- A. Continued Discussion regarding 2024 Annual Budget and policy recommendations from the committee
 1. Review Mandatory / Discretionary Program document
 2. Review of Rates and Fees document
 3. Review of 5-Year Departmental Expense / Levy document

In terms of budget ramifications and operations, Deputy Administrator Chris Holman addressed some of the things being addressed in facilities. There is a review of energy policy county wide and how things can be adjusted to save money going forward. Doing things now to mitigate our lack of control can have a long-term benefit. There is also ongoing discussion regarding the role of a facilities director / manager. There will be additional projects addressed in the CIP. Administrator Leonhard stated that staff is open to suggestions from the committee members, even though the energy task force was not created. There are opportunities for intra-government collaboration that will be explored as well. There was a request for the board to have information on efforts that are being made going forward in addressing energy efficiency and how it impacts the budget. An energy efficiency analysis of all county buildings was also suggested. Chair Robinson asked if the new tax deed process would have any impact on purchasing of tax delinquent properties from municipalities relative to how it would affect the budget going forward. Corp Counsel Mike Puerner stated that there will be a likely positive impact and it will be evaluated after the first round of properties goes through the in-rem process.

6. **Operational Functions Required by Statute, Ordinance, Resolution, or Policy**

- A. Discussion and Possible Action by HRFC

Additional Information: *These duties are referenced within § 70.09, as duties that may be delegated to a Real Property Lister (RPL). The RPL position (together with a Geographical Information System position) was transferred to the Conservation, Planning & Zoning (CPZ) Department. CPZ is coordinating the above-mentioned activities; however, the funding for said activities will be transferred from the Treasurer’s budget, the Treasurer’s Office has historically been responsible for the roll preparation, balancing, and printing processes. These processes are foundational to the issuance of tax bills.

Additional information: the following is a summary of focus areas of public health departments:

Community Health Improvement Plan and the Community Health Assessment; communicable disease surveillance, investigation, and control; maternal child health, environmental health, chronic disease, and injuries; and birth to three.

Wis. Stat. § 251.02(1) indicates in counties with a population of less than 500,000, unless a county board establishes a city-county health department under sub. (1m) jointly with the governing body of a city or establishes a multiple county health department under sub. (3) in conjunction with another county, the county board shall establish a single county health department, which shall meet the requirements of this chapter. The county health department shall serve all areas of the county that are not served by a city health department that was established prior to January 1, 1994, by a town or village health department established under sub. (3m), or by a multiple municipal local health department established under sub. (3r) or by a city-city health department established under sub. (3t). No governing body of a city may establish a city health department after January 1, 1994.

Wis. Stat. § 250.03 (1) (L) provides that the department (the state) shall perform or facilitate the performance of all of the following services and functions:

1. Monitor the health status of populations to identify and solve community health problems.
2. Investigate and diagnose community health problems and health hazards.
3. Inform and educate individuals about health issues.
4. Mobilize public and private sector collaboration and action to identify and solve health problems.
5. Develop policies, plans, and programs that support individual and community health efforts.
6. Enforce statutes and rules that protect health and ensure safety.
7. Link individuals to needed personal health services.
8. Assure a competent public health workforce.
9. Evaluate effectiveness, accessibility, and quality of personal and population-based health services.
10. Provide research to develop insights into and innovative solutions for health problems.

State DHS facilitates the performance of these services through the delivery of services/programs by Marathon County Health Department. The state conducts periodic reviews to ensure compliance. The public health department also meets the requirements of Wisconsin State Statutes, chapter 250-255.

Required services of local health departments are further explained by Chapter DHS 140, which lists the requirements for the level of health department.

Level I health departments must provide the following:

- Surveillance and investigation of local health issues
- Communicable disease control including education, monitoring, and prevention
- Chronic disease prevention
- Human health hazard control
- Policy and planning support
- Leadership and organizational competency regarding health issues to local partners and stakeholders
- Public Health nursing services

Level II health departments must comply with the requirements for a level I while also providing:

- Support and leadership to address community needs
- Evaluating health services
- Annual performance evaluations
- Quality Improvement activities

Level III health departments must comply with the requirements for a level I, II and III, which also includes:

- Data collection
- Providing public health expertise to local government stakeholders
- Identify and address population health issues
- Establish and implement an environmental health program
- Quality Improvement activities on individual and department levels
- Evaluation of collaborative efforts to assess, develop services

For the full list, please see DHS Chapter 140.

Additional information:

Child Welfare Division

Summary of services provided in Children Services includes: child protection access, assessment and ongoing services; youth justice intake and ongoing services; emergency on-call services; Coordinated Family Services (CFS), Children's Long Term Support (CLTS) waivers, Family Centered Treatment (FCT), Comprehensive Community Services (CCS) and assessment/referral. As well as stepparent adoptions, day care certifications, foster parent licensing, independent living services and purchased services (foster care, short term shelter care, kinship care, group home, residential care, corrections, secure custody, etc..).

