Additional information: the following is a summary of focus areas of public health departments:

Community Health Improvement Plan and the Community Health Assessment; communicable disease surveillance, investigation, and control; maternal child health, environmental health, chronic disease, and injuries; and birth to three.

Wis. Stat. § 251.02(1) indicates in counties with a population of less than 500,000, unless a county board establishes a city-county health department under sub. (1m) jointly with the governing body of a city or establishes a multiple county health department under sub. (3) in conjunction with another county, the county board shall establish a single county health department, which shall meet the requirements of this chapter. The county health department shall serve all areas of the county that are not served by a city health department that was established prior to January 1, 1994, by a town or village health department established under sub. (3m), or by a multiple municipal local health department established under sub. (3r) or by a city-city health department established under sub. (3t). No governing body of a city may establish a city health department after January 1, 1994.

Wis. Stat. § 250.03 (1) (L) provides that the department (the state) shall perform or facilitate the performance of all of the following services and functions:

1. Monitor the health status of populations to identify and solve community health problems.
2. Investigate and diagnose community health problems and health hazards.
3. Inform and educate individuals about health issues.
4. Mobilize public and private sector collaboration and action to identify and solve health problems.
5. Develop policies, plans, and programs that support individual and community health efforts.
6. Enforce statutes and rules that protect health and ensure safety.
7. Link individuals to needed personal health services.
8. Assure a competent public health workforce.
9. Evaluate effectiveness, accessibility, and quality of personal and population-based health services.
10. Provide research to develop insights into and innovative solutions for health problems.

State DHS facilitates the performance of these services through the delivery of services/programs by Marathon County Health Department. The state conducts periodic reviews to ensure compliance. The public health department also meets the requirements of Wisconsin State Statutes, chapter 250-255.

Required services of local health departments are further explained by Chapter DHS 140, which lists the requirements for the level of health department.

Level I health departments must provide the following:

- Surveillance and investigation of local health issues
- Communicable disease control including education, monitoring, and prevention
- Chronic disease prevention
- Human health hazard control
- Policy and planning support
- Leadership and organizational competency regarding health issues to local partners and stakeholders
- Public Health nursing services

Level II health departments must comply with the requirements for a level I while also providing:

- Support and leadership to address community needs
- Evaluating health services
- Annual performance evaluations
- Quality Improvement activities

Level III health departments must comply with the requirements for a level I, II and III, which also includes:

- Data collection
- Providing public health expertise to local government stakeholders
- Identify and address population health issues
- Establish and implement an environmental health program
- Quality Improvement activities on individual and department levels
- Evaluation of collaborative efforts to assess, develop services

For the full list, please see DHS Chapter 140.

Child Welfare Division

Summary of services provided in Children Services includes: child protection access, assessment and ongoing services; youth justice intake and ongoing services; emergency on-call services; Coordinated Family Services (CFS), Children's Long Term Support (CLTS) waivers, Family Centered Treatment (FCT), Comprehensive Community Services (CCS) and assessment/referral. As well as stepparent adoptions, day care certifications, foster parent licensing, independent living services and purchased services (foster care, short term shelter care, kinship care, group home, residential care, corrections, secure custody, etc..).

Wis. Stat. Ch. 48 is the Children's Code and Wis. Stat. Ch. 938 is the Juvenile Justice Code.

Wis. Stat. § 48.56 requires each county having a population of less than 500,000 shall provide child welfare services through its county department. Each county department shall employ personnel who devote all or part of their time to child welfare services. Whenever possible, these personnel shall be social workers certified under Ch. 457.

Wis. Stat. § 48.57 (1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for child welfare purposes by the county board of supervisors or by the legislature, which may be donated by individuals or private organizations or which may be otherwise provided.

Wis. Stat. § 938.57(1) indicates that each county department shall administer and expend such amounts as may be necessary out of any moneys which may be appropriated for juvenile welfare purposes by the county board of supervisors or donated by individuals or private organizations.

Wis. Stat. § 51.437 indicates that the county board of supervisors has the primary governmental responsibility for the well-being of those developmentally disabled citizens residing within its county and the families of the developmentally disabled insofar as the usual resultant family stresses bear on the well-being of the developmentally disabled citizen. This primary governmental responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds.

Wis. Stat. § 46.272 governs the Children's Community Options Program. This statutory section requires the department to establish a children's community options program with the main purpose of providing a coordinated approach to supporting families who have a child with a disability. Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Children's Long-Term Support (CLTS) waivers provide the county access to State and Federal funding to serve the health and safety needs of children in the County. In many instances, these health and safety needs would otherwise be funded solely through local tax levy funding.

