

## Courthouse Screening and Controlled Access

### 808.1 POLICY STATEMENT

The provision of safety and security in the Marathon County Courthouse Complex is a critical aspect of an efficient and effective court operation. Consistent with Wisconsin Statute 59.27 (3) the Sheriff shall attend to the Circuit Court and establish an appropriate level of security that minimizes the opportunity for physical violence and/or injury to employees, the public, and anyone conducting business in the Courthouse Complex. The safety of litigants, jurors, staff and all who visit the courthouse is a key priority.

The courthouse must provide a calm, safe, neutral environment for the resolution of disputes. These disputes can generate an emotional response or disruptive outbursts, presenting potential dangers. These procedures are intended to provide staff with the directions and guidelines necessary to ensure the safety and security of all who enter the courthouse.

Except as noted in section 808.6, all individuals entering the Marathon County Courthouse Complex shall be subject to this security and screening policy at all times.

Marathon County does not discriminate on the basis of disability in the admission or access to its services, programs, or activities, and people with disabilities shall be reasonably accommodated to facilitate their participation.

### 808.2 PURPOSE

The purpose of the courthouse screening and controlled access program is to prevent unauthorized weapons from entering the courthouse. ### 808.3 SCOPE

If not otherwise specified in this policy, the Marathon County Sheriff's Office shall establish screening procedures that balance the need for security with the productivity and functional needs of County employees, third party vendors, and the public doing business at the Courthouse.

This policy is subject to change.