Wis. Stat. Ch. 48 is the Children's Code and Wis. Stat. Ch. 938 is the Juvenile Justice Code.

Wis. Stat. § 48.56 requires each county having a population of less than 500,000 shall provide child welfare services through its county department. Each county department shall employ personnel who devote all or part of their time to child welfare services. Whenever possible, these personnel shall be social workers certified under Ch. 457.

Wis. Stat. § 48.57 (1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for child welfare purposes by the county board of supervisors or by the legislature, which may be donated by individuals or private organizations or which may be otherwise provided.

Wis. Stat. § 938.57(1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for juvenile welfare purposes by the county board of supervisors or donated by individuals or private organizations.

Wis. Stat. § 51.437 indicates that the county board of supervisors has the primary governmental responsibility for the well-being of those developmentally disabled citizens residing within its county and the families of the developmentally disabled insofar as the usual resultant family stresses bear on the well-being of the developmentally disabled citizen. This primary governmental responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds.

Wis. Stat. § 46.272 governs the Children's Community Options Program. This statutory section requires the department to establish a children's community options program with the main purpose of providing a coordinated approach to supporting families who have a child with a disability. Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Children's Long-Term Support (CLTS) waivers provide the county access to State and Federal funding to serve the health and safety needs of children in the County. In many instances, these health and safety needs would otherwise be funded solely through local tax levy funding.

Income Maintenance Division

Wis. Stat. § 16.27 (4) indicates that a household may apply after September 30 and before May 16 of any year for heating assistance from the county department under s. 46.215 (1) (n) or 46.22 (1) (b) 4m. a. to e. or from another local governmental agency or a private nonprofit organization. Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. § 49.155 (3) the county department or agency with which the department contracts under sub. (1m) to determine eligibility in a particular geographic region or for a particular Indian tribal unit shall administer child care assistance in that geographic region or for that tribal unit. Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. Ch. 49-Income Maintenance Administration. We are part of a 4 county consortium that administers medical assistance and FoodShare. The county opted to be part of this consortium, but could decide not to provide direct administration of these programs and services; however, the county would still be required to contribute local funding (tax levy) to the consortium for direct operational costs. Administration of child care assistance, as well as, program integrity, fraud and overpayment recovery efforts are also consolidated within the 10 county consortium to further increase accuracy, consistency and efficiency in the administration of these public benefits

CENTRAL WISCONSIN AIRPORT		
Service	Mandated (Yes/No)	Statutory Authority
Airport operations	No	Wis. Stat. § 66.0301

Additional Information: Counties are not mandated to provide regional airport services. Marathon County joined with Portage County to form Central Wisconsin Airport (CWA). However, once the determination is made to operate such a facility, the operator is subject to numerous federal and state regulations. Moreover, because the CWA has accepted federal funds (e.g., FAA funding) throughout its history, any determination relative to continued operations is subject to considerable regulation. CWA is overseen, pursuant to the intergovernmental agreement between Portage and Marathon counties by the Central Wisconsin Airport Board.

LIBRARY		
Service	Mandated (Yes/No)	Statutory Authority
LIBRARY SITES – (Athens, Edgar, Hatley, Marathon City, Mosinee, Rothschild, Stratford, Spencer, Wausau)	No*	Wis. Stat. § 43.11, 12

Additional Information:

*Counties are not mandated to directly operate library facilities. However, in the event that a county does not directly provide library facilities, the county is required by statute to provide funding for the operations of public libraries within the county, and public libraries in adjacent counties, that serve county residents. Specific information regarding these funding obligations are set forth in section 43.12 of the Wisconsin Statutes. Payments made pursuant to § 43.12 or funds necessary to directly provide county library services under Chapter 43 of the statutes are exempt from Wisconsin levy limits.

Services and materials offered by Marathon County Public Library include, but are not limited to, the following: Books and audiobooks, DVDs and video games, magazines and newspapers, eBook and eAudio collections available through digital access.

Programming including: educational classes and workshops, crafting events, music and theatre performances, movie screenings, story times, experts, authors and other speakers to lead lectures, presentations and workshops on a number of subjects; additional services at varying locations including study and meeting rooms, passport services, computers and internet access, copy/print/fax services, notary public, and material delivery for homebound patrons.

MCPL is a member of and the resource library for the Wisconsin Valley Library Service and a participant in the V-Cat consortium and the Wisconsin Public Library Consortium.

AGING & DISABILITY RESOURCE CENTER OF CENTRAL WISCONSIN		
Service	Mandated (Yes/No)	Statutory Authority
Aging Services	No	Wis. Stat. §§ 46.80, 46.82
Resource Center	No	Wis. Stat. § 46.283

Additional information: Marathon County summary of services provided in the ADRC includes: information and assistance, elderly and disability benefit services, adult protective services, nutrition services, dementia care specialist, volunteer program services, and caregiver support and respite services.