Income Maintenance Division

Wis. Stat. § 16.27 (4) indicates that a household may apply after September 30 and before May 16 of any year for heating assistance from the county department under s. 46.215 (1) (n) or 46.22 (1) (b) 4m. a. to e. or from another local governmental agency or a private nonprofit organization. Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. § 49.155 (3) the county department or agency with which the department contracts under sub. (1m) to determine eligibility in a particular geographic region or for a particular Indian tribal unit shall administer child care assistance in that geographic region or for that tribal unit. Funding received for this program is budgeted to cover direct operational costs.

Wis. Stat. Ch. 49-Income Maintenance Administration. We are part of a 4 county consortium that administers medical assistance and FoodShare. The county opted to be part of this consortium, but could decide not to provide direct administration of these programs and services; however, the county would still be required to contribute local funding (tax levy) to the consortium for direct operational costs. Administration of child care assistance, as well as, program integrity, fraud and overpayment recovery efforts are also consolidated within the 10 county consortium to further increase accuracy, consistency and efficiency in the administration of these public benefits

CENTRAL WISCONSIN AIRPORT		
Service	Mandated (Yes/No)	Statutory Authority
Airport operations	No	Wis. Stat. § 66.0301

Additional Information: Counties are not mandated to provide regional airport services. Marathon County joined with Portage County to form Central Wisconsin Airport (CWA). However, once the determination is made to operate such a facility, the operator is subject to numerous federal and state regulations. Moreover, because the CWA has accepted federal funds (e.g., FAA funding) throughout its history, any determination relative to continued operations is subject to considerable regulation. CWA is overseen, pursuant to the intergovernmental agreement between Portage and Marathon counties by the Central Wisconsin Airport Board.

Service	Mandated (Yes/No)	Statutory Authority
LIBRARY SITES – (Athens, Edgar, Hatley, Marathon City, Mosinee, Rothschild, Stratford, Spencer, Wausau)	No*	Wis. Stat. § 43.11, 12

Additional Information:

*Counties are not mandated to directly operate library facilities. However, in the event that a county does not directly provide library facilities, the county is required by statute to provide funding for the operations of public libraries within the county, and public libraries in adjacent counties, that serve county residents. Specific information regarding these funding obligations are set forth in section 43.12 of the Wisconsin Statutes. Payments made pursuant to § 43.12 or funds necessary to directly provide county library services under Chapter 43 of the statutes are exempt from Wisconsin levy limits.

Services and materials offered by Marathon County Public Library include, but are not limited to, the following: Books and audiobooks, DVDs and video games, magazines and newspapers, eBook and eAudio collections available through digital access.

Programming including: educational classes and workshops, crafting events, music and theatre performances, movie screenings, story times, experts, authors and other speakers to lead lectures, presentations and workshops on a number of subjects; additional services at varying locations including study and meeting rooms, passport services, computers and internet access, copy/print/fax services, notary public, and material delivery for homebound patrons.

MCPL is a member of and the resource library for the Wisconsin Valley Library Service and a participant in the V-Cat consortium and the Wisconsin Public Library Consortium.

AGING & DISABILITY RESOURCE CENTER OF CENTRAL WISCONSIN		
Service	Mandated (Yes/No)	Statutory Authority
Aging Services	No	Wis. Stat. §§ 46.80, 46.82
Resource Center	No	Wis. Stat. § 46.283

Additional information: Marathon County summary of services provided in the ADRC includes: information and assistance, elderly and disability benefit services, adult protective services, nutrition services, dementia care specialist, volunteer program services, and caregiver support and respite services.

Wis. Stat. § 46.80 – The department's primary responsibility to elderly persons is to assure that all elderly and disabled persons have available and accessible a continuum of care or a wide range of community and supportive services so that they may remain in their homes and neighborhoods for as long as it is possible. The department shall be the mechanism by which governmental and nongovernmental agencies may coordinate their policies, plans and activities with regard to the aging.

Wis. Stat. § 46.82 identifies that a county board of supervisors of a county, the county boards of supervisors of 2 or more contiguous counties or an elected tribal governing body of a federally recognized American Indian tribe or band in this state may choose to administer, at the county or tribal level, programs for older individuals. Chapter 46.80 indicates that the department shall divide the state into distinct planning and service areas and designate a public or private nonprofit agency or organization as the area agency on aging for each planning and service area and we are the designated public agency.

