Why are you interested in serving on these particular Committees? *

I've been working in this field for awhile now, and believe transportation is vital for our community, to increase the independence of people with and without disabilities to get around town as needed. I also believe this committee is heading in the right direction for planning the future and would like to play a bigger part in it.

What qualifications can you bring to these Committees? *

I've been in transportation going on 8 years in July, and regularly attend the committee meetings. The vehicles used at my place of employment primarily use the D.O.T. 5310 grants that I personally do most of the grant application work as well as quarterly reporting on all our assets, as well as follow their maintenance schedule's. I know the 5310 program fairly well and believe I can contribute to the committee.

Marathon County Board
500 Forest Street
Wausau, WI 54401

Dear County Board Member:

Please accept this cover letter and resume for consideration as a member of the Local Emergency Planning Committee of Marathon County. I have spent most of my professional career working and raising a family in Marathon County and would consider it an honor to give back to the community by serving on this committee.

My background has been an interesting journey with stops along the way in banking software, air movement equipment manufacturing, and most recently in the chemical industry. The current position I hold has afforded me the opportunity to see the importance of pre-planning for the possibility of unforeseen events and lay groundwork for making sure those whose job it is to respond to these events are informed of potential life-threatening scenarios. Our company has been active in establishing relationships with local agencies such as the Wausau Fire and Police Departments, the Wausau Fire Department Hazmat Response Team, and Aspirus Hospital to insure they know our operations and potential hazards they might encounter in the case of an emergency.

I look forward to being able to serve on this committee and bringing a privately held company's perspective to the planning activities to keep those in our community safe.

Respectfully,

Reason for Request/Justification:

(Reason for the new position or expanded FTE. Describe the need for this position including the benefit to the department/county if this position is filled and the negative impact if not filled.)

This is an additional Deputy Sheriff position being requested by the Town of Rib Mountain to augment the current Deputy Sheriff position already contracted to Rib Mountain. This is in line with the County's mission statement. A key part of the mission statement is that we will work in partnership with other partners to create opportunities to make Marathon County a preferred place to live, work, visit and do business. This position is a partnership between the Town of Rib Mountain and the Marathon County Sheriff's Office. For years leaders within the County and the Town of Rib Mountain have been approached about the need for Rib Mountain to have its own police department. Due to the size and make-up of the Town they are not required by statute to create their own police department. They however have the ability if they wish to contract with a law enforcement entity to provide specific law enforcement services for them. We currently have one full-time Deputy Sheriff assigned to the Town of Rib Mountain. The Town now wishes to enter into a larger contract for a total of two (2) dedicated Deputy Sheriff's.

The Town of Rib Mountain yields the largest number of calls of any town throughout the year. Rib Mountain is the heart of the shopping district in our county and has direct access to many recreational opportunities for our residents and visitors. Having a second dedicated Deputy contracted to the Town will bring about a great deal of consistency in our policing in Rib Mountain and will open up better lines of communication with the Town, local businesses and residents. The Deputies assigned to Rib Mountain will take on many of the community policing opportunities that we have not been able to provide in the past.

This position allows the Sheriff's Office to increase our staffing and response to areas outside of the Town of Rib Mountain during the hours the contracted deputies are working. This frees up deputies to provide better

New / Expanded Position Request Form

service to those areas that we have not been able to spend time in due to our commitment to the Rib Mountain area. In addition, the contracted Deputies will be able to better serve the Rib Mountain area by having unique and consistent knowledge about current trends or incidents in Rib Mountain, stronger relationships with residents and businesses and access to the many resources at the Sheriff's Office when those additional services are needed. We believe this position will provide a higher level of service to Rib Mountain and free up resources to better serve other areas of the county.

FROM: Wisconsin Elections Commission

SUBJECT: 2023 Absentee Ballot Envelope Subgrant Reimbursement Program

1. **SUMMARY.** On March 3, 2023, the Wisconsin Elections Commission (WEC) approved the allocation of federal funds for an absentee ballot envelope subgrant program. This subgrant is provided to partially offset the costs jurisdictions incur purchasing the redesigned absentee ballot envelopes (EL-120 and EL-122) planned for approval on August 4, 2023.