Wis. Stat. § 46.80 – The department's primary responsibility to elderly persons is to assure that all elderly and disabled persons have available and accessible a continuum of care or a wide range of community and supportive services so that they may remain in their homes and neighborhoods for as long as it is possible. The department shall be the mechanism by which governmental and nongovernmental agencies may coordinate their policies, plans and activities with regard to the aging.

Wis. Stat. § 46.82 identifies that a county board of supervisors of a county, the county boards of supervisors of 2 or more contiguous counties or an elected tribal governing body of a federally recognized American Indian tribe or band in this state may choose to administer, at the county or tribal level, programs for older individuals. Chapter 46.80 indicates that the department shall divide the state into distinct planning and service areas and designate a public or private nonprofit agency or organization as the area agency on aging for each planning and service area and we are the designated public agency.

Wis. Stat. § 46.283 identifies that a county board of supervisors may decide to apply to the department for a contract to operate a resource center.

The intergovernmental agreement creating the ADRC-CW provides that the funding allocation from each of the counties cannot be modified without the agreement of each of the county members (Langlade, Lincoln, Marathon, and Wood).

NCHC – Core Programs

Service	Mandated (Yes/No)	Statutory Authority
Behavioral Health Hospital, Community Mental Health, Developmental Disabilities, Substance Use Disorder	Yes	Wis. Stat. § 51.42
Community Support Programs	Yes	Wis. Stat. § 51.421
Care and Custody	Yes	Wis. Stat. § 51.22
Crisis Stabilization Services	No	Wis. Stat. § 51.15; 51.42
Protective Services and Placement	Yes	Wis. Stat. § 55.02
Elder Adult at Risk Agency	Yes	Wis. Stat. § 46.90
Comprehensive Community Services	No	Wis. Stat. § 49.45(30e) (6) Wis. Stat. § 51.42 (7) (6)

Additional Information: On behalf of Marathon County, North Central Health Care delivers services including, but not limited to, alcohol and other drug abuse outpatient services, mental health outpatient services, emergency services, adult protection services, adult community support services, comprehensive community service, psychiatrist and psychologist services, crisis, residential, inpatient, and hospitalization services.

Wis. Stat. § 51.42 identifies that the county board of supervisors has the primary responsibility for the well-being, treatment and care of the mentally ill, developmentally disabled, alcoholic and other drug dependent citizens residing within its county and for ensuring that those individuals in need of such emergency services found within its county receive immediate emergency services. This primary responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds. While counties are not directly mandated to provide crisis stabilization facilities, counties are required to provide care in the least restrictive form necessary. Stabilization facilities serve as a less-restrictive, less costly form of care for individuals discharging from an inpatient setting or as an alternative to an inpatient setting.

Wis. Stat. § 51.42(3) permits a county to meet its obligation through the creation of a multi-county community services program.

Wis. Stat. § 51.421 indicates that if funds are provided, and within the limits of the availability of funds provided under s. 51.423 (2), each county department under s. 51.42 shall establish a community support program. Each community support program shall use a coordinated case management system and shall provide or assure access to services for persons with serious

and persistent mental illness who reside within the community. Services provided or coordinated through a community support program shall include assessment, diagnosis, identification of persons in need of services, case management, crisis intervention, psychiatric treatment including medication supervision, counseling and psychotherapy, activities of daily living, psychosocial rehabilitation which may include services provided by day treatment programs, client advocacy including assistance in applying for any financial support for which the client may be eligible, residential services and recreational activities. Services shall be provided to an individual based upon his or her treatment and psychosocial rehabilitation needs.

Wis. Stat. § 51.22 indicates that except as provided in s. 51.20 (13) (a) 4. or 5., any person committed under this chapter shall be committed to the county department under s. 51.42 or 51.437 serving the person's county of residence, and such county department shall authorize placement of the person in an appropriate facility for care, custody and treatment. The county will incur the cost of these placements if it is not billable to insurance or the consumer.

Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Comprehensive Community Services (CCS) is intended to assist individuals of all ages who are in need of ongoing services for mental illness, substance abuse disorder, or dual diagnosis beyond occasional outpatient care, but less than the intensive care provided in an inpatient setting. While CCS is not a mandated program, county-based governmental entities are the only entity in the state that can be certified.

Wis. Stat. § 55.02 identifies that the chairperson of each county board of supervisors shall designate a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437 that is providing services in the county on its own or through a joint mechanism with another county department or county to have the responsibility for planning for the provision of protective services and protective placement and for directly providing protective services.

