

MARATHON COUNTY EXTENSION, EDUCATION AND ECONOMIC DEVELOPMENT COMMITTEE AGENDA

Date & Time of Meeting: **Thursday, June 1, 2023, at 3:00pm**

Meeting Location: **Courthouse Assembly Room, Courthouse, 500 Forest Street, Wausau WI 54403**

Committee Members: Rick Seefeldt, Chair; Becky Buch, Vice-Chair; Bobby Niemeyer, Crystal Bushman
Kim Ungerer, David Baker, Tom Rosenberg

Marathon County Mission Statement: Marathon County Government serves people by leading, coordinating, and providing county, regional, and statewide initiatives. It directly or in cooperation with other public and private partners provides services and creates opportunities that make Marathon County and the surrounding area a preferred place to live, work, visit, and do business. (Last updated: 12-20-05)

Committee Mission Statement: Provide the leadership for implementation of the Strategic Plan, monitoring outcomes, reviewing, and recommending to the County Board all policies related to educational and economic development initiatives of Marathon County.

Persons wishing to attend the meeting by phone may call into the **telephone conference beginning five (5) minutes prior to the start time indicated above using the following number:**

Phone#: 1-408-418-9388 Access Code: 146 235 4571

When you enter the telephone conference, **PLEASE PUT YOUR PHONE ON MUTE!**

The meeting will also be broadcasted on Public Access or at <https://tinyurl.com/MarathonCountyBoard>

MARATHON COUNTY EXTENSION, EDUCATION & ECONOMIC DEVELOPMENT COMMITTEE AGENDA WITH MINUTES

Date & Time of Meeting: **Thursday, May 4, 2023 at 3:00pm**

Meeting Location: **Courthouse Assembly Room, Courthouse, 500 Forest Street, Wausau WI 54403**

Rick Seefeldt	Present
Becky Buch	Present
David Baker	WebEx
Bobby Niemeyer	WebEx
Tom Rosenberg	Present
Kim Ungerer	Present
Crystal Bushman	WebEx

Staff Present: Administrator Lance Leonhard, Supervisor Kurt Gibbs, Jeremy Solin, Leah Giodano, Dr Ozalle Toms, Janell Wehr, and Supervisor Robinsin WebEx

Others Present:

1. **Call Meeting to Order** – Chair Seefeldt called the meeting to order at 3:00 p.m.
2. **Pledge of Allegiance**
3. **Public Comment:** None
4. **Approval of the April 6, 2023, Extension, Education & Economic Development Committee Meeting Minutes** - Motion by Robinson, Second by Ungerer to approve the minutes. Motion carried on voice vote, unanimously.
5. **Policy Issues Discussion and Potential Committee Determination**
 - A. Discussion regarding 2024 Annual Budget and policy recommendations from the committee
Supervisor Robinson gave an overview on the approach to the Budget asking committees to look at the documents presented. He talked about what is mandated and what is not. He asked the committee to look at programs to see if they feel some should be discontinued or if they wanted to add any new programs. Administrator Leonhard added he'd like the committee to look at the services we deliver in the terms of time, quality, target population and cost.
 1. Review of Mandatory / Discretionary Program document.
 2. Review of Rates and Fees document.
 3. Review of 5-Year Departmental Expense/Levy document. Discussion was had on all 3 agenda items. Questions were asked and answered.
6. **Operational Functions Required by Statute, Ordinance, Resolution, or Policy:** None
7. **Educational Presentations and Committee Discussion**
 - A. MCDEVCO's Monthly Report: The report can be found in the packet. Kimm Weber was unable to make the meeting to give the report in person.
 - B. Library Monthly Report: Leah Giordano talked about the happenings at the library and summer programs.
 - C. UW-Extension Monthly Report: Jeremy Solin gave the report for the UW-Extension. Janelle Wehr from the Extension talked about the Horticulture programs that they are involved with in the community.
 - D. UWSP-Wausau Report: Dr Ozalle Toms stated that the enrollment for the next school year is up. She also talked about reaching out to students who were close to graduating and asking them to come back. Dr. Toms also mentioned the summer school program they are offering for children in grades K-6.
8. **Next Meeting Date & Time, Announcements and Future Agenda Items**
 - A. Committee members are asked to bring ideas for future discussion.
 - B. Next meeting: Thursday, June 1, 2023, at 3:00pm
9. **Adjournment**

Motion by Buch, Second by Rosenberg to adjourn. Motion Carried on voice vote, unanimously.
Meeting adjourned at 4:05 p.m.

Custodian of personnel records*	Yes	Wis. Stat. § 19.21
Training of employees	Yes/No	State and Federal laws do have specific training (initial/ongoing) requirements for various positions; however, general employee training and development is not mandated.
IDEAS Academy training delivery and coordination (continuous improvement)	No	

Additional information:

* The requirements set forth in federal and state law pertaining to the human resource functions are not statutory requirements of the Human Resources Department, but rather counties in general. In Marathon County, Human Resources performs these functions.

CITY-COUNTY INFORMATION TECHNOLOGY

Service	Mandated (Yes/No)	Statutory Authority
Hardware and Software procurement coordination and management	No	
Network Administration and Management (including Information Security and WCAN)	No	
Provide records retention for electronic data and communications	Yes	Wis. Stat. § 19.21
Provide and maintain telephone system for County	No	
Technical Support for public website	No	
Software training	No	
Helpdesk and PC Support	No	
Broadband Taskforce Support	No	

Additional information:

- The Intergovernmental Agreement creating CCITC provides that members' respective budgetary allocations for technology support are determined by the CCITC Board.

FINANCE

Service	Mandated (Yes/No)	Statutory Authority
Accounting*	Yes*	Wis. Stat. § 59.61
Payroll*	Yes*	Wis. Stat. § 59.52(10)
Financial Reporting*	Yes*	Wis. Stat. §§ 59.61 & 59.65
Accounts Payable*	Yes*	Wis. Stat. § 59.61
Auditing*	Yes*	Wis. Stat. § 59.47(2)
Assist with CIP and Operating Budget Preparation, Submittal and Ongoing monitoring*	Yes*	Wis. Stat. § 59.60(4)(a)-(c)
ERP System Technical Support	No	
Investment Policy management	No	Wis. Stat. § 66.0603 (1m)
Cash Reconciliation	No	
Director serves as Tax Increment Financing Review Board representative for County	Yes/No	§ 66.1105 requires a county representative; however, it is not required to be the Finance Director.

Additional information: The requirements set forth in Wis. Stat. Ch. 59 pertaining to the Finance Department are not statutory requirements of the Finance Department, but rather counties in general. Marathon County has chosen to deliver these services through a Finance Department; however, the Department itself is not statutorily mandated.

TREASURER		
Service	Mandated (Yes/No)	Statutory Authority
Collection of property tax, including: payment of taxes, settlement of taxes, adjustment of taxes, collection of delinquent taxes, issuance of tax certificates, and management of tax software	Yes	Wis. Stat. 59.25(3) & 74.07
Delinquent Tax Parcel Payment Agreement program	No	
Maintenance of ownership and description of all real property parcels in the county. Coordination of real property parcel information in the county for use by municipal clerks and treasurers, county offices, title and mortgage companies, district assessors, and the public. Coordination between county and taxation districts for assessment and taxation purposes, including coordination of computer services for same. Preparation and printing of tax bills, tax rolls and assessment rolls for all municipalities. *	Yes	Wis. Stat. 59.72, 70.09 & 74
Receipt all county monies	Yes	Wis. Stat. 59.25(3)
Disbursement of all county payments	Yes	Wis. Stat. 59.25(3)
Implementation of tax deed and/or foreclosures	Yes	Wis. Stat. 75
Administrative duties, such as receipt of all forms	Yes	Wis. Stat. 59.25(3), 59.52(4) & 59.66
Management of unclaimed funds including receipt of monies and publication	Yes	Wis. Stat. 59.66
Banking and internal revenue processing	Yes	Wis. Stat. 59.25(3)
Completion of tax roll	Yes	Wis. Stat. 59.25(3)(e)

Management of lottery credit program including settlement preparation and payments	Yes	Wis. Stat. 79.10(5)-(11) Wis. Adm. Code Ch. 20
------------------------------------------------------------------------------------	-----	---------------------------------------------------

Additional Information: *These duties are referenced within § 70.09, as duties that may be delegated to a Real Property Lister (RPL). The RPL position (together with a Geographical Information System position) was transferred to the Conservation, Planning & Zoning (CPZ) Department. CPZ is coordinating the above-mentioned activities; however, the funding for said activities will be transferred from the Treasurer’s budget, the Treasurer’s Office has historically been responsible for the roll preparation, balancing, and printing processes. These processes are foundational to the issuance of tax bills.

Facilities & Capital Management Department		
Service	Mandated (Yes/No)	Statutory Authority
Day-to-Day Maintenance of County Buildings	Yes*	Wis. Stat. § 101.11
Emergency On-Call program	Yes*	Wis. Stat. § 101.11
Day-to-Day Custodial Services of County Buildings (including garbage contract management)	No*	
Capital Improvement Program – Administration (develop all architecture, design, and engineering bids, RFPs, and contracts in accordance with state law and ordinance)	Yes/No	§ 59.52(29) provides for specific processes for public works. Local ordinance sets additional procurement procedures.
Capital Improvement Program – Development	No	
Capital Improvement Program – Implementation & Project Management Oversight	No	
Issuance of Keys and ID Badges	No	County Policy
Oversee Specific Equipment Certification & Inspection Program (Fire, Boiler, Sprinkler, Elevator, etc.)	Yes	Wis. Admin. Code Chapters SPS 364, 365
HVAC Services (Controls Building Automation & HVAC)*	No	

Maintain Department Records Retention*	Yes	Chapter 19 of State Statutes
Pest Control Program	No	
Inter-Office Courier Service	No	
Lake View Drive Campus parking lot and grounds maintenance	Yes	Wis. Stat. § 101.11
Conference Room Reservation and Management	No	
<p>Additional information:</p> <p>Specific services levels regarding facility condition and repair are not frequently mandated: however, absent properly maintained facilities, other departments would be unable to deliver their mandated services. A number of areas have significant health & safety requirements relative to facilities (most notably the North Central Health Care Center campus and our jail and secure detention). In the absence of specific regulation, Wisconsin's "safe place statute" would require reasonable care.</p>		

REGISTER OF DEEDS

Constituent Assistance – Termination of Interest form completion	No	
Perform notarial acts as requested	No	
Genealogy and general constituent assistance	No	

Additional information:

HEALTH DEPARTMENT		
Service	Mandated (Yes/No)	Statutory Authority
Local Health Department	Yes	Wis. Stat. § 251.02(1) (see below)
Prenatal Home Visiting Programming: Nurse Family Partnership and Prenatal Care Coordination. Programs support expected outcomes in the Community Health Improvement Plan.	No	
Restaurant and Licensure Activities:	No	<p>Level III Health Department Requirement: Can be performed by the state, however, there is an associated cost and inspections may not happen on a yearly basis.</p> <p>The State prefers local communities provide this program as we can provide a more efficient service.</p> <p>Our health department level would need to be adjusted to a level II to cease this service</p>
Water Testing Lab	No	Supported by fees and can be performed by local or state resources, however, drawbacks may be cost and timely response.
Children and Youth with Special Health Care Needs (CYSHCN)	No	Fully grant funded program that assists families with resources for special health care needs.