Wis. Stat. § 46.283 identifies that a county board of supervisors may decide to apply to the department for a contract to operate a resource center.

The intergovernmental agreement creating the ADRC-CW provides that the funding allocation from each of the counties cannot be modified without the agreement of each of the county members (Langlade, Lincoln, Marathon, and Wood).

NCHC – Core Programs

Service	Mandated (Yes/No)	Statutory Authority
Behavioral Health Hospital, Community Mental Health, Developmental Disabilities, Substance Use Disorder	Yes	Wis. Stat. § 51.42
Community Support Programs	Yes	Wis. Stat. § 51.421
Care and Custody	Yes	Wis. Stat. § 51.22
Crisis Stabilization Services	No	Wis. Stat. § 51.15; 51.42
Protective Services and Placement	Yes	Wis. Stat. § 55.02
Elder Adult at Risk Agency	Yes	Wis. Stat. § 46.90
Comprehensive Community Services	No	Wis. Stat. § 49.45(30e) (6) Wis. Stat. § 51.42 (7) (6)

Additional Information: On behalf of Marathon County, North Central Health Care delivers services including, but not limited to, alcohol and other drug abuse outpatient services, mental health outpatient services, emergency services, adult protection services, adult community support services, comprehensive community service, psychiatrist and psychologist services, crisis, residential, inpatient, and hospitalization services.

Wis. Stat. § 51.42 identifies that the county board of supervisors has the primary responsibility for the well-being, treatment and care of the mentally ill, developmentally disabled, alcoholic and other drug dependent citizens residing within its county and for ensuring that those individuals in need of such emergency services found within its county receive immediate emergency services. This primary responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds. While counties are not directly mandated to provide crisis stabilization facilities, counties are required to provide care in the least restrictive form necessary. Stabilization facilities serve as a less-restrictive, less costly form of care for individuals discharging from an inpatient setting or as an alternative to an inpatient setting.

Wis. Stat. § 51.42(3) permits a county to meet its obligation through the creation of a multi-county community services program.

Wis. Stat. § 51.421 indicates that if funds are provided, and within the limits of the availability of funds provided under s. 51.423 (2), each county department under s. 51.42 shall establish a community support program. Each community support program shall use a coordinated case management system and shall provide or assure access to services for persons with serious

and persistent mental illness who reside within the community. Services provided or coordinated through a community support program shall include assessment, diagnosis, identification of persons in need of services, case management, crisis intervention, psychiatric treatment including medication supervision, counseling and psychotherapy, activities of daily living, psychosocial rehabilitation which may include services provided by day treatment programs, client advocacy including assistance in applying for any financial support for which the client may be eligible, residential services and recreational activities. Services shall be provided to an individual based upon his or her treatment and psychosocial rehabilitation needs.

Wis. Stat. § 51.22 indicates that except as provided in s. 51.20 (13) (a) 4. or 5., any person committed under this chapter shall be committed to the county department under s. 51.42 or 51.437 serving the person's county of residence, and such county department shall authorize placement of the person in an appropriate facility for care, custody and treatment. The county will incur the cost of these placements if it is not billable to insurance or the consumer.

Individual counties must determine what shall be done to meet these responsibilities in a way that adequately complies with the law. The burden of demonstrating that those responsibilities have been met to an adequate degree falls upon the county. The services, therefore, are not identical in each county even though the same basic mandate exists.

Comprehensive Community Services (CCS) is intended to assist individuals of all ages who are in need of ongoing services for mental illness, substance abuse disorder, or dual diagnosis beyond occasional outpatient care, but less than the intensive care provided in an inpatient setting. While CCS is not a mandated program, county-based governmental entities are the only entity in the state that can be certified.

Wis. Stat. § 55.02 identifies that the chairperson of each county board of supervisors shall designate a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437 that is providing services in the county on its own or through a joint mechanism with another county department or county to have the responsibility for planning for the provision of protective services and protective placement and for directly providing protective services.

Wis. Stat. § 46.90 requires that each county board shall designate an agency in the county as the elder-adult-at-risk agency. "Elder-adult-at-risk agency" means the agency designated by the county board of supervisors under sub. (2) to receive, respond to, and investigate reports of abuse, neglect, self-neglect, and financial exploitation under sub. (4).