2. **BACKGROUND.**

The bipartisan Commission unanimously directed the creation of new absentee ballot envelope designs in order to ensure compliance with the law. The old envelope designs do not conform with guidance from recent court orders and do not fully comply with all statutory requirements. Furthermore, the old envelope designs do not incorporate design features (adopted in other states) that make them easily identifiable to the U.S. Postal Service. For these reasons, the Commission, on April 28 and again on June 1, unanimously determined that the current EL-120 and EL-122 shall not be used in 2024.

To partially offset the cost of adopting new envelope designs, the WEC will disburse up to \$600,000 of Federal funds through the approved 2023 Absentee Ballot Envelope Subgrant Program. Each jurisdiction may receive an award calculated proportionally based on their estimated January 1, 2022, voting age population as determined by the Department of Administration Demographic Services Center.¹ The minimum award is \$20.00. A list of award amounts is attached as Appendix A.

3. **AUTHORIZED USES.** All funds received must be expended to purchase the redesigned absentee envelopes which includes both the EL-120 and EL-122.
4. **HOW DO JURISDICTIONS APPLY?** An authorized representative of each jurisdiction must complete and return a 2023 Absentee Ballot Envelope Subgrant Memorandum of Understanding (MOU)

¹ https://doa.wi.gov/Pages/LocalGovtsGrants/Population_Estimates.aspx

to the WEC at elections.finance@wi.gov. This subgrant is available to municipalities, or to counties purchasing equipment on behalf of a municipality, but only one award will be granted per municipality.

5. **QUESTIONS?** Call the WEC Help Desk at 608-261-2028 or e-mail elections.finance@wi.gov.

The purpose of this MOU is to set forth the requirements that cities, villages and towns must meet to be eligible to receive an absentee ballot envelope subgrant from the Commission and the requirements for the use of the funds. The subgrant program is funded by the federal HAVA Election Security Grant which was authorized by the U.S. Congress under Section 101 of the Help America Vote Act of 2002 (P.L. 107-252) (HAVA) and provided for in the Consolidated Appropriations Act of 2023 (Public Law 117-328) and issued by the federal Election Assistance Commission. The purpose of the federal grant is to “improve the administration of elections for Federal office, including to enhance election technology and make election security improvements to the systems, equipment and processes used in federal elections” (CFDA Number 90.404; Federal Award Identification Number (FAIN) EAC-ELSEC18WI).

The purpose of the subgrant is to help improve overall election security of federal elections statewide by providing cities, villages, and towns across the State of Wisconsin with federal election security funds to safeguard and secure the integrity of the absentee voting process in federal elections.

III. SUBGRANT PROGRAM REQUIREMENTS

A. Introduction

The Commission's Election Security Subgrant Program ("subgrant") is intended to fund jurisdictions purchasing redesigned absentee ballot envelopes. Each jurisdiction may receive an amount determined based on their estimated January 1, 2022, voting age population as determined by the Department of Administration Demographic Services Center.¹ All funds received must be expended to purchase the redesigned absentee ballot envelopes or returned to the Commission.

B. Envelope Redesign.

At the Commission's February 2, 2023, meeting, WEC staff were directed to develop a timeline to implement a new absentee ballot envelope package that would allow for the Commission to approve the design no later than its September 20, 2023, meeting. The absentee ballot envelope package for voters includes two envelopes:

- EL-120: Absentee Ballot Mailer Envelope (outside envelope going to voter)
- EL-122: Official Absentee Ballot Application/Certification (inside envelope returning to clerk)

These envelopes were redesigned to ensure compliance with recent court decisions and the Wisconsin statutes. Old envelopes are not compliant with the law, and the Wisconsin Elections Commission unanimously voted not to permit their continued use, starting in 2024.

At the Commission's March 3, 2023, meeting, the Commission directed staff to allocate \$600,000 of federal funds towards an Absentee Ballot Envelope subgrant program, to partially offset the cost of transitioning to new absentee ballot envelopes now under development. The absentee ballot envelope performs several functions – each essential to the security of the voter's choice, and the integrity of the wider electoral process. A successful transition to the new design is therefore in the interest of all participants.