Wis. Stat. § 46.90 requires that each county board shall designate an agency in the county as the elder-adult-at-risk agency. "Elder-adult-at-risk agency" means the agency designated by the county board of supervisors under sub. (2) to receive, respond to, and investigate reports of abuse, neglect, self-neglect, and financial exploitation under sub. (4).

NCHC – OTHER PROGRAMS

Service	Mandated (Yes/No)	Statutory Authority
Mount View Care Nursing Home* (Skilled Nursing, Rehabilitation, Dementia Care, Ventilator care)	No	
Adult Day Services	No	
Housing Programs (Group Homes, CBRFs, Riverview Terrace support)	No	
Hope House (Sober Living)	No	
Aquatic Therapy Pool	No	
Demand Transportation – 85.21	No	Wis. Stat. § 85.21
Early Intervention Services (Birth to Three)^	Yes	Wis. Stat. § 51.44

Additional information:

*There is no state statute that mandates a county must own or operate a nursing home, adult day services, housing programs, sober living, or aquatic therapy pool. However, should the county undertake these activities, each program area is subject to significant regulation, including through the acceptance of various funding streams (e.g., medicare/Medicaid).

Wis. Stat. § 85.21 The purpose of this section is to promote the general public health and welfare by providing financial assistance to counties providing transportation services for elderly and disabled persons, and to thereby improve and promote the maintenance of human dignity and self-sufficiency by affording the benefits of transportation services to those people who would not otherwise have an available or accessible method of transportation. The County Board of Supervisors annually authorizes this program to be delivered through a grant application. The service is delivered through both NCHC and City of Wausau Transit. The Wisconsin Department of Transportation provides for financial assistance to deliver the program.

^Wis. Stat. § 51.44 indicates that each county board of supervisors shall designate the appropriate county department under s. 46.21, 46.23 or 51.437, the local health department of the county or another entity as the local lead agency to provide early intervention services. This chapter goes on to read that the department (the state) shall promulgate rules for the statewide implementation of the program. North Central Health Care currently delivers this program through a contract with Marathon County Special Education, which is located on the Lake View Drive Campus.

SOLID WASTE DEPARTMENT

Service	Mandated (Yes/No)	Statutory Authority
Solid Waste Management Operations	No	Wis. Stat. § 59.70(2)(a) and Chs. 144 & 159

Additional Information:

Counties are not mandated to directly provide Solid Waste management and recycling services; however, counties are permitted to engage in these activities, which can provide substantial benefits to local municipalities and residents. Should a county elect to provide said services it becomes subject to a wide variety of state and federal regulations (e.g., air permit, wetland management, engineering, gas management, and groundwater testing).

In addition to solid waste management and site operational programs, Marathon County Solid Waste Department provides a number of related services, including but not limited to Household Hazardous Waste Collection and Management; Agricultural Plastics Recycling, Home Composting, Street Sweeping exemption, Medication Drop Box and Sharps Management, and Municipal Recycling education).

Marathon County has a contractual obligation to provide landfill capacity and disposal to Shawano and Portage Counties through 2032. Marathon County also recently entered into a Gas Purchase Agreement and corresponding site lease with a third party relating to the processing and conversion of landfill gas into energy.

RESOLUTION #R-38-23

ADOPTION OF BUDGET ASSUMPTIONS FOR 2024 BUDGET PROCESS

WHEREAS, Wisconsin Statute Section 65.90(1) requires Marathon County to annually, and prior to the determination of the sum to be financed in whole or in part by a general property tax, funds on hand or estimated revenues from any source, formulate a budget and hold public hearings thereon. In 2023, the deadline for Counties to provide tax apportionment forms to the State Department of Revenue is November 15, 2023; and

WHEREAS, Wis. Stat. § 65.90(4) requires that a public hearing be held by the County Board of Supervisors at least 15 days after publication of a proposed budget prior to adoption of the annual budget by the board; and

WHEREAS, the Marathon County Board of Supervisors has sought to implement a timeline for adoption of its annual budget that allows for more engagement with Standing Committees and provides additional opportunity for all supervisors to provide input earlier in the process. On March 21, 2023, the County Board of Supervisors adopted a budget timeline for the 2024 budget process consistent with this approach; and

WHEREAS, on July 12, 2023, consistent with the adopted budget timeline, the Human Resources, Finance and Property Committee approved the attached proposed budget assumptions for the 2024 Budget Process and forwarded the proposed assumptions to the Marathon County Board for consideration.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Marathon does hereby adopt the attached budget assumptions for the 2024 Budget Process to guide the creation, review, and approval of a 2024 Marathon County budget.

Dated the 18th day of July, 2023.

HUMAN RESOURCES, FINANCE AND PROPERTY COMMITTEE

Fiscal Impact: This resolution adopts financial assumptions that will serve to guide the County Administrator's creation of a 2024 budget.