NCHC – OTHER PROGRAMS

Service	Mandated (Yes/No)	Statutory Authority
Mount View Care Nursing Home* (Skilled Nursing, Rehabilitation, Dementia Care, Ventilator care)	No	
Adult Day Services	No	
Housing Programs (Group Homes, CBRFs, Riverview Terrace support)	No	
Hope House (Sober Living)	No	
Aquatic Therapy Pool	No	
Demand Transportation – 85.21	No	Wis. Stat. § 85.21
Early Intervention Services (Birth to Three)^	Yes	Wis. Stat. § 51.44

Additional information:

*There is no state statute that mandates a county must own or operate a nursing home, adult day services, housing programs, sober living, or aquatic therapy pool. However, should the county undertake these activities, each program area is subject to significant regulation, including through the acceptance of various funding streams (e.g., medicare/Medicaid).

Wis. Stat. § 85.21 The purpose of this section is to promote the general public health and welfare by providing financial assistance to counties providing transportation services for elderly and disabled persons, and to thereby improve and promote the maintenance of human dignity and self-sufficiency by affording the benefits of transportation services to those people who would not otherwise have an available or accessible method of transportation. The County Board of Supervisors annually authorizes this program to be delivered through a grant application. The service is delivered through both NCHC and City of Wausau Transit. The Wisconsin Department of Transportation provides for financial assistance to deliver the program.

^Wis. Stat. § 51.44 indicates that each county board of supervisors shall designate the appropriate county department under s. 46.21, 46.23 or 51.437, the local health department of the county or another entity as the local lead agency to provide early intervention services. This chapter goes on to read that the department (the state) shall promulgate rules for the statewide implementation of the program. North Central Health Care currently delivers this program through a contract with Marathon County Special Education, which is located on the Lake View Drive Campus.

SOLID WASTE DEPARTMENT

Service	Mandated (Yes/No)	Statutory Authority
Solid Waste Management Operations	No	Wis. Stat. § 59.70(2)(a) and Chs. 144 & 159

Additional Information:

Counties are not mandated to directly provide Solid Waste management and recycling services; however, counties are permitted to engage in these activities, which can provide substantial benefits to local municipalities and residents. Should a county elect to provide said services it becomes subject to a wide variety of state and federal regulations (e.g., air permit, wetland management, engineering, gas management, and groundwater testing).

In addition to solid waste management and site operational programs, Marathon County Solid Waste Department provides a number of related services, including but not limited to Household Hazardous Waste Collection and Management; Agricultural Plastics Recycling, Home Composting, Street Sweeping exemption, Medication Drop Box and Sharps Management, and Municipal Recycling education).

Marathon County has a contractual obligation to provide landfill capacity and disposal to Shawano and Portage Counties through 2032. Marathon County also recently entered into a Gas Purchase Agreement and corresponding site lease with a third party relating to the processing and conversion of landfill gas into energy.

**STATE/MUNICIPAL AGREEMENT
FOR A STATE- LET PROJECT**

**Program Name: Safety (Regular HSIP)
Sub-program #: 206**

Revised Date:
Date: June 21, 2023
I.D.: 9439-02-00 design
9439-02-70 construction
Road Name: CTH N
Limits: CTH N and CTH J intersection
County: Marathon
Roadway Length: 0.1
Functional Classification: Major Collector
Project Sponsor: Marathon County
Construction scheduled for State Fiscal Year: 2025

The signatory, Marathon County, hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and effect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Sections 86.25(1), (2), and (3) and Section 66.0301 of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

All components of the project must be defined in the environmental document if any portion of the project is federally funded. The Municipality agrees to complete all participating and any non-participating work included in this improvement consistent with the environmental document. No work on final engineering and design may occur prior to approval of the environmental document.

Existing Facility - Describe and give reason for request: The existing intersection consists of rural two-lane roadways with 11' lanes and 4' shoulders. The intersection is a two-way stop, with traffic on County Road J having to stop and yield to the County Road N traffic. The area has experienced growth over the past 10 years and traffic volumes have increased on both roadways, particularly on County Road J.

The intersection has been modified by adding a painted median on County Road N, advanced stop sign warnings on County Road J, flashing stop signs, reflective strips on sign posts and notices for County Road J traffic that cross traffic County Road N does not stop.

Other contributing factors are residential properties on three of the four quadrants of the intersection, bridges less than ¼ mile south and east of the intersection, overhead power poles, some trees and native grasses. There is a horizontal curve on the County Road N alignment immediately east of the intersection. Crash information did not demonstrate a constant pattern of crashes for a particular time of day, direction of travel or other similar factors. Ten of the thirteen crashes were right angle crashes.

Proposed Improvement - Nature of work: The proposed project would convert the intersection from a two-way stop to a four-way stop, add a raised median on County Road N to provide a near left stop sign to be placed on County Road N. Add radii curve and gutter to provide additional awareness and constrained lane widths to calm traffic and bridge additional awareness of the intersection.