IV. FUNDING

- A. Commission staff will award subgrants based on receipt of a signed Memorandum of Understanding (MOU). Jurisdictions may receive a proportional amount of available subgrant funds based on their 2022 estimated voting age population as outlined in Appendix A. The minimum award is \$20.00.
- B. **All funds received must be expended to purchase the redesigned absentee ballot envelopes.** A county purchasing envelopes on behalf of a municipality may receive a subgrant award, however only one award will be granted per municipality. Any unused funds must be returned to the Commission by December 31, 2024.
- C. Subgrant period: **March 3, 2023 – December 31, 2024.** All costs must be incurred, including goods received, during this project period. Bids, proposals, or purchase orders are not adequate for this subgrant.

¹ https://doa.wi.gov/Pages/LocalGovtsGrants/Population_Estimates.aspx

- D. Documentation: Receipts or invoices for all subgrant expenditures, showing date and amount for all funds expended, must be retained by requesting jurisdictions for a minimum of **eight years**. A standard inventory list of all items purchased using subgrant funds must be created and maintained by the jurisdiction for purposes of any state or federal audit.
- E. Request Processing: Subgrant funds will be distributed in a timely manner after the WEC receives the completed and signed MOU from the jurisdiction. Subgrant funds will be disbursed by electronic transfer to a jurisdiction's shared revenues account (if available), or via a physical check sent to a jurisdiction's shared revenues location. For questions related to the processing of subgrant reimbursements, contact the Commission's financial team via the WEC Help Desk at 608-261-2028 or elections.finance@wi.gov.

V. SUBGRANT PROGRAM DEADLINES

To help increase overall election security across the state, the election subgrant program has established the following deadlines:

New Envelope Design Available: August/September, 2023

Application (MOU) Deadline: June 30, 2024

Return Unused Funds Deadline: December 31, 2024

VI. COMPLIANCE MONITORING, CERTIFICATION, DOCUMENTATION AND AUDIT

A. Certification.

The receiving jurisdiction shall certify (by completing the MOU) that information provided is true and correct; it has complied with all terms of the subgrant; the election security subgrant funds will be used to meet the terms of the subgrant, including to increase the accessibility of federal elections; and that any falsification of information related to the subgrant could subject the jurisdiction official to civil or criminal penalties.

B. Documentation.

The receiving jurisdiction shall maintain all documentation of purchases made using subgrant funds provided by the Commission for a minimum of eight years from the date of the expenditure or until the WEC authorizes destruction of said records. A standard inventory list of all items purchased using subgrant funds must be created and maintained by the jurisdiction for purposes of any state or federal audit. Such original purchasing documentation and inventory lists shall be retained by the receiving jurisdiction until the WEC authorizes the destruction of said records. Submission of copies of all purchasing documentation may be required by the WEC or federal auditors at any time.

C. Audit.

All subgrant funds received are subject to audit by the Commission and/or the federal government to ensure funds have been spent appropriately and in accordance with all applicable state and federal laws. Pursuant to Wis. Stat. § 5.05(11), if the federal government objects to the use of any funds provided to a county or municipality under the subgrant, the county or municipality shall repay the amount of the subgrant to the Commission.

D. Regulations.

As the receiving jurisdiction, we further certify that we will follow all state and federal laws, including adherence to all applicable federal requirements including Office of Management and Budget (OMB) guidance: Title 2 C.F.R. Subtitle A, Chapter II, Part 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 C.F.R. § 200) found here: (<https://www.govinfo.gov/app/collection/cfr/2022/>).

VII. SIGNATURES

RESOLUTION #R-37-23

APPROVAL OF LETTER TO GOVERNOR EVERS AND THE STATE LEGISLATURE REGARDING LOCAL CONTROL

WHEREAS, Chapter 293 of the Wisconsin Statutes and Section NR 130 of the Wisconsin Administrative Code bind counties in Wisconsin relative to their ability to regulate metallic mining; and

WHEREAS, Wisconsin Statute Section 196.491(3)(i) and Section PSC 128 of the Wisconsin Administrative Code limits the ability of counties to address concerns relative to the siting of wind energy projects; and

WHEREAS, Section NR 151 of the Wisconsin Administrative Code binds state enforcement efforts relative to regulation of runoff and limits the tools available for local governments to address runoff issues; and

WHEREAS, on June 27, 2023, the Environmental Resources Committee voted to approve the attached letter to the Wisconsin Legislature relative to the importance of local control and forward the same on to the County Board for consideration and approval.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Marathon does hereby authorize the Marathon County Board Chair to forward the attached letter to the Wisconsin Legislature and appropriate Wisconsin state officials on behalf of the Marathon County Board of Supervisors.