Additional information: the following is a summary of focus areas of public health departments:

Community Health Improvement Plan and the Community Health Assessment; communicable disease surveillance, investigation, and control; maternal child health, environmental health, chronic disease, and injuries; and birth to three.

Wis. Stat. § 251.02(1) indicates in counties with a population of less than 500,000, unless a county board establishes a city-county health department under sub. (1m) jointly with the governing body of a city or establishes a multiple county health department under sub. (3) in conjunction with another county, the county board shall establish a single county health department, which shall meet the requirements of this chapter. The county health department shall serve all areas of the county that are not served by a city health department that was established prior to January 1, 1994, by a town or village health department established under sub. (3m), or by a multiple municipal local health department established under sub. (3r) or by a city-city health department established under sub. (3t). No governing body of a city may establish a city health department after January 1, 1994.

Wis. Stat. § 250.03 (1) (L) provides that the department (the state) shall perform or facilitate the performance of all of the following services and functions:

1. Monitor the health status of populations to identify and solve community health problems.
2. Investigate and diagnose community health problems and health hazards.
3. Inform and educate individuals about health issues.
4. Mobilize public and private sector collaboration and action to identify and solve health problems.
5. Develop policies, plans, and programs that support individual and community health efforts.
6. Enforce statutes and rules that protect health and ensure safety.
7. Link individuals to needed personal health services.
8. Assure a competent public health workforce.
9. Evaluate effectiveness, accessibility, and quality of personal and population-based health services.
10. Provide research to develop insights into and innovative solutions for health problems.

State DHS facilitates the performance of these services through the delivery of services/programs by Marathon County Health Department. The state conducts periodic reviews to ensure compliance. The public health department also meets the requirements of Wisconsin State Statutes, chapter 250-255.

Required services of local health departments are further explained by Chapter DHS 140, which lists the requirements for the level of health department.

Level I health departments must provide the following:

- Surveillance and investigation of local health issues
- Communicable disease control including education, monitoring, and prevention
- Chronic disease prevention
- Human health hazard control
- Policy and planning support
- Leadership and organizational competency regarding health issues to local partners and stakeholders
- Public Health nursing services

Level II health departments must comply with the requirements for a level I while also providing:

- Support and leadership to address community needs
- Evaluating health services
- Annual performance evaluations
- Quality Improvement activities

Level III health departments must comply with the requirements for a level I, II and III, which also includes:

- Data collection
- Providing public health expertise to local government stakeholders
- Identify and address population health issues
- Establish and implement an environmental health program
- Quality Improvement activities on individual and department levels
- Evaluation of collaborative efforts to assess, develop services

For the full list, please see DHS Chapter 140.

The Children First Grant - developed to provide employment and job search services for noncustodial parents (NCPs) who are not paying child support due to being unemployed or underemployed.	No	Wis. Stats. §49.36 and §767.55

Additional information:

Child Welfare Division

Summary of services provided in Children Services includes: child protection access, assessment and ongoing services; youth justice intake and ongoing services; emergency on-call services; Coordinated Family Services (CFS), Children's Long Term Support (CLTS) waivers, Family Centered Treatment (FCT), Comprehensive Community Services (CCS) and assessment/referral. As well as stepparent adoptions, day care certifications, foster parent licensing, independent living services and purchased services (foster care, short term shelter care, kinship care, group home, residential care, corrections, secure custody, etc..).

Wis. Stat. Ch. 48 is the Children's Code and Wis. Stat. Ch. 938 is the Juvenile Justice Code.

Wis. Stat. § 48.56 requires each county having a population of less than 500,000 shall provide child welfare services through its county department. Each county department shall employ personnel who devote all or part of their time to child welfare services. Whenever possible, these personnel shall be social workers certified under Ch. 457.

Wis. Stat. § 48.57 (1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for child welfare purposes by the county board of supervisors or by the legislature, which may be donated by individuals or private organizations or which may be otherwise provided.

Wis. Stat. § 938.57(1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for juvenile welfare purposes by the county board of supervisors or donated by individuals or private organizations.

Wis. Stat. § 51.437 indicates that the county board of supervisors has the primary governmental responsibility for the well-being of those developmentally disabled citizens residing within its county and the families of the developmentally disabled insofar as the usual resultant family stresses bear on the well-being of the developmentally disabled citizen. This primary governmental responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds.

Wis. Stat. § 46.272 governs the Children's Community Options Program. This statutory section requires the department to establish a children's community options program with the main purpose of providing a coordinated approach to supporting families who have a child with a disability. Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Children's Long-Term Support (CLTS) waivers provide the county access to State and Federal funding to serve the health and safety needs of children in the County. In many instances, these health and safety needs would otherwise be funded solely through local tax levy funding.

Income Maintenance Division

Wis. Stat. § 16.27 (4) indicates that a household may apply after September 30 and before May 16 of any year for heating assistance from the county department under s. 46.215 (1) (n) or 46.22 (1) (b) 4m. a. to e. or from another local governmental agency or a private nonprofit organization. Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. § 49.155 (3) the county department or agency with which the department contracts under sub. (1m) to determine eligibility in a particular geographic region or for a particular Indian tribal unit shall administer child care assistance in that geographic region or for that tribal unit. Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. Ch. 49-Income Maintenance Administration. We are part of a 4 county consortium that administers medical assistance and FoodShare. The county opted to be part of this consortium, but could decide not to provide direct administration of these programs and services; however, the county would still be required to contribute local funding (tax levy) to the consortium for direct operational costs. Administration of child care assistance, as well as, program integrity, fraud and overpayment recovery efforts are also consolidated within the 10 county consortium to further increase accuracy, consistency and efficiency in the administration of these public benefits

Additional information:

- Marking and maintenance of county highways is mandated; however, service levels are generally non-mandated. Levels of service with respect to county staff activities on the state roadway system are dictated by the State of Wisconsin.

EMERGENCY MANAGEMENT		
Service	Mandated (Yes/No)	Statutory Authority
Develop, adopt and implement an Emergency Management Plan & Program that is compatible with state plan of emergency management	Yes	Wis. Stat. § 323.14(1)(a)(1) Wis. Stat. 323.15(1)(a)
Coordinate information related to the Local Emergency Planning Committee	Yes	Wis. Stat. § 59.54(8), 323.60(2)(f), 323.60(3)
Provide assistance in developing hazardous response plans under EPCRA	Yes	Wis. Stat. § 323.60(3)(a)
Each County Board shall designate a head of Emergency Management	Yes	Wis. Stat. 323.14(1)(a)2
Each County Board shall designate a committee of the board as a county emergency management committee (e.g. LEPC)	Yes	Wis. Stat. 323.14(1)(a)(3)
The emergency management plans shall require the use of the incident command system by all emergency response agencies, including local health departments, during a state of emergency declared under 323.10 or 323.11	Yes	Wis. Stat. 323.15(1)(a)
Emergency Operations Center – maintenance responsibility	No	Our local plans task Emergency Management with this responsibility
The head of Emergency Management for each county shall coordinate and assist in developing city, village, and town emergency management plans within the county, integrate the plans with the county plan, advise the department of military affairs of all emergency management planning in the county and submit	Yes	Wis. Stat. 323.15(1)(b)

to the adjutant general the reports that he or she requires, direct, and coordinate emergency management activities throughout the county during a state of emergency, and direct countywide emergency management training programs and exercises.		
Assist local units of government and law enforcement agencies in responding to disaster.	*No, activity is permitted	Wis. Stat. § 323.14(3)(b)
Provide the WEM Administrator with a written notice of intent to apply for the Wisconsin Disaster Fund (WDF) within 30 days of a disaster.	Yes	WEM 7.04(2)
Disaster Assessment, Response, and Reimbursement – submits documentation to WEM as required relative to state and federal disaster programs.	Yes	Wis. Stat. § 323.30 & 31
Implement the local emergency response plan upon notification of the release of a hazardous substance.	Yes	Wis. Stat. 323.60(3)(a)

Additional information:
Many of the activities undertaken by Emergency Management address the issues of legal standards of care and due diligence in providing and meeting public expectations for public safety. Grant funding for the Emergency Management Office requires specific Plan of Work responsibilities that if left undone would jeopardize revenue.

Federal Regulations: 42 USC 1100-11050: Superfund Amendments & Reauthorization Act Title III, Emergency Planning and Community Right to Know Act: 29 CFR 1910 & 40 CFR 311, Robert T Stafford Act

Additional Information: Veterans Service Office is mandated to advise veterans and their spouses/dependents on all programs/benefits for which they may be entitled.

CENTRAL WISCONSIN AIRPORT		
Service	Mandated (Yes/No)	Statutory Authority
Airport operations	No	Wis. Stat. § 66.0301

Additional Information: Counties are not mandated to provide regional airport services. Marathon County joined with Portage County to form Central Wisconsin Airport (CWA). However, once the determination is made to operate such a facility, the operator is subject to numerous federal and state regulations. Moreover, because the CWA has accepted federal funds (e.g., FAA funding) throughout its history, any determination relative to continued operations is subject to considerable regulation. CWA is overseen, pursuant to the intergovernmental agreement between Portage and Marathon counties by the Central Wisconsin Airport Board.