Describe non-participating work included in the project and other work necessary to completely finish the project that will be undertaken independently by the Municipality. Please note that non-participating components of a project/contract are considered part of the overall project and will be subject to applicable federal requirements: None identified at this time.

The Municipality agrees to the following 2023-2026 Safety (Regular HSIP) project funding conditions:

Project Design and Construction costs are funded with 90% federal funding up to a funding limit of **\$521,380**. The Municipality agrees to provide the remaining 10% and any funds in excess of the **\$521,380** federal funding limit. Non-participating costs are 100% the responsibility of the Municipality. Any work performed by the Municipality prior to federal authorization is not eligible for federal funding. The Municipality will be notified by the State that the project is authorized and available for charging.

This project is currently scheduled in State Fiscal Year 2025. **In accordance with the State’s sunset policy for HSIP projects, the subject 2023-2026 Safety (Regular HSIP) improvement will be deleted from the program if more than five years elapse between program approval and letting to contract. The project should be let by 04/17/2028.** Extensions may be available upon approval of a written request by or on behalf of the Municipality to State. The written request shall explain the reasons for project implementation delay and revised timeline for project completion.

The dollar amounts shown in the Summary of Costs Table below are estimates. The final Municipal share is dependent on the final federal participation, and actual costs will be used in the final division of cost for billing and reimbursement. In no event shall federal or State funding exceed the estimate of \$579,311 in the Summary of Costs Table, unless such increase is approved in writing by the State through the State’s Change Management Policy prior to the Municipality incurring the increased costs.

GENERAL TERMS AND CONDITIONS:

1. All projects must be in an approved Transportation Improvement Program (TIP) or State Transportation Improvement Program (STIP) prior to requesting authorization.
2. Work prior to federal authorization is ineligible for federal funding.
3. The Municipality, throughout the entire project, commits to comply with and promote all applicable federal and state laws and regulations that include, but are not limited to, the following:
 - a. Environmental requirements, including but not limited to those set forth in the 23 U.S.C. 139 and National Environmental Policy Act (42 U.S.C. 4321 et seq.)
 - b. Equal protection guaranteed under the U.S. Constitution, WI Constitution, Title VI of the Civil Rights Act and Wis. Stat. 16.765. The municipality agrees to comply with and promote applicable Federal and State laws, Executive Orders, regulations, and implementing requirements intended to provide for the fair and equitable treatment of individuals and the fair and equitable delivery of services to the public. In addition the Municipality agrees not to engage in any illegal discrimination in violation of applicable Federal or State laws and regulations. This includes but is not limited to Title VI of the Civil Rights Act of 1964 which provides that “no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” The Municipality agrees that public funds, which are collected in a nondiscriminatory manner, should not be used in ways that subsidize, promote, or perpetuate illegal discrimination based on prohibited factors such as race, color, national origin, sex, age, physical or mental disability, sexual orientation, or retaliation.
 - c. Prevailing wage requirements, including but not limited to 23 U.S.C 113.
 - d. Buy America Provision and its equivalent state statutes, set forth in 23 U.S.C. 313 and Wis. Stat. 16.754.
 - e. Competitive bidding and confidentiality requirements set forth in 23 U.S.C 112 and Wis. Stat. 84.06. This includes the sharing of financial data prior to the conclusion of the competitive bid period.
 - f. All applicable Disadvantaged Business Enterprise (DBE) requirements that the State specifies.
 - g. Federal statutes that govern the Surface Transportation Program (STP), including but not limited to 23 U.S.C. 133.
 - h. General requirements for administering federal and state aids set forth in Wis. Stat. 84.03.

STATE RESPONSIBILITIES AND REQUIREMENTS:

4. Funding of each project phase is subject to inclusion in Wisconsin’s approved 2023-2026 Safety (Regular HSIP) program. Federal funding will be limited to participation in the costs of the following items, as applicable to the project:
 - a. The grading, base, pavement, and curb and gutter, sidewalk, and replacement of disturbed driveways in kind.
 - b. The substructure, superstructure, grading, base, pavement, and other related bridge and approach items.
 - c. Storm sewer mains necessary for the surface water drainage.
 - d. Catch basins and inlets for surface water drainage of the improvement, with connections to the storm sewer main.
 - e. Construction engineering incident to inspection and supervision of actual construction work (except for inspection, staking, and testing of sanitary sewer and water main).