Dated the 18th day of July, 2023.

ENVIRONMENTAL RESOURCES COMMITTEE

EXECUTIVE COMMITTEE

Fiscal Impact: None.

July 19, 2023

Governor Evers and Members of the Wisconsin State Legislature:

The purpose of this letter is to express Marathon County's concern over the lack of local control of important environmental matters in counties and municipalities in the State of Wisconsin. Over time, through legislative and state agency action and preemption, local governments have become less adept to address challenges in their communities. Marathon County asks that the State of Wisconsin return the tools necessary to exercise local control to the counties and municipalities best situated to address these issues.

While the regulatory framework developed in the State of Wisconsin may create efficiencies in the regulation of certain industries, events in recent years in Marathon County have highlighted the strain between state authority and local control and the effect that limiting local input has on important environmental issues. Citizens in Marathon County have expressed their concern over a proposed metallic exploration operation in Eastern Marathon County, yet our county is bound to the standards in NR 130 and Wis. Stats. 293. Local government is unable to effectively engage mining interests or address citizen concerns. Similarly, our County Board of Supervisors has been made aware of significant citizen concerns over the potential siting of wind projects in Western Marathon County, yet Marathon County is limited in its ability to address these concerns by the standards in PSC 128 and the preemption of local ordinances in Wis. Stat. 196.491(3)(i). Lastly, regulation of runoff from farm operations is often not supported by state enforcement efforts, which is bound by the standards set forth in NR 151 (and NR 243 for CAFO operations), limiting local tools available for us to address runoff issues.

Ultimately, the result of these strict limitations on local action is a collection of local ordinances that largely mimic the State's standards but fail to address the problems they were designed to solve or adapt to citizen concerns and complaints. County residents continue to be frustrated over their concerns being largely ignored due to the standards promulgated in state statutes and administrative rules. The existing framework is inefficient and burdensome for communities.

The proliferation of "one size fits all" regulations, coupled with preemption, creates a policy environment where local input is stifled, and site-specific solutions are disregarded. Marathon County firmly believes that we can create our own systems for success. We ask that the State of Wisconsin consider strengthening, rather than limiting, the role of local government in these matters.

Thank you for your time and consideration relative to the Marathon County's residents and communities.

Sincerely,
The Marathon County Board of Supervisors

500 Forest Street, Wausau WI**

Action: **Motion** / second by Sherfinski/Drabek to recommend approval to County Board, of the Vreeland on behalf of Harvanek rezone request. Noting the reasoning provided in the staff report and conclusions of law, the Committee determined the rezone is consistent with the Marathon County and Town comprehensive plans. Adequate facilities are present or will be provided and providing any necessary public facilities will not burden local government. Based on the proposed land division and existing land uses onsite the rezone should not result in any adverse effect on natural areas. The committee made their recommendation of approval based on the information, findings of fact, and conclusions of law as described in the CPZ staff report included in the ERC packet.

Motion **carried** by voice vote, no dissent.

Follow through: Forward to County Board for action at their next regularly scheduled meeting.

2. Kristopher Schumacher on behalf of Randy and Sara Martyn – G-A General Agriculture to R-R Rural Residential – Town of Frankfort

Discussion: Pagel was sworn in and noted the staff report and decision sheet had been included in the packet. Pagel reviewed the rezone request shown on the Preliminary Certified Survey Map (CSM) that was submitted with the petition. Pagel additionally reviewed the reasoning behind why Conservation Planning and Zoning (CPZ) staff are recommending approval of the rezone request, citing the rezone standards, requirements, and pertinent site characteristics. The Town Frankfort has reviewed the application and recommends approval without any concerns or additional comments. The committee asked staff to clarify if wetlands were present on the property.

Kristopher Schumacher was sworn in and confirmed there are no wetlands on the lot to be rezoned.

There was no additional testimony in favor or opposed to this rezone request virtually or in person. Testimony portion of the hearing was closed at 3:19 p.m. Committee deliberated and applied the standards for this request by reviewing and completing the decision sheet.