LIBRARY		
Service	Mandated (Yes/No)	Statutory Authority
LIBRARY SITES – (Athens, Edgar, Hatley, Marathon City, Mosinee, Rothschild, Stratford, Spencer, Wausau)	No*	Wis. Stat. § 43.11, 12

Additional Information:

*Counties are not mandated to directly operate library facilities. However, in the event that a county does not directly provide library facilities, the county is required by statute to provide funding for the operations of public libraries within the county, and public libraries in adjacent counties, that serve county residents. Specific information regarding these funding obligations are set forth in section 43.12 of the Wisconsin Statutes. Payments made pursuant to § 43.12 or funds necessary to directly provide county library services under Chapter 43 of the statutes are exempt from Wisconsin levy limits.

Services and materials offered by Marathon County Public Library include, but are not limited to, the following: Books and audiobooks, DVDs and video games, magazines and newspapers, eBook and eAudio collections available through digital access.

Programming including: educational classes and workshops, crafting events, music and theatre performances, movie screenings, story times, experts, authors and other speakers to lead lectures, presentations and workshops on a number of subjects; additional services at varying locations including study and meeting rooms, passport services, computers and internet access, copy/print/fax services, notary public, and material delivery for homebound patrons.

MCPL is a member of and the resource library for the Wisconsin Valley Library Service and a participant in the V-Cat consortium and the Wisconsin Public Library Consortium.

AGING & DISABILITY RESOURCE CENTER OF CENTRAL WISCONSIN		
Service	Mandated (Yes/No)	Statutory Authority
Aging Services	No	Wis. Stat. §§ 46.80, 46.82
Resource Center	No	Wis. Stat. § 46.283

Additional information: Marathon County summary of services provided in the ADRC includes: information and assistance, elderly and disability benefit services, adult protective services, nutrition services, dementia care specialist, volunteer program services, and caregiver support and respite services.

Wis. Stat. § 46.80 – The department's primary responsibility to elderly persons is to assure that all elderly and disabled persons have available and accessible a continuum of care or a wide range of community and supportive services so that they may remain in their homes and neighborhoods for as long as it is possible. The department shall be the mechanism by which governmental and nongovernmental agencies may coordinate their policies, plans and activities with regard to the aging.

Wis. Stat. § 46.82 identifies that a county board of supervisors of a county, the county boards of supervisors of 2 or more contiguous counties or an elected tribal governing body of a federally recognized American Indian tribe or band in this state may choose to administer, at the county or tribal level, programs for older individuals. Chapter 46.80 indicates that the department shall divide the state into distinct planning and service areas and designate a public or private nonprofit agency or organization as the area agency on aging for each planning and service area and we are the designated public agency.

Wis. Stat. § 46.283 identifies that a county board of supervisors may decide to apply to the department for a contract to operate a resource center.

The intergovernmental agreement creating the ADRC-CW provides that the funding allocation from each of the counties cannot be modified without the agreement of each of the county members (Langlade, Lincoln, Marathon, and Wood).

NCHC – Core Programs

Service	Mandated (Yes/No)	Statutory Authority
Behavioral Health Hospital, Community Mental Health, Developmental Disabilities, Substance Use Disorder	Yes	Wis. Stat. § 51.42
Community Support Programs	Yes	Wis. Stat. § 51.421
Care and Custody	Yes	Wis. Stat. § 51.22
Crisis Stabilization Services	No	Wis. Stat. § 51.15; 51.42
Protective Services and Placement	Yes	Wis. Stat. § 55.02
Elder Adult at Risk Agency	Yes	Wis. Stat. § 46.90
Comprehensive Community Services	No	Wis. Stat. § 49.45(30e) (6) Wis. Stat. § 51.42 (7) (6)

Additional Information: On behalf of Marathon County, North Central Health Care delivers services including, but not limited to, alcohol and other drug abuse outpatient services, mental health outpatient services, emergency services, adult protection services, adult community support services, comprehensive community service, psychiatrist and psychologist services, crisis, residential, inpatient, and hospitalization services.

Wis. Stat. § 51.42 identifies that the county board of supervisors has the primary responsibility for the well-being, treatment and care of the mentally ill, developmentally disabled, alcoholic and other drug dependent citizens residing within its county and for ensuring that those individuals in need of such emergency services found within its county receive immediate emergency services. This primary responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds. While counties are not directly mandated to provide crisis stabilization facilities, counties are required to provide care in the least restrictive form necessary. Stabilization facilities serve as a less-restrictive, less costly form of care for individuals discharging from an inpatient setting or as an alternative to an inpatient setting.

Wis. Stat. § 51.42(3) permits a county to meet its obligation through the creation of a multi-county community services program.

Wis. Stat. § 51.421 indicates that if funds are provided, and within the limits of the availability of funds provided under s. 51.423 (2), each county department under s. 51.42 shall establish a community support program. Each community support program shall use a coordinated case management system and shall provide or assure access to services for persons with serious

and persistent mental illness who reside within the community. Services provided or coordinated through a community support program shall include assessment, diagnosis, identification of persons in need of services, case management, crisis intervention, psychiatric treatment including medication supervision, counseling and psychotherapy, activities of daily living, psychosocial rehabilitation which may include services provided by day treatment programs, client advocacy including assistance in applying for any financial support for which the client may be eligible, residential services and recreational activities. Services shall be provided to an individual based upon his or her treatment and psychosocial rehabilitation needs.

Wis. Stat. § 51.22 indicates that except as provided in s. 51.20 (13) (a) 4. or 5., any person committed under this chapter shall be committed to the county department under s. 51.42 or 51.437 serving the person's county of residence, and such county department shall authorize placement of the person in an appropriate facility for care, custody and treatment. The county will incur the cost of these placements if it is not billable to insurance or the consumer.

Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Comprehensive Community Services (CCS) is intended to assist individuals of all ages who are in need of ongoing services for mental illness, substance abuse disorder, or dual diagnosis beyond occasional outpatient care, but less than the intensive care provided in an inpatient setting. While CCS is not a mandated program, county-based governmental entities are the only entity in the state that can be certified.

Wis. Stat. § 55.02 identifies that the chairperson of each county board of supervisors shall designate a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437 that is providing services in the county on its own or through a joint mechanism with another county department or county to have the responsibility for planning for the provision of protective services and protective placement and for directly providing protective services.

Wis. Stat. § 46.90 requires that each county board shall designate an agency in the county as the elder-adult-at-risk agency. "Elder-adult-at-risk agency" means the agency designated by the county board of supervisors under sub. (2) to receive, respond to, and investigate reports of abuse, neglect, self-neglect, and financial exploitation under sub. (4).

NCHC – OTHER PROGRAMS

Service	Mandated (Yes/No)	Statutory Authority
Mount View Care Nursing Home* (Skilled Nursing, Rehabilitation, Dementia Care, Ventilator care)	No	
Adult Day Services	No	
Housing Programs (Group Homes, CBRFs, Riverview Terrace support)	No	
Hope House (Sober Living)	No	
Aquatic Therapy Pool	No	
Demand Transportation – 85.21	No	Wis. Stat. § 85.21
Early Intervention Services (Birth to Three)^	Yes	Wis. Stat. § 51.44

Additional information:

*There is no state statute that mandates a county must own or operate a nursing home, adult day services, housing programs, sober living, or aquatic therapy pool. However, should the county undertake these activities, each program area is subject to significant regulation, including through the acceptance of various funding streams (e.g., medicare/Medicaid).

Wis. Stat. § 85.21 The purpose of this section is to promote the general public health and welfare by providing financial assistance to counties providing transportation services for elderly and disabled persons, and to thereby improve and promote the maintenance of human dignity and self-sufficiency by affording the benefits of transportation services to those people who would not otherwise have an available or accessible method of transportation. The County Board of Supervisors annually authorizes this program to be delivered through a grant application. The service is delivered through both NCHC and City of Wausau Transit. The Wisconsin Department of Transportation provides for financial assistance to deliver the program.

^Wis. Stat. § 51.44 indicates that each county board of supervisors shall designate the appropriate county department under s. 46.21, 46.23 or 51.437, the local health department of the county or another entity as the local lead agency to provide early intervention services. This chapter goes on to read that the department (the state) shall promulgate rules for the statewide implementation of the program. North Central Health Care currently delivers this program through a contract with Marathon County Special Education, which is located on the Lake View Drive Campus.

SOLID WASTE DEPARTMENT

Service	Mandated (Yes/No)	Statutory Authority
Solid Waste Management Operations	No	Wis. Stat. § 59.70(2)(a) and Chs. 144 & 159

Additional Information:

Counties are not mandated to directly provide Solid Waste management and recycling services; however, counties are permitted to engage in these activities, which can provide substantial benefits to local municipalities and residents. Should a county elect to provide said services it becomes subject to a wide variety of state and federal regulations (e.g., air permit, wetland management, engineering, gas management, and groundwater testing).

In addition to solid waste management and site operational programs, Marathon County Solid Waste Department provides a number of related services, including but not limited to Household Hazardous Waste Collection and Management; Agricultural Plastics Recycling, Home Composting, Street Sweeping exemption, Medication Drop Box and Sharps Management, and Municipal Recycling education).

Marathon County has a contractual obligation to provide landfill capacity and disposal to Shawano and Portage Counties through 2032. Marathon County also recently entered into a Gas Purchase Agreement and corresponding site lease with a third party relating to the processing and conversion of landfill gas into energy.

Tax Increment Financing Evaluation

Review current TIF Law and policies.