- f. Signing and pavement marking.
 - g. Real estate for the improvement.
 - h. New installations or alteration of street lighting and traffic signals or devices.
 - i. Landscaping.
 - j. Preliminary engineering and design.
 - k. State review services.
5. The work will be administered by the State and may include items not eligible for federal participation.
 6. As the work progresses, the State will bill the Municipality for work completed that is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs subject to funding limits in the Summary of Costs Table. If reviews or audits show any of the work to be ineligible for federal/state funding, the Municipality will be responsible for any withdrawn costs associated with the ineligible work.

MUNICIPAL RESPONSIBILITIES AND REQUIREMENTS:

7. Work necessary to complete the 2023-2026 Safety (Regular HSIP) improvement project to be financed entirely by the Municipality or other utility or facility owner includes the items listed below.
 - a. New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.
 - b. Damages to abutting property after project completion due to change in street or sidewalk widths, grades or drainage.
 - c. Detour routes and haul roads. The municipality is responsible for determining the detour route.
 - d. Conditioning, if required and maintenance of detour routes.
 - e. Repair of damages to roads or streets caused by reason of their use in hauling materials incident to the improvement.
 - f. All work related to underground storage tanks and contaminated soils.
 - g. Street and bridge width in excess of standards, in accordance with the current WisDOT Facilities Development Manual (FDM).
 - h. Other 100% Municipality funded items:
8. The construction of the subject improvement will be in accordance with the appropriate standards unless an exception to standards is granted by State prior to construction. The entire cost of the construction project, not constructed to standards, will be the responsibility of the Municipality unless such exception is granted.
9. Work to be performed by the Municipality without federal funding participation necessary to ensure a complete improvement acceptable to the Federal Highway Administration and/or the State may be done in a manner at the election of the Municipality but must be coordinated with all other work undertaken during construction.
10. The Municipality is responsible for financing administrative expenses related to Municipal project responsibilities.

11. The Municipality will include in all contracts executed by them a provision obligating the contractor not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in Wis. Stat. 51.01 (5), sexual orientation as defined in Wis. Stat. 111.32 (13m), or national origin.
12. The Municipality will pay to the State all costs incurred by the State in connection with the improvement that exceed federal/state financing commitments or are ineligible for federal/state financing. To guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from any moneys otherwise due and payable by the State to the Municipality.
13. **In accordance with the State's sunset policy for HSIP projects, the subject 2023-2026 Safety (Regular HSIP) improvement will be deleted from the program if more than five years elapse between program approval and letting to contract. The project should be let by 04/17/2028.** Extensions may be available upon approval of a written request by or on behalf of the Municipality to State. The written request shall explain the reasons for project implementation delay and revised timeline for project completion.
14. If the Municipality should withdraw the project, it will reimburse the State for any costs incurred on behalf of the project.
15. The Municipality will at its own cost and expense:
 - a. Maintain all portions of the project that lie within its jurisdiction (to include, but not limited to, cleaning storm sewers, removing debris from sumps or inlets, and regular maintenance of the catch basins, curb and gutter, sidewalks and parking lanes [including snow and ice removal]) for such maintenance in a manner consistent with reasonable industry standards, and will make ample provision for such maintenance each year.
 - b. Regulate [or prohibit] parking at all times in the vicinity of the proposed improvements during their construction.
 - c. Regulate [or prohibit] all parking at locations where and when the pavement area usually occupied by parked vehicles will be needed to carry active traffic in the street.
 - d. Assume general responsibility for all public information and public relations for the project and to make fitting announcement to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.
 - e. Provide complete plans, specifications, and estimates to State upon request.
 - f. Provide relocation orders and real estate plats to State upon request.
 - g. Use the *WisDOT Utility Accommodation Policy* unless it adopts a policy, which has equal or more restrictive controls.
 - h. Provide maintenance and energy for lighting.
 - i. Provide proper care and maintenance of all landscaping elements of the project including replacement of any plant materials damaged by disease, drought, vandalism or other cause.
16. It is further agreed by the Municipality that:
 - a. The Municipality assumes full responsibility for the design, installation, testing and operation of any sanitary sewer and water main infrastructure within the improvement project and relieves the state and all of its employees from liability for all suits, actions, or claims resulting from the sanitary sewer and water main construction under this agreement.

