county on its own or through a joint mechanism with another county department or county to have the responsibility for planning for the provision of protective services and protective placement and for directly providing protective services.

Wis. Stat. § 46.90 requires that each county board shall designate an agency in the county as the elder-adult-at-risk agency. "Elder-adult-at-risk agency" means the agency designated by the county board of supervisors under sub. (2) to receive, respond to, and investigate reports of abuse, neglect, self-neglect, and financial exploitation under sub. (4).

Mount View Care Nursing Home* (Skilled Nursing, Rehabilitation, Dementia Care, Ventilator care)	No		
Hope House (Sober Living)	No		
Aquatic Therapy Pool	No		
Demand Transportation – 85.21	No	Wis. Stat. § 85.21	
Early Intervention Services (Birth to Three)^	Yes	Wis. Stat. § 51.44	

Additional information:

*There is no state statute that mandates a county must own or operate a nursing home, adult day services, housing programs, sober living, or aquatic therapy pool. However, should the county undertake these activities, each program area is subject to significant regulation, including through the acceptance of various funding streams (e.g., medicare/Medicaid). Adult Day Services and Community Based Residential Facility operations were ceased in 2023.

Wis. Stat. § 85.21 The purpose of this section is to promote the general public health and welfare by providing financial assistance to counties providing transportation services for elderly and disabled persons, and to thereby improve and promote the maintenance of human dignity and self-sufficiency by affording the benefits of transportation services to those people who would not otherwise have an available or accessible method of transportation. The County Board of Supervisors annually authorizes this program to be delivered through a grant application. The service is delivered through both NCHC and City of Wausau Transit. The Wisconsin Department of Transportation provides for financial assistance to deliver the program.

^Wis. Stat. § 51.44 indicates that each county board of supervisors shall designate the appropriate county department under s. 46.21, 46.23 or 51.437, the local health department of the county or another entity as the local lead agency to provide early intervention services. This chapter goes on to read that the department (the state) shall promulgate rules for the statewide implementation of the program. North Central Health Care currently delivers this program through a contract with Marathon County Special Education, which is located on the Lake View Drive Campus.

SOLID WASTE DEPARTMENT					
Service Mandated (Yes/No) Statutory Authority					
Solid Waste Management Operations	110	Wis. Stat. § 59.70(2)(a) and Chs. 144 & 159			

Additional Information:

Counties are not mandated to directly provide Solid Waste management and recycling services; however, counties are permitted to engage in these activities, which can provide substantial benefits to local municipalities and residents. Should a county elect to provide said services it becomes subject to a wide variety of state and federal regulations (e.g., air permit, wetland management, engineering, gas management, and groundwater testing).

In addition to solid waste management and site operational programs, Marathon County Solid Waste Department provides a number of related services, including but not limited to Household Hazardous Waste Collection and Management; Agricultural Plastics Recycling, Home Composting, Street Sweeping exemption, Medication Drop Box and Sharps Management, and Municipal Recycling education).

Marathon County has a contractual obligation to provide landfill capacity and disposal to Shawano and Portage Counties through 2032. Marathon County also recently entered into a Gas Purchase Agreement and corresponding site lease with a third party relating to the processing and conversion of landfill gas into energy.

RESOLUTION #R-31-24

Authorizing Participation in the Uniquely Wisconsin Tourism Campaign and Amending the 2024 Budget

WHEREAS, during the COVID-19 pandemic, tourism was an area that was adversely affected as fewer people traveled; and

WHEREAS, as a result the Wisconsin Counties Association (WCA) has initiated a "Uniquely Wisconsin" tourism campaign in partnership with Discover Wisconsin to highlight interesting facts about Wisconsin to begin to attract tourists back to Wisconsin counties; and

WHEREAS, in addition to potential full-length Discover Wisconsin episodes, the campaign included social media, television network commercials, podcasts, WCA publications, and more; and

WHEREAS, interested counties were asked to participate with an investment of \$60,000 each, in anticipation that up to 20 counties would choose to participate, creating a \$1.2 million campaign; and

WHEREAS, prior to the pandemic, in 2019, Marathon County had tourism expenditures of \$258.1 million and Marathon County has historically ranked near the top 10 in total tourism expenditures for counties statewide; and

WHEREAS, the American Rescue Plan Act (ARPA) includes aid to the tourism industry as an allowable use of funds; and

WHEREAS, Marathon County's participation in the campaign in 2022-23 was successful, resulting in the creation of considerable content highlighting Marathon County as a tourism destination and resulting in one of the Marathon County episodes being awarded a Midwest Regional Emmy award; and

WHEREAS, participating in the 2024-25 campaign would allow Marathon County to promote tourism at a lower cost than engaging with Discover Wisconsin in its own campaign, particularly given that Visit Wausau, the local Convention & Visitor's Bureau, has again expressed a willingness to contribute \$10,000 to this campaign, while partnering with other counties to maximize exposure and leverage a unique marketing opportunity while also supporting the overall growth of tourism spending within the State.