- Background
- Purpose
- Allowable activities
- Changes over time
- What are the benefits of TIDs
- What issues or concerns are there over the use of TIDs
- How are the various taxing entities treated after a TID is created
- What is the role and authority of the Joint Review Board
- What role do county's play in TID formation in other states

Evaluate the status of Tax Increment Districts (TID) in Marathon County:

- Number of TIDs
- Base Valuation
- Increase in valuation
- Purpose of the TID
- Year created
- Number of Plan amendments
- Purpose of amendments
- Number of TIDs extended beyond initial dates
- Number of overlapping TIDs
- Impacts of TIDs on Marathon County's budget
- Number of donor TIDs
- Impact of donor TIDs on county
- How is the "but for" requirement evaluated
- What is the impact of TIDs on the average homeowner

Policy Issues

- Who should represent Marathon County on the Joint Review Board
- What role should the county have in:
 - Extensions of TID timeline
 - Exceedance of valuation limits
 - Use of donor TIDs
- Recommendations for changes to TIF law

ORDINANCE #O-__-23

CREATION OF MARATHON COUNTY TAX INCREMENTAL FINANCING (TIF) TASK FORCE

WHEREAS, Section 2.01(12)(e) of the Marathon County General Code of Ordinances allows the Marathon County Board of Supervisors to create task forces at the request of standing committees. Task forces are defined as workgroups appointed to address specific issues within a specific period of time and are formally constituted subgroups of the Marathon County Board of Supervisors; and

WHEREAS, Wisconsin law allows towns, villages, and cities to utilize tax incremental financing through the creation of tax incremental districts (TID) that permit the local municipality to fund infrastructure and other improvements through property tax revenue generated on newly developed property within those TIDs; and

WHEREAS, the use of TIDs by local municipalities has an impact on the collection of property taxes both on the initiating local municipality as well as the county where the municipality is located; and

WHEREAS, the Human Resources, Finance and Property Committee has established as a part of its committee workplan a review of TID law, procedure, and protocol to identify the benefits and issues related to the use of TIDs within Marathon County. Specifically, the Human Resources, Finance and Property Committee is interested in reviewing the background and purpose behind TID laws, identifying allowable activities related to the use of TIDs, and examining the benefits and issues relative to the use of TIDs. The Committee also is interested in understanding how various taxing entities are treated after a TID is created, identifying the role of the County and the Joint Review Board, and evaluating the status of existing TIDs in Marathon County; and

WHEREAS, on May 12, 2023, the Human Resources, Finance and Property Committee forwarded to the Executive Committee for its review a proposed ordinance for creation of a Tax Incremental Financing (TIF) Task Force. Pursuant to the proposed ordinance, the TIF Task Force review existing TIF and TID law and policies, evaluate the status of existing TIDs in Marathon County, and make recommendations to the County Board relative to representation of the County on the Joint Review Board, the role of the County in extensions of TID timelines, exceedances of TID valuation limits, and use of donor TIDs, and recommendations for changes to TIF and TID laws; and

WHEREAS, on June 8, 2023, the Executive Committee recommended creation of a TIF Task Force and approval of the attached amendment to Section 2.05 of the Marathon County General Code incorporating the duties, purpose, and membership of the task force into the Marathon County Code; and

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Marathon does hereby ordain as follows:

1. To create a Tax Incremental Financing (TIF) Task Force as a formally constituted subunit of the Marathon County Board of Supervisors;
2. To amend Section 2.05 of the Marathon County General Code by creating a new subsection (14) as outlined in the attached document.

BE IT FURTHER RESOLVED that this ordinance shall take effect upon passage and publication as required by law.

Dated the 20th day of June, 2023.

HUMAN RESOURCES, FINANCE AND PROPERTY COMMITTEE

EXECUTIVE COMMITTEE

_____	_____
_____	_____
_____	_____

Fiscal Impact: None. The task force creation and code amendment have no fiscal impact.

Legal Note: Passage of this item by the County Board will require a 2/3 majority vote of members present.

NEWLY CREATED SECTION 2.05(14) – MARATHON COUNTY GENERAL CODE

2.05(14) *Tax Incremental Financing (TIF) Task Force.*

- (a) *Reporting Relationship:* Human Resources, Finance and Property Committee.
- (b) *Mission/purpose:* The purpose of this task force is to review existing tax incremental financing (TIF) and tax incremental district (TID) law and analyze Marathon County’s current role in existing and proposed TID development and utilization with the goal of making recommendations to the Marathon County Board of Supervisors as to policies and processes that the County may pursue in relation to existing and proposed TIDs.
- (c) *Statutory Responsibilities:* None.
- (d) *Membership:* 9 members, including 5 county board members, 2 local elected officials, 1 representative from local taxing districts, and 1 business community representative
- (e) *Member terms:* Appointments to this task force shall be for terms concurrent with the term of the County Board of Supervisors during which the appointment occurs.
- (f) *Duties and Responsibilities:* The TIF Task Force shall have the following duties and responsibilities:
 - 1. To review current TIF and TID law and policies, including a review of the background, purpose, allowable activities, changes, benefits, issues, and concerns relative to the use of TIDs in Marathon County.
 - 2. To identify how various taxing entities are treated after a TID is created.
 - 3. To develop an understanding of the role and authority of the Joint Review Board as to TIF and TID usage.
 - 4. To research the role of counties in the formation of TIDs in other jurisdictions.
 - 5. To evaluate the status of TIDs in Marathon County, including the number, valuation, purpose, creation year, number of plan amendments, purpose of amendments, extensions, and overlapping districts of existing TIDs.
 - 6. To identify the impacts of TIDs on Marathon County’s budget and the impact of TIDs on the average Marathon County homeowner.
 - 7. To make policy recommendations to be considered by the County Board of Supervisors relative to representation of the County on the Joint Review Board; the role of the County in extensions of TID timelines, exceedance of valuation limits, and use of donor TIDs; and recommendations to the State Legislature as to changes in TIF and TID laws.
- (g) *Timeline and Expectations:*
 - 1. By December 31, 2023, report to the County Board of Supervisors in the form of an educational presentation regarding current TIF and TID law and policies.
 - 2. By March 31, 2024, present proposed policy changes to the Marathon County Board of Supervisors for consideration.

Monthly Summary of the Marathon County Public Library for the Marathon County Extension, Education, and Economic Development Committee

For June 1, 2023 EEEDC Meeting

New Sorter Installed

Our new materials sorter is installed and operational! This was a big project that took many months to complete and required coordination between MCPL, CCITC, Facilities, WVLS, and Lyngsoe/Envisionware. The project was completed on schedule, with only a couple minor network hiccups that were easily remedied along the way. Compared to our old sorter, the new device is smaller, faster, quieter, more energy efficient, simpler to configure, quicker to repair, gentler on the library materials, and (most useful of all) has an additional bin that allows it to do a finer-grained sort! We expect it will serve the library well for a decade or more.

Strategic Plan Proposal Overview

In response to the request for proposals posted throughout the month of March, we received a total of four strategic planning consultant proposals. Of those four, the top two were selected by our review

committee for interviews. Interviews were held in mid-April, and after discussion, a top choice was selected that we feel best meets the culture and hopes for the library's strategic plan. That recommendation was presented to the Library Board at May's meeting for discussion and possible action.

Library Services

In April, Library Services focused on making and fostering community connections. Adult Services continued to offer social hour programs in the Wausau Community Room; the goal of these programs is to give people the opportunity to make new friends and socialize in person. The social hour programs held in the afternoon seem the most popular with our community, and we look forward to seeing this new program grow. Other popular adult programming this month included our virtual gardening series, hosted by Extension Marathon County. Despite the cold April weather, the promise of spring is near and our community is ready to garden! In April, we also worked with the Women's Community to set up a month-long book display to mark Sexual Assault Awareness and Child Abuse Prevention Month. We were honored to partner with the Women's Community during this important month.

Our Youth Services staff continued to provide story times throughout April; attendance continues to rise across all youth in-person programs, and we are thrilled to see familiar faces every week! April was also a busy month for our LENA program. We support the LENA organization and are thrilled with the outcome; our commitment to early literacy shines through the dedicated parents who attend classes at the library each week. Youth Services staff also held outreach story times at St. Michael's preschool and welcomed Head Start classes to the library for special story times. Other popular events included a bunnies and chicks program with our 4H partners, a grab and go stamp craft, and, as always, Pokémon Club. April book displays in the Youth Services department included spring, laugh out loud picture books, and Earth Day.

As the cherry on top of our month of fostering community connections, Katelyn attended the Wisconsin Association of Public Libraries Conference in Oshkosh, WI. Katelyn had the opportunity to network with other public library professionals, and attend conference sessions on everything from children's programming trends to strengthening management skills.

Branches

Book Club and Story Time continue to grow in popularity at many of our locations. Patrons have also visited our locations for a variety of craft days, Lego events, and school visits. Creative book displays were featured at all locations including ones like "Rainy Day Reads," "Minions of books, so little time (display complete with reading minions from the Despicable Me)," "Midwest Foraging," "Play Ball!" and "April Showers, Read for Hours."

Our Hatley branch held an introduction to composting program in April. It was a huge success! We had 6 participants pre-registered with us and ended up with a total of 13 people showing up. Everyone loved

learning more about the composting process, materials and methods, using the compost and other options for managing yard trimmings and food scraps.

In Mosinee, class visits with the Mosinee area second grade classes started back up for the first time since the pandemic started. We had a total of 70 children and adults learn all about the Mosinee Branch Library and how to use their new cards.

The Stratford branch received great new toys for our children's area on April 26, which has already brought much delight to our small patrons. An attractive and sturdy shelf was also purchased for various displays, including the Summer Library Program.

Spencer had two well attended adult programs in April. In "So, What's Happening in Spencer?" the Village Administrator talked about municipal updates and then Shawn Bauer spoke about statistics from the 2022 year with the police in Spencer. The branch also hosted a "Spring Bell Choir Concert". The Spencer High School is one of the few schools in the state that has a program for hand bells. They played a variety of music ranging from the theme from The Phantom of the Opera to "It's A Small, Small World."

A historical window restoration expert visited our Mosinee branch on the 21st to review the current state of our windows in preparation for a restoration project intended to be completed by the city this fall.

Interviews for the open branch assistant position in Edgar were held on April 13th. Christina H. was hired for this position and began orientation on May 1st. We are very excited to welcome her to the team!