- b. The Municipality assumes full responsibility for the plans and special provisions provided by their designer or anyone hired, contracted or otherwise engaged by the Municipality. The Municipality is responsible for any expense or cost resulting from any error or omission in such plans or special provisions. The Municipality will reimburse State if State incurs any cost or expense in order to correct or otherwise remedy such error or omission or consequences of such error or omission.
- c. The Municipality will be 100% responsible for all costs associated with utility issues involving the Contractor, including costs related to utility delays.
- d. All signs and traffic control devices and other protective structures erected on or in connection with the project including such of these as are installed at the sole cost and expense of the Municipality or by others, will be in conformity with such *Manual of Uniform Traffic Control Devices* as may be adopted by the American Association of State Highway and Transportation Officials, approved by the State, and concurred in by the Federal Highway Administration.
- e. The right-of-way available or provided for the project will be held and maintained inviolate for public highway or street purposes. Those signs prohibited under federal aid highway regulations, posters, billboards, roadside stands, or other private installations prohibited by federal or state highway regulations will not be permitted within the right-of-way limits of the project. The Municipality, within its jurisdictional limits, will remove or cause to be removed from the right-of-way of the project all private installations of whatever nature which may be or cause an obstruction or interfere with the free flow of traffic, or which may be or cause a hazard to traffic, or which impair the usefulness of the project and all other encroachments which may be required to be removed by the State at its own election or at the request of the Federal Highway Administration, and that no such installations will be permitted to be erected or maintained in the future.
- f. The Municipality is responsible for any damage caused by legally hauled loads, including permitted oversize and overweight loads. The contractor is responsible for any damage caused to haul roads if the contractor does not obey size and weight laws, use properly equipped and maintained vehicles, and does not prevent spilling of materials onto the haul road (*WisDOT Standard Specifications* 618.1, 108.7, 107.8). The local maintaining authority can impose special or seasonal weight limitations as defined in Wis. Stat. 349.16, but this should not be used for the sole purpose of preventing hauling on the road.

The bid item 618.0100 Maintenance and Repair of Haul Roads (project) is ineligible for federal funding on local program projects as per the State/Municipal Agreement. The repair of damages as a result of hauling materials for the project is the responsibility of the Municipality as specified in the State/Municipal Agreement Terms and Conditions under "Municipal Responsibilities and Requirements."

LEGAL RELATIONSHIPS:

- 17. The State shall not be liable to the Municipality for damages or delays resulting from work by third parties. The State also shall be exempt from liability to the Municipality for damages or delays resulting from injunctions or other restraining orders obtained by third parties.
- 18. The State will not be liable to any third party for injuries or damages resulting from work under or for the Project. The Municipality and the Municipality's surety shall indemnify and save harmless the State, its officers and employees, from all suits, actions or claims of any character brought because of any injuries or damages received or sustained by any person, persons or property on account of the operations of the Municipality and its sureties; or on account of or in consequence of any neglect in safeguarding the work; or because of any act or omission, neglect or misconduct of the Municipality or its sureties; or because of any claims or amounts recovered for any infringement by the Municipality and its sureties of patent, trademark or copyright; or from any claims or amounts arising or recovered under the Worker's Compensation Act, relating to the employees of the Municipality and its sureties; or any other law, ordinance, order or decree relating to the Municipality's operations.

19. Contract modification: This State/Municipal Agreement can only be modified by written instruments duly executed by both parties. No term or provision of either this State/Municipal Agreement or any of its attachments may be changed, waived or terminated orally.
20. Binding effects: All terms of this State/Municipal Agreement shall be binding upon and inure to the benefits of the legal representatives, successors and executors. No rights under this State/Municipal Agreement may be transferred to a third party. This State/Municipal Agreement creates no third-party enforcement rights.
21. Choice of law and forum: This State/Municipal Agreement shall be interpreted and enforced in accordance with the laws of the State of Wisconsin. The Parties hereby expressly agree that the terms contained herein and in any deed executed pursuant to this State/Municipal Agreement are enforceable by an action in the Circuit Court of Dane County, Wisconsin.

PROJECT FUNDING CONDITIONS

22. Non-appropriation of funds: With respect to any payment required to be made by the State under this State/Municipal Agreement, the parties acknowledge the State's authority to make such payment is contingent upon appropriation of funds and required legislative approval sufficient for such purpose by the Legislature. If such funds are not so appropriated, either the Municipality or the State may terminate this State/Municipal Agreement after providing written notice not less than thirty (30) days before termination.
23. Maintenance of records: During the term of performance of this State/Municipal Agreement, and for a period not less than three years from the date of final payment to the Municipality, records and accounts pertaining to the performance of this State/Municipal Agreement are to be kept available for inspection and audit by representatives of the State. The State reserves the right to audit and inspect such records and accounts at any time. The Municipality shall provide appropriate accommodations for such audit and inspection.