NOW, THEREFORE, BE IT RESOLVED, that the Marathon County Board of Supervisors authorizes participation in the Uniquely Wisconsin tourism campaign at a commitment of no greater than \$50,000 using American Rescue Plan Act (ARPA) funding.

BE IT FURTHER RESOLVED, that the County Administrator is empowered to further engage the local Convention & Visitors Bureau to partner in the development of the campaign.

BE IT FURTHER RESOLVED, that the Board authorizes the amendment of the 2024 budget to provide the necessary funding for participation in the program.

FISCAL NOTE:

These payments will be funded by no more than \$50,000 from Marathon County's ARPA allocation.

LEGAL NOTE:

The County Board is authorized to take this action pursuant to §§ 59.01 and 59.51, Wis. Stats. As an amendment to the adopted 2024 County Budget, this Resolution requires a 2/3 vote of the entire membership of the County Board pursuant to § 65.90(5)(a), Wis. Stats.

1.51(7) Conduit financing. Conduit financing is debt issued by Marathon County to finance a project of a non-County third party. The County may sponsor conduit financing for those activities (economic and industrial development, health facilities, the arts, etc.) that have a general public purpose and are consistent with the County's overall goals. Unless a compelling public policy rationale exists, such conduit financing will not in any way pledge the County's full faith and credit. The County prior to the approval of such financing may review information regarding the financial feasibility of the project and financial capacity of the entity.

Draft for discussion and feedback

1.51(7) Conduit financing. Conduit financing is debt issued by Marathon County to finance a project of a non-County third party. The County may sponsor conduit financing for those activities (economic and industrial development, health facilities, the arts, etc.) as permitted by law, including requests for (a) Industrial Development Revenue Bonding, under section 66.1103 of the Wisconsin Statutes, or its successor; (b) Requests for consent for financing to be procured through the Public Finance Authority; and (c) Requests for Conduit Financing under the county's general obligation debt capacity. Unless a compelling public policy rationale exists, the county will not support financing for a project that would in any way constitute indedtedness of the county or constitute a charge against the county's general credit or taxing powers or a pecuniary liability of the county. Upon receiving a request for conduit financing, the County Board Chairperson shall appoint a Taskforce to consider the request and offer recommendations relative to the request, consistent with the following terms:

A. Purpose. To review requests for conduit financing received by Marathon County government and analyze the request in light of the applicable state laws and county ordinances and policies before making formal recommendations regarding how to proceed to the Board of Supervisors.

B. Membership. A total of five members, consisting of a representative from the Extension, Education, & Economic Development Committee, or its successor; a representative from the two other standing committees that the Chairperson finds to be most interested in the project given its nature; a county board supervisor representing the jurisdiction in which the project is proposed to be located; and the President/CEO of the Greater Wausau Region Chamber of Commerce. In appointing the membership for the Taskforce, the Chairperson of the Board shall appoint a Taskforce Chair and Vice-Chair.

C. Term. The timeframe in which each taskforce shall complete its work and deliver its formal recommendations to the County Board of Supervisors shall be specified within

the authorizing resolution considered by the Board of Supervisors; however, all members shall be appointed to serve a term of no longer than one-year, unless otherwise specified by the Board of Supervisors.

- D. Duties and Responsibilities. Each taskforce created by the County Board of Supervisors, pursuant to this section, shall, in addition to other specific duties provided for within the respective authorizing resolution, perform the following:
 - 1. Review requests for conduit financing received by Marathon County and deliver a recommendation to the Board of Supervisors relative to whether to provide approval for the conduit financing sought.
 - 2. Provide formal recommendations relative to financial and non-financial conditions that the Board of Supervisors should require in consideration of conferring conduit financing authority to ensure that the county's health, general welfare, and safety of residents and guests and its financial and natural resources are duly protected.

NOTE: while this ordinance is binding with respect to the requirement of the Chairperson to offer appointments for a taskforce upon receiving a request for conduit financing, it does not bind the Board of Supervisors to authorize the formal creation of a taskforce proposed under this subsection.