*We teach, learn, lead, and serve,
connecting people with the University of Wisconsin, and engaging with
them in transforming lives and communities.*

4-H – Positive Youth Development

Holly Luerssen, 4-H Program Educator

Jasmine Carbajal, 4-H Associate Educator

- A gardening activity for Marathon County 4-H youth, where participants potted up annual flowers and learned how to care for the plants over the growing season. This effort was designed to cultivate science literacy skills in Marathon County youth.
- A hands on activity with multiple area Cub Scout packs, where participants learned the benefits of pollinators while making seed bombs. This effort was designed to cultivate science literacy skills in Marathon County youth.
- A series of three virtual trainings for adult advisors preparing for Summer Academy, focusing on policies and procedures to keep youth safe while in custodial care on the Madison campus.
- A camp staff training program for 4-H youth in grades 8-13 and adults where participants received training in leadership, creating welcoming environments, & providing purposeful youth development programming. Through the training they become intentional, safe, and effective leaders for the Lincoln, Marathon, and Wood 4-H Summer Camp.
- A partnership between Marathon County 4-H and Wausau School District's Growing Great Minds (G2M) program has been growing since 2022. The goal of the program is to expose local youth in elementary school to various organizations in their community and different program areas. During this particular session, 4-H associate educator Jasmine Carbajal, led a group of five youth in learning the basics of engineering and construction. Youth brainstormed what they thought makes a tower/building strong. The participants constructed towers with spaghetti and marshmallows emphasizing the need for a strong base and practicing their creativity.
- A local Boy Scout den leader reached out to 4-H associate educator, Jasmine Carbajal, to ask for her help in teaching four Boy Scout members about the basics of food safety (Clean, Separate, Cook, Chill), basic kitchen skills like knife safety, and cooked a meal to practice common cooking methods (boiling, sauteing, baking, simmering, foil-cooking, and caramelizing). 75% of participants reported learning something new. 100% of participants tried something new. All the participants agreed and strongly agreed that they would apply what they learned in their life. Three of the participants found the information useful. When asked what specific thing the youth learned in this activity that they would use/again they said caramelize fruit/pears and make rice.
- A Marathon County 4-H Leader expressed her passion for sewing and wanted to lead a sewing workshop to get more youth involved in sewing. 4-H associate educator, Jasmine Carbajal, was able to set up the Sewing Basics workshop at a local high school thanks to her partnership with the Family and Consumer Sciences. This partnership allowed for having a larger number of participants since the classroom had ten sewing machines available. Ten youth registered and nine youth showed up. Out of the nine youth, eight of them self-identified as Latinx. The Latinx families that participated were very grateful that their children could learn a very important life skill such as sewing and that they felt welcomed. All participants made simple coasters to practice basic sewing stitches and they learned the basics of a sewing machine.

- A science-learning day (Science Expeditions) where 4-H youth from Lincoln, Marathon, and Wood counties visited UW-Madison and increased their knowledge through hands-on science, technology, engineering, and math activities. The goal was for youth to increase their interest in STEM, learn from college students and staff, and experience a college campus.

Agriculture

Heather Schlessor, Dairy Agent

Heather spent time this past month preparing her new lab space for her upcoming research projects. Starting July 1st Heather will collect blood and milk samples for two research projects. In the first project, Heather measures the serum total protein of calves aged 1 – 7 days. The goal of the project is to determine if there are differences in colostrum feeding practices between heifer, bull, and crossbred calves. In the second project, Heather will collect milk samples from all four quarters to determine the presence or absence of *Prototheca Bovis*. *Prototheca Bovis* is an alga recently found to cause mastitis in bovines. However, due to its slow-growing nature, it has previously been undiagnosed. Heather will utilize special agar that inhibits other mastitis pathogens from growing and optimizes the growth of *Prototheca Bovis*.

Heather is wrapping up her survey of veterinarians and farmers regarding their use of nonsteroidal anti-inflammatory drugs for pain management in cattle.

Heather is still collecting surveys on the educational needs of QuickBooks users. The second mailing of a paper survey was just completed. Surveys also went out via social media and county/ state newsletters.

Lastly, Heather recently completed another Artificial Insemination Course. While most participants were from Marathon, Clark, and Taylor Counties, we also had a few from southern Wisconsin and Illinois.

- Compromised Cattle Care and Euthanasia Training for UW-Madison agriculture research station staff.
- A study to better understand the prevalence of *Prototheca Bovis* Mastitis on dairy farms in Wisconsin. Results from this study will help Extension Educators provide tailored education to the farmers of Wisconsin on this type of mastitis.
- A study to better understand when veterinarians prescribe pain medications to cattle. Results from this study will help Extension educators tailor their educational efforts to the needs of veterinarians.
- A study to better understand how farmers utilize pain management drugs in their cattle. Results from this study will help Extension educators better understand how farmers decide to use pain management drugs and help them to tailor their educational efforts around farmers' needs.
- A study to better understand farmers' educational needs regarding using QuickBooks. Results from this study will help Extension educators tailor their QuickBooks training to the needs of QuickBooks users.

Extension

UNIVERSITY OF WISCONSIN-MADISON
MARATHON COUNTY

May 2023 Report

FoodWise

Mallory McGivern, FoodWise Administrator

FoodWise is hoping to hire a new full-time Marathon County Nutrition Educator, and in the meantime, Nutrition Educators from other counties have pitched in to support scheduled programming in Marathon County. In April, Portage County Educator Penny Schmitt taught a class featuring whole grains and label reading. Wood County Educator Hannah Wendels and Clark County Educator Thalia Mauer came to Marathon County to teach the nutrition education Healthy Eating Series offered to SNAP-eligible residents in May.

Participants learned about healthy lifestyle choices, food preparation, food safety, food resource management and physical activity. The focus of May's class was healthy drinks and education around sugar consumption. The goal of the series is to improve healthy eating and physical activity habits for Marathon County residents.

- A nutrition education series in Marathon County utilizing the Feeding for Healthy Eating curriculum for adults with young children as part of the Children's Wisconsin LEAP (Learning Essentials about Parenting) program where they learn about incorporating healthy eating habits into the family routine, including family meals and eating more fruits and vegetables. The goal of this effort is to encourage healthy eating behaviors at home.
- A monthly nutrition education series offered to SNAP-eligible residents, where participants learn healthy lifestyle choices, food preparation, food safety, food resource management and physical activity. The goal of the series is to improve healthy eating and physical activity habits for Marathon County residents.

Horticulture

Janell Wehr, Horticulture Educator

Gaining Ground is a therapeutic horticulture program in conjunction with ATTIC Services community service and drug court in Marathon County. Participants with court mandated community service hours garden Sunday mornings throughout the growing season. The season started with the transplanting of the fruit trees at Thomas and Grand to two city parks. Five plums were moved to Pleasant View Park, while 14 apples, pears, and cherries were transplanted at 3M park where they will continue to provide fresh and free fruit for local neighborhoods.

Other Gaining Ground projects for this season include:

- Women's transitional sober living home on 3rd Street. We will continue vocational training as the participants work to enhance the landscaping with perennial and annuals, as well as vegetable raised bed production in two beds.
- ATTIC Services. We will continue to improve the meditation garden as well as grow plants for cut flower production.
- Weston YMCA Community Garden. We will work in these gardens as needed for vegetable production. All harvested plants will be donated to area food pantries.

The Teaching Garden at 212 River Drive will be utilized by a therapeutic horticulture Hmong domestic survivor support group. Participants will utilize the garden, planting and harvesting culturally significant herbs and crops. This group meets monthly, but participants are free to utilize the garden space through the growing season.

- A therapeutic horticulture class (Growing blueberries in containers???) for community members aged 55+ at the Woodson YMCA The Landing, where participants learned raspberry cultivation techniques, including cultivar selection, planting, and maintenance, supporting lifelong learning, healthy wellbeing, and positive socialization.
- A therapeutic horticulture program (Spices of Life) for the general public in conjunction with grief counselors from Wausau Area Funeral Care, where participants learned herb seed starting techniques, supporting positive socialization, and increasing optimism in grieving residents in the Wausau area.
- A presentation (A Berry Good Time!), for the general public hosted by Mosinee School District Community Education, where participants learned raspberry cultivation techniques, including cultivar selection, planting, and maintenance. This effort is designed to increase knowledge of resources to encourage home gardeners' success.
- A presentation (Growing veggies in containers) for the general public hosted by the Marathon County Public Library-Hatley Branch, where participants learned container cultivation techniques, including cultivar selection, planting and maintenance. This effort is designed to increase knowledge of resources to encourage home gardeners' success.
- A presentation (A Berry Good Time!), for the general public hosted by the Marathon County Public Library-Wausau Branch, where participants learned raspberry cultivation techniques, including cultivar selection, planting and maintenance. This effort is designed to increase knowledge of resources to encourage home gardeners' success.
- A gardening activity for Marathon County 4-H youth, where participants potted up annual flowers and learned how to care for the plants over the growing season. This effort was designed to cultivate science literacy skills in Marathon County youth.
- A therapeutic horticulture lesson for Hmong women from the Women's Community (serving survivors of domestic violence), where participants learned how to grow new plants from purchased culturally relevant fresh herbs which supported the learning about propagating healthy plants while supporting positive mental well-being, and positive socialization.
- A presentation for members of the Longfellow neighborhood in Wausau, where residents learned of community science opportunities to learn about and become involved in invasive species management. This effort was designed to increase knowledge of resources available to home gardeners.
- A therapeutic horticulture class (Growing veggies in containers) for community members aged 55+ at the YMCA aquatic center in Mosinee, where participants learned container cultivation techniques, including cultivar selection, planting and maintenance, supporting lifelong learning, healthy wellbeing, and positive socialization.
- A weekly therapeutic gardening program for individuals with court mandated community service where participants develop vocational skills including a foundation in IPM to increase employability and reduce recidivism in Marathon County.
- A hands on activity with multiple area Cub Scout packs, where participants learned the benefits of pollinators while making seed bombs. This effort was designed to cultivate science literacy skills in Marathon County youth.
- A 5 session after school program (Sprout Squad) hosted by Wausau School District G2M at Lincoln School, where 2-3rd grade students learned the specific techniques for plant propagation. This effort was designed to cultivate science literacy skills in Marathon County youth.

Natural Resources

Kris Tiles, NRI Program Manager

Anna James, Regional Natural Resources Educator

- An in-person retreat for Wisconsin women woodland owners where attendees learned about various woodland management techniques and topics. The goal was to build the confidence of women landowners to make management decisions.
- An online Canvas course, "Your Land, Your Legacy", for private woodland owners, using a combination of asynchronous and synchronous learning tools, to guide families through the legacy planning process for their woodlands.

