**AGENDA SUMMARY**

**4A1. Discussion and Possible Action Approving the 2025-2026 Parks and Recreation Facility and Program Fee Schedule**

The proposed 2025 – 2026 Facility and Program Fee schedule is enclosed for your review. Approval of the fees is recommended at this time to set the shelter rates for the following year. This allows our department to allow users to reserve shelters 12 months in advance.

Staff is recommending adjustments to the fees that include a 3% increase to most fees including the shelter fees (2025 & 2026), no new fees have been added at this time. The fees that need approval are highlighted in yellow and are recommended by staff. The increases proposed are to keep in line with CPI increases and the increased departmental staffing and equipment costs.

**4A2. Discussion and Possible Action Intergovernmental Agreement to Provide Park Services for the City of Wausau**

In 1974 pursuant to Wisconsin Statute 27.075(1), the City delegated authority, through a resolution, to the County to govern, control, improve, and care for public parks, parkways, boulevards and pleasure drives. The County accepted this delegation through a resolution. Through these resolutions the City dissolved their parks program, transferring all employees and equipment to the County and both the City and the County abolished their respective park commissions/committees and formed that Park Commission. The Park Commission was established to assume the powers and duties of both the City and the County.

Wisconsin Statute 27.075(4) also states that the City may enter into necessary contracts with the County, and appropriate money to pay the County for the reasonable expenses incurred in rendering the park services assumed. To date there has not been a formal contract for services. The County has managed and maintained the City parks based on the stipulations laid out in each resolution and the City has appropriated funds for these services based on the same stipulations of each resolution. In 1992 the previous Parks, Recreation & Forestry Director developed a draft contract that was never presented to either entity.

The proposed intergovernmental agreement documents the way that the County and the City have been operating for the past 50 years to effectively and efficiently manage the city and county park systems. The agreement identifies all of the resolutions that have set the framework of operations as well as details the current practices in place for operation and for funding staff, equipment, and improvements to the park system. The agreement does not include any changes to current operations but rather sets clear expectations of what the City expects of the County. Ultimately the City Council controls the funding that is allocated for the park operations, maintenance and improvements and therefore dictates the services expected with the funding provided. If the agreement is not approved, operations will continue as they are today based on past practice and the direction provided within the past resolutions. If at any time the City or County wishes to terminate the agreement of park governance by the County, the notice must be in writing with no less than 12 months' notice.

On June 3, 2024, the Parks Committee moved 4-1, to accept the Intergovernmental Agreement to Provide Park Services for the City of Wausau contract and move it on to the Finance Committee and City Council. Staff is providing the Commission with a copy of the final draft agreement. The Intergovernmental Agreement also needs the approval of the Marathon County Board.

The Park Commission is asked to recommend to the County Board approval of the Intergovernmental Agreement as Presented.

**1. Call to Order** – Seefeldt called the Park Commission meeting to order at 10:00 am. Official notice and the agenda for the meeting was posted publicly in accordance with the State statutes.

**2. Public Comment** – none brought forward.

**3. Approval of the Minutes of the July 2, 2024 Park Commission Meeting – Motion** by Maszk, second by Larson to approve the July 2, 2024 meeting minutes. Motion **carried** by voice vote, vote reflected as 4-0.

**4. Policy Issues for Discussion and Committee Determination**

**A. Discussion and Possible Action by Committee**

1. Meeting Locations – Staff suggests that the monthly meeting rotate between a City location and a County location due to the Park Commission being a City/County Commission. Members preferred that all meetings remain at the current location due to ease of access and parking. **Motion** by Larson, second by Freese to keep all meetings at the 212 River Drive location. Motion **carried** by voice vote, vote reflected as 4-0.

2. October Camping in Marathon Park – Marathon Park has been pre-registration only beginning in 2024. With the change to the pre-registration only, the infrastructure for self-registration has been removed to avoid confusion. With the self-registration infrastructure being removed, we either have to continue with pre-registration only in Marathon Park for the month of October or close the campground as of September 30<sup>th</sup>. **Motion** by Larson, second by Maszk to extend pre-registration through month of October at Marathon Park. Motion **carried** by voice vote, vote reflected as 4-0.