Action: **Motion** / second by Drabek/Sherfinski to recommend approval to County Board, of the Schumacher on behalf of Martyn rezone request. Noting the reasoning provided in the staff report and conclusions of law, the Committee determined the rezone is consistent with the Marathon County and Town comprehensive plans and is not located in the Farmland Preservation Zoning District. Adequate facilities are present or will be provided and providing any necessary public facilities will not burden local government. Based on the proposed land division and existing land uses onsite the rezone should not result in any adverse effect on natural areas. The committee made their recommendation of approval based on the information, findings of fact, and conclusions of law as described in the CPZ staff report included in the ERC packet.

Follow-through/Action: None. Final plats only require ERC approval.

6. Educational Presentations/Outcome Monitoring Reports and Committee

Discussion

A. Department Updates: Conservation, Planning and Zoning (CPZ), Parks Recreation and Forestry (PRF), Solid Waste

1. Forthcoming petition from the Town of Knowlton for a text amendment to the Marathon County Code of Ordinance Chapter 17: Text amendment to 17.204.01(E, F &G)

Discussion: CPZ staff Harvey made the Committee aware a County Zoned Town has petitioned for a change in the Chapter 17 Zoning Code. It works like a rezone, and all County Zoned Towns have been notified to give input. The change being proposed is related to minimum lot size for chickens. The proposed changes have been posted to the CPZ website. The Committee asked clarifying questions related to what chickens and fowl are included in the code, and how the County Zoned Towns are being engaged.

Follow-through/Action: The links for the changes will be emailed to the Committee.

2. Marathon County Zoning Code Comprehensive Revision Process

Discussion: Supervisor Langenhahn and CPZ staff Harvey gave an overview of the comprehensive zoning code revision process.

Every 10 years there is a comprehensive update of the Chapter 17 Zoning Code. During this update, the County identifies zoning topics that need to be researched and discussed for consideration of adding, removing, or changing in the code. It is also the opportunity for current County Zoned Towns to opt out of County Zoning. The update

**Marathon County
Environmental Resources Committee Minutes
Tuesday, June 27, 2023
500 Forest Street, Wausau WI**

involves extensive outreach with towns and other stakeholders. It is set to get underway in 2024, with the goal of adopting a new Chapter 17 by February of 2026.

The 2016 update was more extensive because the County was examining changing zoning districts too. The extent of the 2026 update would be driven by what the Committee feels needs to be addressed, but CPZ will start by gathering input in late 2024. Harvey also reminded the Committee that towns currently in County Zoning have up to a year to adopt the new code or opt out. This means that in 2026 there will be a period where we are likely operating under two codes.

Harvey also addressed that current lot sizes are partially driven by making sure the lot is large enough to have a septic system. Harvey also reminded the committee regardless of zoning district lot sizes, towns can also have their own land division ordinances dictating their minimum lot sizes.

Supervisor Langenhahn reminded the committee that the discussion of lot sizes came up at the last ERC meeting but is recommending waiting to take up the discussion of lot sizes during the comprehensive update. During the comprehensive update more stakeholders could be engaged. Seefeldt reminded the group that the EEED Committee is constantly working on affordable housing, and lot sizes are part of that discussion.

7. Policy Issues Discussion and Committee Determination to the County Board for its Consideration

A. Letter to Governor Evers and the Wisconsin Legislature in Support of more Local Environmental Control

Discussion: Chair Langenhahn explained reasoning behind bringing it back to Committee. Langenhahn had identified changes that needed to be made and did not want to take it to Executive Committee until getting approval from this Committee.

Action: **Motion/Second** by Sherfinski/Venzke to forward to Executive Committee to forward the letter to Executive Committee with the changes Chair Langenhahn outlined.

Motion **carried** by voice vote, no dissent.

B. Continue Discussion Regarding 2024 Annual Budget and Policy Recommendations from the Committee

Discussion: Chair Langenhahn revisited discussion on the budget, and asked Director Miskimins and Polley to speak to grant funded positions in their departments. Miskimins stated it was about 6.5 positions, and Polley stated it was about 1 position. Both directors indicated they are always on the lookout for grant funding.

**Marathon County

Follow-through/Action: CPZ, Parks, and Solid Waste were asked to bring back their summary spreadsheets from the Priority Based Budgeting exercise, and the criteria that went into that scoring exercise. Further, they were directed to provide updates or context to the final scoring exercise.