MCDEVCO, Inc. – May 2023 Report

GAP FINANCING

MCDEVCO continues to work with businesses throughout Marathon County to provide *GAP* financing.

COVID-19 GRANTS

MCDEVCO administrated the Marathon County Microbusiness Grant.

- Total Amount of \$5,000.00 Grants Disbursed (as of May 18, 2023): 42
- Total Amount Disbursed to Marathon County Businesses (as of May 18, 2023): \$210,000.00

ENTREPRENEURIAL DEVELOPMENT

2023 PROGRAMMING:

- **March 14, 2023:** Business Start Up Information Session hosted by MCDEVCO.
- **March 28, 2023:** MCDEVCO *GAP* Financing Information Session for Financial Institutions.
- **March 29, 2023:** MCDEVCO led an entrepreneurship segment with the DC Everest Youth Entrepreneurs.
- **April 4, 2023 & April 11, 2023:** Strategic Planning Workshop hosted by MCDEVCO.
- **April 20, 2023:** MCDEVCO was present at the Chamber Expo.
- **April 26, 2023:** MCDEVCO was present at the CWIMMA Expo.
- **May 9, 2023:** *GAP* Financing Information Session was held for EEC Tenants looking to grow and evolve their business.
- **May 15, 2023:** MCDEVCO attended a Strategic Doing Workshop and led a table discussion surrounding Brainpower and Talent Development in our Region.
- **May 16, 2023:** Business Networking hosted by MCDEVCO.
- **May 23, 2023:** MCDEVCO will partner with the DC Everest Youth Entrepreneurs for a class visit.
- **June 21 & 28, 2023:** Quickbooks for Business hosted by MCDEVCO.
- **July 19, 2023:** Law Clinic hosted by MCDEVCO in partnership with UW Madison Law & Entrepreneurship Clinic.
- **July 24 & 31, 2023:** Marketing Workshop hosted by MCDEVCO.
- **September 12, 2023 through December 5, 2023:** *GEARS* Certificate of Entrepreneurial Excellence.

Municipalities

MCDEVCO hosts quarterly municipality meetings.

EEC Management

Occupancy Update:

- April 2023 Occupancy: 86%
- May 2023 Projected Occupancy: 87%

UW-MADISON EXTENSION

CONNECTING COMMUNITIES *with* THE UNIVERSITY OF WISCONSIN

Agriculture & Horticulture »

Our network of researchers, outreach specialists, and local educators are on the leading edge of creating practical solutions for livestock and crop production in addition to farm and labor management. We provide customized guidance, business planning assistance, and industry knowledge for what today's agricultural operators are facing.

Community & Economic Development »

Businesses, governments, and organizations succeed through development from Extension educators and specialists. We provide education for elected officials to understand their roles and responsibilities in helping communities thrive. We offer businesses the direct technical assistance and connection to support structures they need to help them succeed. Our rural entrepreneurship program identifies ways for businesses to overcome challenges and take advantage of unique opportunities.

Health & Well-Being »

We're supporting positive change for families through physical and mental health programs in addition to structural improvements needed to make the healthy choice the easy choice. Our physical fitness classes and mental health training equips people with the tools they need to lead healthy, active lives. We provide public health resources and tools for community action. We provide guidance on systems changes for food security and food access.

Families & Finances »

Reinforcing family connections, financial knowledge, and strong relationships is at the heart of Extension's programming. We support learning and emotional bonding by building literacy skills in justice-involved families. We guide community and individual development across lifespans. We teach financial security through rent planning and budget management.

Natural Resources & Conservation »

We work at the crossroads of communities, natural resources, and agriculture to protect our environmental assets and guide resource management. We support individual and regional water-well testing along with education to address safe drinking water. We educate farmers, businesses, and communities on safe practices to ensure access to plentiful, sustainably managed sources of food, water, and energy.

Positive Youth Development & 4-H »

Community-led 4-H programs deliver quality activities and leadership opportunities that are leading to engaged, energized, and informed young people across the state. 4-H is a movement — in Wisconsin, 98% of our 4-H members are inspired to make positive changes in their communities. They're developing leadership skills, building connections, and finding what topics spark their interest.

Horticulture

Janell Wehr, Horticulture Educator

Therapeutic Horticulture

The mental health crisis refers to the widespread burden of mental health problems and disorders that affect people, families, and communities around the world. These issues can significantly impact quality of life and lead to negative outcomes such as social isolation, difficulties functioning at work or school, and even an increased risk of premature death. There are various factors contributing to the crisis, including stigma surrounding mental illness, inadequate access to mental health care and support, and a lack of awareness about the importance of mental health and available resources. The COVID-19 pandemic has also exacerbated the mental health crisis, causing increased stress, anxiety, and other mental health problems for many people due to disruptions in daily life. Therapeutic gardening involves using gardening and plant-based activities as a form of treatment or rehabilitation for those with physical, mental, or emotional disabilities or challenges. Research shows that therapeutic gardening can improve mental health and well-being, reduce stress and anxiety, and provide a sense of purpose and accomplishment. It can also offer social support and opportunities for social interaction and connection with others. By providing access to therapeutic gardening programs, communities can address the mental health crisis and support individuals struggling with mental health issues.

Lifelong learning is beneficial for Marathon County's aging population because it supports overall cognitive function, sense of accomplishment and personal growth, positive social engagement that combats social isolation that is common in older adults and develops technology skills.

Horticulture

Therapeutic Gardening Program

Gaining Ground Garden is a therapeutic horticulture program that serves justice-involved individuals with court mandated community service hours and individuals within the drug court program. Participants gained basic horticulture skills that can translate into green industry vocations, while working through the UW-Madison Extension Health and Well-being Institute Behavioral Health Program curriculum, Highlights of Taking Care of You (adapted for justice involved audiences). The HTCY curriculum introduced participants to emotional regulation skills which they practiced while working in the gardens.

Participants shared that they were able to use these skills in difficult situations outside of Gaining Ground program time, in particular, responding rather than reacting during group therapy discussions. One participant shared how he looked

forward to caring for plants. "It's going to give me something to look forward to. Knowing that it's growing because I'm taking care of it. I'm going to remember my hands patting down the soil. It's going to give me something to think about, help me keep my mind off other things."

Projects in the 2022 growing season included maintaining the Extension Teaching Garden at 212 River Drive. The Gaining Ground crew also worked at the women's sober living home at 1311 3rd St, adding raised beds for vegetables, strawberries, and raspberries, a perennial herb garden, and improving the perennial beds in the landscape. Beds were also added to the ATTIC Services facilities for cut flower production in 2023. Participants reported 240 hours of community service through the Gaining Ground program in 2022.

Horticulture

Outreach Collaborations

Marathon County is facing environmental challenges including pollinator decline and environmental contamination & pollution due to overuse of horticulture chemicals. Proper pest management techniques can lead to less fertilizer and pesticide use leading to reduced likelihood for environmental contamination and pollution.

Public Outreach

 **Romaine Calm and Garden On** was a 12-session gardening series, designed to give beginning gardeners on a budget the skills they need to successfully grow fresh vegetables. Experienced gardeners also gained new perspectives to add to their toolkit of knowledge. This program was hosted by the Marathon County Library - Wausau Branch. 157 participants over 24 classes.

 **Mosinee Community Education** - Monthly evening programs to support environmental stewardship and community engagement. September-December.

 **Longfellow Neighborhood** - talk on sustainable lawns.

 **Answering Horticulture Inquiries** - using IPM framework which emphasize reducing chemical applications to when only necessary and general plant health.

- Coordinate Marathon County Diagnostic Team, composed of Master Gardener Volunteers. Support the volunteers through selection, orientation, training.
- Participated in the Wisconsin Horticulture Update, a series of weekly meetings for Master Gardener Volunteers to connect with county-based educators and state specialists to help ensure research-based guidance is provided to residents with gardening questions.
- At least 80 inquiries from Marathon County residents in 2022.
- Taught 12 week in person introductory horticulture course to potential Marathon County Master Gardener Volunteers. 7 participants.

Horticulture

Media Outreach

-  Media outreach through interviews for WAOW, Wausau City Pages, WPR Garden Talk with Larry Meillor, and WDLB in Marshfield.
-  The state level Social Media Team works together to provide timely and relevant information to gardeners through engaging and educational social media posts, using the Extension Horticulture Facebook and Instagram channels. The team also evaluates this effort using data from Meta and Google Analytics. Over the course of 2022, 102 posts were made to Facebook and Instagram to educate the public about timely and relevant horticulture topics throughout the year. Posts include educational information and links to articles on the Horticulture Topic Hub and upcoming events such as statewide webinars, classes, and activities (i.e., Pollinator Week).
-  Overall, from Facebook Meta Analytics, Facebook posts on the Extension Horticulture page reached 1,037,221 people with 10,772 engagements (combined total of link clicks, shares and comments). This is a significant increase from the previous year where there was little activity on the Extension Horticulture Facebook page. The majority of Facebook posts directed people to the Extension Horticulture Topic Hub website. Additionally, posts may direct people to other university-based information. Using Google Analytics for the Horticulture Topic Hub website, we had 15,696 users on the website from Facebook posts and activities and acquired 13,365 new users on the website.

Youth Outreach

-  Marathon County 4-H summer day camp for K-3. Marathon County youth in grades K-3 participated in a day camp and engaged in hands-on activities to learn about pollinators and the importance of them in our everyday lives.
-  Marathon County 4-H winter day camp. Youth engaged in African violet propagation workshops.

Health & Well-Being

Mallory McGivern, FoodWise Administrator

Healthy Choices, Healthy Lives

FoodWise is federally funded by the Supplemental Nutrition Assistance Program-Education (SNAP-Ed) and the Expanded Food and Nutrition Education Program (EFNEP). We advance healthy eating habits, active lifestyles, and healthy community environments for Wisconsin residents with limited incomes through nutrition education at the individual, community, and systems levels.

Community Impacts

Delivered nutrition education to 574 learners in a variety of settings (early care and education centers, K-12 school settings, food pantries, etc..).

“Share the Harvest” partnership with the Wausau Farmers Market gleaned over 4,000lbs of produce to be donated to local food pantries and residents at Riverview Towers subsidized housing.