3. 2024 Deer Hunt in Big Eau Pleine – At the July Park Commission meeting members moved to hold another hunt in Big Eau Pleine County Park in 2024. Polley reached out to Brandon Stefanski from the DNR who felt if reducing the herd is the goal then the best chance of getting the most deer harvested is to have it open to those with a general hunting license. Polley said a hunt can also be done by special permit which could be through a lottery or application. A certain number of tags would be given out, and an ordinance change would be required. There is an option to receive more tags if needed. Stefanski recommended that that if there were no user conflicts he would keep it the same as last year and express the need for people to reply with their harvest numbers. Commission members expressed interest in keeping it the same as last year.

4. YMCA Temporary Usage of Yawkey Park – Polley explained that the YMCA will be improving their downtown location by increasing the square footage of the Landing and adding a walkway across 3<sup>rd</sup> Street. To do this work their current childcare play area will be impacted requiring them to find another location. The YMCA is required to have an outdoor play area as a licensed childcare facility. The YMCA is requesting the temporary use of a portion of Yawkey Park for the childcare play area. The space needed is 1,890 sq. ft. so they can meet the licensing code. Their request is to begin using it in August through the conclusion of the project. They are flexible on the location. **Motion** by Larson, second by Freese to allow the YMCA temporary usage of Yawkey Park. Motion **carried** by voice vote, vote reflected as 4-0.

5. Riverlife Wharf Water Update and Plan – Staff has been asked to look into why the water has never been connected to the drinking fountain and shower at the Riverlife Wharf. What staff knows is that Miron constructed the Wharf and was responsible for the water to the shower and water fountain. Miron ran a water lateral and a sewer lateral to the wharf to serve it. Nearing the completion of the project Miron was not able to get a pressure test on the water line that was underneath the concrete poured for the wharf. Miron attempted to fix the leak over the next year but could not isolate the leak and the issue was ongoing but under the warranty and Miron was responsible for the fix. Then entered

the developer who came onto the vacant lot and began to dig the basement. They hit the water and sewer line and actually pulled out the water line from under the concrete. Miron then said it was no longer their responsibility since the developer broke the line somewhere under the wharf concrete. We were attempting to work with the developer to fix the line with Miron. The developer pulled off the site and the City was left with a fountain and shower with no water and an undetermined sewer lateral. Parks, Engineering and Water Department staff met at the Wharf this past week and determined that there are multiple breaks in the water line and the condition of the unconnected sewer lateral is unknown. The amount of work could be extensive to find all the breaks and also to determine what, if anything, is remaining of each line. It is the plan that when the vacant site adjacent to the wharf is developed that the city work with the developer to connect a new water and sewer line. In the meantime, staff is recommending we relocate the fountain to a location north along the trail and remove the shower tower. Questions were answered. **Motion** by Larson, second by Maszk to relocate the fountain and close off the shower tower. Motion **carried** by voice vote, vote reflected as 4-0.

**WHEREAS**, Wisconsin Statute Section 27.075(1) permits a County to exercise all powers of a local, legislative, and administrative character for the purpose of governing, managing, controlling, improving and caring for public parks, parkways, boulevards and pleasure drives within a city upon the request of that city as evidenced by a resolution adopted by a majority vote of the members-elect of the governing body of the city and County. Wis. Stat. § 27.075(4) permits the county and requesting city to enter into necessary contracts relative to these duties; and

The first department administrator position was created and hired in 1926; and

**WHEREAS**, In 1971, a County-City Study Committee was created to study the organization of the Wausau Park Board and the Marathon County Park Commission for the purpose of combining these commissions into a single unit. As a result of these studies, per City of Wausau Resolution 71-0550 (Oct. 31, 1974) and COUNTY resolution R-69-74, the City of Wausau (hereinafter "CITY"), delegated to Marathon County (hereinafter "COUNTY") the authority to govern, manage, control, improve, and care for public parks, parkways, boulevards, and pleasure drives within CITY and contracted with the COUNTY for the provision of all CITY park operations, including sharing the cost of staffing and equipment. Under CITY Resolution 71-0550 and COUNTY Resolution R-69-74, a Park Commission was formed as the governing body of the City and County Parks. COUNTY Resolution #R-54-92 further clarified the CITY and COUNTY Park Governance structure of the Park Commission; and

**WHEREAS**, Under CITY Resolution #80332 and COUNTY resolution R-30-83, the CITY and COUNTY agreed that enforcement authority for City Park rules and ordinances would be delegated to COUNTY. Ordinances for the CITY and COUNTY parks were thereafter mirrored.