FoodWise team volunteered with Marathon County Hunger Coalition members to harvest carrots donated from Red Door Family Farm. Over 1,000 lbs. of carrots were donated to The Neighbors' Place.

BY THE NUMBERS

38% of the population lives in census tracts that are low income & have low access to healthy foods.

32% of adults have obesity.

9% of individuals are food insecure.

19% of households receive SNAP benefits.

Health & Well-Being

Farmers Market Access

The Central Wisconsin farmers market promotion workgroup has completed the first year of research at 6 different Farmers Markets in Central Wisconsin, including Wausau, Stevens Point, Wisconsin Rapids, Marshfield, Waupaca and Rome. This \$200K, 2-year planning grant is engaged in researching and developing business plans that will support FoodShare/EBT access and improve both farmers profits and improve access for limited-resource audiences. The grant also hired a full-time Farmers Market Regional Coordinator as well as paid local interns from UWSP and UW-Madison to engage in research.

Culture and Nutrition

Gaonou Thao is a Nutrition Educator in Marathon County and teaches in a variety of settings in her community. In 2022, Gaonou worked to reach Hmong audiences with culturally relevant nutrition education surrounding whole grain options.

 Many Hmong households utilize white rice at mealtime, so Gaonou held many educational events about whole grains to follow MyPlate's recommendations of consuming half of your daily grains as whole grains.

 Community partners included the Hmong American Center, CAP Services, ADRC, the Women's Community and the Marathon County Hunger Coalition.

 After tasting different varieties of whole grains, such as quinoa, many participants stated that they were interested in swapping it with white rice in their meals to increase their intake of whole grains.

Agriculture

Heather Schlessor, Dairy Educator

Agriculture in Wisconsin

Wisconsin is home to 1.27 million cows. The dairy industry contributes \$45.6 billion annually to Wisconsin's economy. The feed mills, dairy equipment manufacturers and technicians, veterinarians, construction companies, genetics companies, milk haulers, dairy plants, and dairy software companies create a wave of economic impact that rolls across the entire state.

Dairying remains paramount to the success of agriculture in Wisconsin. Wisconsin's nearly 6,500 dairy operations ([DATCP](#)) housing 1.28 million dairy cows ([DATCP](#)) produce 30.73 billion pounds of milk annually ([WI Agriculture Statistics Service](#), 2020). A report from Dairy Farmers of Wisconsin shows milk production creates 154,000 jobs and \$1.26 billion in state and local taxes are generated.

The report titled "[The Contribution of Agriculture to the Wisconsin Economy](#)" is based on the most recent data available (2017) and updates research conducted every five years by UW—Madison under the direction of Professor Steven Deller at the Department of Agricultural and Applied Economics and Extension's Center for Community Economic Development. Total agricultural economic impact grew from \$88.3 billion to \$104.8 billion with dairy's impact growing to \$45.6 billion. The report reflects the importance of dairy in Wisconsin providing jobs and tax revenue to improve infrastructure such as roads, schools, and other public services.

"It is clear that agriculture - and particularly dairy - plays a critical role in Wisconsin's economy," says Deller, adding, "To put this in perspective, dairy's economic impact is twice that of another key growing industry, Wisconsin tourism. It also shows dairy is Wisconsin's signature industry and is central to our state's identity."

Dairy endured a five-year recession from 2015 to 2020, followed by two years of recovery/expected recovery. According to Mark Stephenson, UW-Madison Division of Extension, Director of Dairy Policy Analysis, [inflation in the dairy industry](#) has significantly increased input prices of virtually every aspect of the dairy, especially feed production. Milk prices are projected to be strong, however inputs will remain a focus of dairy farm viability.

The dairy industry is a dynamic industry, with new technologies and practices continuously being developed, allowing farmers to manage income and expenses with an ever-changing market. Dairy farmers face serious challenges to remain competitive, while maintaining farm economic viability, through productivity and efficiency, and environmental sustainability, while prioritizing wellbeing/welfare and food safety.

Planning Emergency Livestock Transportation Response (PELTR) Training

The purpose of this training is to increase the effectiveness of emergency planning and the preparedness of local emergency response agencies. Heather Schlessor worked with a team of extension educators to conduct three PELTR trainings around the state in 2022. 21 emergency

responders enrolled in the program and participated in two tabletop roadside incident exercises, and a walk-through and discussion of a multi-deck livestock trailer that is pulled by a semi-tractor. The post-training self-reported evaluation results were based on the 5-point Likert scale. The after session evaluation indicated a positive 1.35-point average change in the participants understanding of the topics discussed. The highest average change was 1.53 points, (2.55 before/4.07 after) occurring in their increased knowledge about how the design of livestock trailers may impact livestock extrication from a wrecked trailer. Take home messages from the participants include, "I had no idea trailers could be segmented even for cattle or hogs. From outside, I had seen the levels but never made a 'floor plan' so seeing the options was extremely eye opening."

Along with the PELTR courses held this year Heather Schlessor partnered with the District 8 Farm Bureau to offer a training to thirteen Emergency Medical Personnel to learn about basic animal behaviors and how to handle livestock in an emergencies. Participants learned how to corral loose cattle back to a holding pen. Practice moving cattle allows them to know how to react to emergency situations involving cattle. The post-training self-reported evaluation results were based on the 5-point Likert scale. The after session evaluation indicated a positive 1.25-point average change in the participants understanding of the topics discussed. The highest average change was 1.82 points, (1.45 before/3.27 after) occurring in their increased knowledge about how to handle swine. Take home messages from participants included, "the line of site for hogs is very low." "Although an emergency like this can arise, slow things down and remain calm with animals. Scene can be chaotic, and it is pivotal to work with farmers and handler to safely and quickly resolve the emergency together."

Farm Stress

Statewide Farm Stress Summit for agricultural professionals, health care workers, and mental health care workers. The goal of the Summit was to bring Community Partners together that are working with health care providers and Farmers to discuss resources and potential gaps in providing care to farmers relating to farm stress so that we can identify what gaps exist and how to fill these gaps with resources from across the state. This effort resulted in the creation of a [statewide resource map](#).

Reproductive Management

Over the past two decades, a reproduction revolution has occurred in the dairy industry that has led to dramatic increases in reproductive performance in high-producing cows including fertility programs and the high fertility of the cow. A consequence of increased reproductive performance was a concurrent increase in replacement heifer inventories which drove down replacement heifer values. Due to this increase in heifer inventory and a decrease in their subsequent value, producers have turned to breeding low producing cows to beef semen (creating beef x dairy crosses which have more value as meat animals). Beef semen has increased from 4% usage in 2017 to up to 27% in 2020 (P. Fricke, AgSource Data 2020). Beef semen sold to U.S. dairy farmers is up 21% over last year's 7.2 million units (Geiger, 2022, Hoards Dairyman Intel). These beef x dairy crossbred animals create a challenge for the finisher because of their phenotypic variability. To determine if there are phenotypic markers that can be utilized in 120 day old calves to predict future "beefiness", Heather Schlessler assisted with data collection of 91 animals on three farms.

Heather Schlessler worked with Taylor County Extension educator to teach the Artificial Insemination program as a hybrid course for convenience of the participants and to mitigate COVID concerns by limiting in-person contact time. Four hours of classroom time were taught over ZOOM for two evening sessions. Five hours of in-person activities were taught during two half-day sessions. Twenty-one individuals earned their certificate of completion while using the curriculum that is available in both English and Spanish. An 11% increase between Pre- and Post-tests of the material indicates successful student learning. Participants rated the value of the topics as 4.45 out of a possible 5 points. Written comments about the course included: "This class is great; worth every penny!"

Heather was selected to present about the Wisconsin based AI program at the October Chad Reid National Association of County Agricultural Agents Western Regional Professional Improvement Conference in Tucson, AZ. Heather discussed the impacts of the Wisconsin based artificial insemination program and shared how other educators could replicate the program in their state.

Heather has worked on creating instructional videos for dairy and beef farmers to aid in their artificial insemination programs. Videos completed in 2022 include, [reproductive anatomy of a dairy cow](#) and [pregnancy detection using calf bumping](#).

Agriculture

Additional Efforts in 2022

National Association of County Agricultural Agents conference was for Extension educators across the United States. Heather Schlessler and a colleague presented their bovine artificial insemination programming at the October 2022 Chad Reid National Association of County Agriculture Agents (NACAA) Western Regional Professional Improvement Conference in Tucson, AZ. Sixty-seven registered educators from 14 states participated in the conference and received the information about our WI program for teaching bovine artificial insemination. Educators discussed our program and compared ours to their artificial insemination programs, noting the similarities and differences. This feedback provides potential improvements for our course to improve breeding efforts for our Wisconsin producers. We both gained experience with presenting to a national audience of our peers.

Extension Central News is a newsletter for farmers and agribusiness professionals. Heather regularly contributes to this publication. Articles are focused on Dairy, Livestock, Crops and Soil, and Farm Management. The purpose of this effort is to work collaboratively to provide timely education for improving agricultural production with multiple county farmers and stakeholders. Each issue of Extension Central News reaches 4,152 county stakeholders. The newsletter is sent out quarterly.

Badger Dairy Insights is an online meeting series for farmers and dairy industry professionals. Participants learn the latest research and applications regarding: Calf care, Dairy Data Projects, Silage quality, the ins and outs of Cocktail Forage mixes for dairy rations, Managing heifer maturity pre and post breeding, and the randomness of reproduction. The goal of this effort was to increase knowledge of the latest UW-Madison research, and how farmers can implement changes to management practices. This effort reached 398 people across the state of Wisconsin.

Natural Resources

Kris Tiles, Natural Resources Program Manager

Farm Profitability Conference

Natural Resources (NRE) organized the second Central Wisconsin Farm Profitability Expo, to encourage profitable farming by building resiliency, diversifying farming operations, reducing inputs and increasing farmers' return on investment. The event was provided as a series of in-depth webinar topics. Overall, five topics were presented and the YouTube videos have over 1,800 views. <https://www.youtube.com/@centralwifarmprofitability9483>

Agronomist-Focused Regenerative Agricultural Workshop

The community-led watershed group, EPPIC (Eau Pleine Partnership for Integrated Conservation), conducts educational programming about agricultural Best Management Practices as part of their overall mission to improve water resources in the Big Eau Pleine. Extension assists with program planning and provides resources as needed. This was the first time addressing an agronomist audience. Sharing this information with EPPIC board members and partnering educators will increase the understanding of this audience's educational needs and will assist future program planning directed toward this audience.

Fenwood Creek Community Agricultural/ Natural Resources Needs Assessment Survey

This project engaged a needs assessment survey for communities within Fenwood Creek Watershed in collaboration with Marathon County Conservation Planning and Zoning, EPPIC, U-W Stevens Point Wausau Campus, and UniverCity. Extension served as an advisor for survey development, dissemination, and data collection/analysis. This data will be utilized to guide future programming around conservation Best Management Practices.

Learn About Your Land Classes for Woodland Owners

15 individual classes were held in conjunction with 6 counties around the state. 262 individuals attended these classes, which occurred virtually and in-person. Eighty-one percent of attendees reported that they had not attended an educational event about their woodlands in the past 5 years. In cooperation with DNR, all attendees were referred for a free walk-through and stewardship plan with a forester. Additional support for LAYL attendees included monthly blog posts, bi-weekly Facebook posts, and a monthly e-newsletter. 1060 people receive the newsletter (with a 51% open rate), and 856 people follow the Facebook page. Additionally, we are building engagement on Instagram (741 followers) and Twitter.

<http://www.woodlandinfo.org/>

Your Land, Your Legacy- Our first asynchronous succession planning class for woodland owners occurred in spring of 2022 with 14 participants representing 7 properties piloting the Canvas course. Evaluations are in progress and will be used to inform class changes, with a second cohort starting in 2023.

Additional Efforts in 2022

- 🌲 NREs built capacity of producer-led groups to improve water quality in key watersheds.
- 🌲 NREs conducted outreach events for producers and other agriculture professionals that encouraged use of conservation practices to build soil health and improve water quality.
- 🌲 NREs created a maple syrup program to support growth of syrup producers and sustainable management of maple in the state.
- 🌲 NREs facilitated sessions at the statewide 2022 Producer-led Conference where groups regionally shared their successes and challenges in order to learn from each other.
- 🌲 An NRE participated in the planning and evaluation of the Cover Crop Conference.
- 🌲 Radio presentations on Marshfield and Wisconsin Rapids stations about various conservation practices, resiliency in agricultural systems, and aquatic ecosystems.
- 🌲 A Wisconsin River clean-up event for Marathon County high schoolers, where Extension and other natural resource organizations provided water-focused, interactive learning stations to increase understanding of water resource concerns among members of the audience.
- 🌲 Planning for soil health events for South Central and North Central Region farmers and conservation staff in collaboration with The Farmers of Mill Creek, Farmers for Tomorrow, Central Wisconsin Farmers Collaborative, Eau Pleine Partnership for Integrated Conservation, Sauk Soil and Water Improvement Group, the Farmers of Lemonweir Valley, Producers of Lake Redstone, Farmers of the Roche-A-Cri, and the Lake Wisconsin Farmer Watershed Council. This effort resulted in handouts outlining producer-led group details and cost-share information.

Wisconsin 4-H

Holly Luerssen, 4-H Educator

Jasmine Carbajal, 4-H Educator

Multi-Cultural Education

Day of the Dead: A multi-organizational partnership was created between Hawthorn Hills Elementary School, Hmong Hispanic Communication Network, and Extension Marathon County to celebrate the holiday Day of the Dead during the school's monthly family night. Extension played a critical role not only with the promotional booth they set up, but also by contributing to the educational sessions. Marathon County 4-H contributed three interactive and fun stations to the event: a presentation that focused on the history of Day of the Dead and key components of the holiday, hands-on sugar skull painting, and the making of marigold flowers with tissue paper and pipe cleaners. The Extension booth had an interactive wheel where participants won a prize and learned about the various programs in Extension. The event was able to help with exposure of our services, and recruit future 4-H families in Marathon County. A total of 140 marathon county families attended and participated in the event.

Educational Partnerships

4-H Foodie was held on October 18th, 2022, in partnership with Edgar High School's Family and Consumer Science teacher, Mrs. Federwitz. Youth learned about the importance of reading a recipe, basic knife skills when cutting vegetables, and used naan bread to make a chicken flatbread. 4-H Foodie is a space that helps youth in Marathon County in 3rd grade and up build confidence when cooking in the kitchen and allows them to try new foods. Participants also learn to work in a team and meet new youth around them. 70% of youth on Oct. 18th reported meeting someone new at the session. One student stated that their favorite thing about the event was "making a new friend". Some other quotes related to the participant's favorite part of the class include: "My favorite thing was learning about a new type of bread...", "The ability to make it yourself", and "Making the food". This type of program also helps the Marathon County 4-H program with recruitment as the 4-H associate educator, Jasmine, received an email the next day from a parent that saw the pictures on social media and wondered how her own youth can join 4-H and participate in future 4-H programs.

Wisconsin 4-H

Local 4-H Programming

 **4-H Discovery Stations at the Wisconsin Valley Fair** was held on August 2-7, 2023. The 4-H Educators and 4-H Program Assistants provided 3-4 activity stations held 3 times each day to expose fair visitors to 4-H programs. Stations rotated so youth who came back each time had a different experience. Hands-on programs included string art, exploring geodes, making homemade butter, recognizing animal scat, learning about breeds of rabbits, and more. Over 700 youth participated in the Discovery Stations.

 **AmeriCorps 4-H Program Assistants** provided important programming in nontraditional ways over the last year. Our partnership with AmeriCorps has helped to provide additional programs which ignited a spark during the summer and fall of 2022. In turn the 4-H Educators provide professional development for the assistants which include diversity & inclusion, leadership, building safe spaces, curriculum building, and work-life balance.

- During the summer of 2022, three college students made 1200 connections through programs at Grow Great Minds Summer School Enrichment sites. Additionally, they held a Kids Summer Day camp attended by 31 5K-3rd grade youth and other 4-H programs. Each Summer Program Assistant provided 450 hours of service.
- During the fall and early winter of 2022, one college student created multiple educational connections through 4-H programs like Clover KaBoom, multiple 4-H Foodie classes, the day long 4-H Flake Out camp, and representing 4-H at After School programs. This AmeriCorps 4-H Program assistant will fill 1200 hours of service before August 12, 2023.

 **4-H Flake Out** day camp was held over winter break for youth in 5K-7th grade. The day-long program included 5 morning sessions and 4 afternoon sessions. Youth rotate to each hands-on session focused on a variety of programs from propagating African violets to making charcuterie boards to learning how to show model horses. Each participant participated in a service learning project making dog toys for the local humane society out of old t-shirts. Thirty youth attended the event. 81% of youth noted they learned something new. One youth noted he liked all the stations because he learned something new at every station. Another liking the Mystery Challenge event because she noted it hurt her brain.

Wisconsin 4-H

2022

Marathon County 4-H Measured

Program Quality Overall Score

Each component of the model was assessed on a scale of 1-7, 7 meaning outstanding program quality. Scores between 4.9 - 6.1 represents a high-quality program.

OUTSTANDING

5.8

Marathon County 4-H Measured

Youth Sparks

The Youth Sparks outcome measures how 4-H community club programs give youth opportunities to explore topics they are interested in learning about, passionate about, and engaged with, like 4-H projects.

Each component of the model was assessed on a scale of 1-7, 7 meaning outstanding program quality.

OUTSTANDING

5.3

Marathon County 4-H Measured

Challenging Growth

The Challenging Growth outcome assesses the extent to which adults in the 4-H program help youth to see new possibilities, push them to reach higher, and hold them accountable.

Each component of the model was assessed on a scale of 1-7, 7 meaning outstanding program quality.

OUTSTANDING

5.8

Wisconsin 4-H

Marathon County 4-H Measured

Youth Belonging

This outcome evaluates how safe, welcomed, and supported youth feel in 4-H programs.

Each component of the model was assessed on a scale of 1-7, 7 meaning outstanding program quality.

Marathon County 4-H Measured

Caring Adults

This outcome illustrates how youth feel the adults in their 4-H programs care about them and invest time in their 4-H experiences.

Each component of the model was assessed on a scale of 1-7, 7 meaning outstanding program quality.

Marathon County 4-H Measured

Youth-Adult Partnerships

This outcome calculates how youth feel about adult volunteers working with them and if they feel respected, listened to, and have their ideas taken seriously.

Each component of the model was assessed on a scale of 1-7, 7 meaning outstanding program quality.

www.extension.wisc.edu | info@extension.wisc.edu

An EEO/AA employer, University of Wisconsin-Madison Division of Extension provides equal opportunities in employment and programming, including Title VI, Title IX, the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act requirements.

Wausau UW-Stevens Point

Report to the Extension, Education, and Economic Development Committee

June 2023

1. **Taste of Jamaica-** Taste of Jamaica is open Monday-Thursday (11am-2pm) and Friday (11am-7pm)
2. **Fall 2023 Enrollment** -Our fall 2023 applications and admits continue to be up from this time last year.
3. We will have three orientation sessions for incoming students this summer. Students will also participate in academic advising.
4. **The Community's Campus-** we want to be a resource to the community. Because of this, we have hosted several events recently that were opened to the public. These events included: The Candidate Forum, Mosaic's Connecting Communities Conference, Hank Talks, Women Trailblazers and Entrepreneurs Conference, etc. We hosted a community MLK event, 167 people attended.
5. **Campus Executive Summer Project** to meet with as many community leaders and partners as possible. Please reach out if you would like me to meet with you!
otoms@uwsp.edu
6. **Upcoming Events**
 - a. **College for Kids**, June 19-23, 2023, | For children grades K-6 In-Person at the UWSP-Wausau Campus
College for Kids is for children seeking fun and adventurous learning opportunities. Our engaging classes are designed to stimulate curiosity, encourage creativity, instill confidence, and develop problem-solving and critical thinking skills—while having a great time! All of our classes are taught by highly trained and talented instructors from the university, community, and area school districts. These are not your typical classes found in your public summer school programs. Please see the continuing ed website for more information
7. **Continuing Education:** Please access our continuing education website for professional development opportunities.