In the event that any litigation, claim or audit is initiated prior to the expiration of said records maintenance period, the records shall be retained until such litigation, claim or audit involving the records is complete.

24. The Municipality agrees to the following 2023-2026 Safety (Regular HSIP) project funding conditions:
 - a. ID 9439-02-00: Design is funded with **90%** federal funding up to a funding limit of **\$90,488**, where applicable when the Municipality agrees to provide the remaining **10%** and any funds in excess of the **\$90,488** federal funding limit. This phase includes plan development and state review. The work includes project review, approval of required reports and documents and processing the final Plan, Specification & Estimate (PS&E) document for award of the contract. Costs for this phase include an estimated amount for state review activities, to be funded **90%** with federal funding and **10%** by the Municipality.
 - b. ID 9439-02-70: Construction:
 - i. Costs for construction, including state oversight and engineering are funded with 90% federal funding up to a funding limit of **\$430,892**, when the Municipality agrees to provide the remaining 10%, and any funds in excess of the **\$430,892** federal funding limit.

1	Workday ERP Phase 2	Complete scope identified in the ERP Implementation project, plus additional scope identified to increase efficiencies or optimize the system.	Tue 4/30/24	<input type="checkbox"/> Green	<p>Changed Percent Complete from 25% to 30%. Adaptive Planning: Budgeting process. Revenue/Operating Expense, and Workforce Planning testing is ongoing. The first round of knowledge transfer is scheduled for the week of June 26th. The go-live was pushed to August 4th due to Finance resource constraints in all entities.</p> <p>Prism Analytics: Converting data from Cayenta for reporting within Workday. Reports have been created, explained and turned over to Finance and HR for their review. Initial feedback is that the data looks complete. While the last day to pull files from Cayenta is June 30th, we have time after that to customize the reports that use the data.</p> <p>Reporting: HR has two remaining reports on their list to complete. Finance is continuing to work on reports. An outside resource was brought in to work on the complex reports until our internal resources can take the needed classes.</p> <p>Integrations: Amazon - pushed to February of 2024 due to Finance resource constraints.</p>	30%	In Progress

All the new credit card readers are installed and configured on our side. Communication settings sent to Teller for configuration on their side. Configuration issues continue to be addressed. Lockbox and vendor interfaces waiting on Teller or vendor.	10%	In Progress
2	RFP for Multi-Function Device vendor	The Marco printing contract is coming due for renewal. We will be putting the MFD contract out for RFP and will renew prior to August when the contract expires. Inventory and assessment of MFD needs to be completed prior to creating the RFP. Complete contracting with selected vendor.	Mon 7/31/23	<input type="checkbox"/> Green	Changed Percent Complete from 45% to 50%. Into final selection of respondent, and beginning negotiations of terms and pricing.	50%	In Progress
3	Lake View buildings on NCHC campus remodeling	Remodeling projects for the Lake View buildings on the NCHC campus	Thu 8/31/23	<input type="checkbox"/> Green	Changed Percent Complete from 85% to 90%. Construction in the conference center will be at a point that TVs and projection screens can be installed in mid July. Additional power and data cabling was agreed and will be completed prior to installing the remaining AV equipment (most likely in early Aug). Network equipment in the new data closet for the conference center will also be installed prior to the AV controllers being installed in the closet. The design for digital signage layouts is underway and Installation of of the digital signage software will begin in the next couple weeks. Once the base templates are ready then content creation can begin.	90%	In Progress
4	18NC100 NCHC Addition and Remodel	Construction for the final phases of the North Central Healthcare campus master facility plan will require CCITC to provide network infrastructure and provision/move desktop hardware. IT costs will be covered by funding already approved for 2018 NCHC master facility plan.	Thu 8/31/23	<input type="checkbox"/> Green	NCHC D/F Wing: Purchasing/Central Supply is now ready to move into their new space. CCITC will assist with moving 4 computers for the purchasing office staff and dock workers. Relocation of Adult Crisis Stabilization and MMT to the second floor is still pending a license prior to move in. Moves will be scheduled for July or August: 1st move week - Accounting, Patient Finance, and IMS 2nd move week - HR, Dejan, Safety and Security, Compliance, Marketing, Gary and Debbie	85%	In Progress

5	Moving SIP trunks from our current T1s	Moving SIP trunks from our current T1s	Fri 8/25/23	 Green	In the process of requesting disconnects on physical lines. Working through some FAX protocol issues.	85%	In Progress
6	Chassis switch replacements - County	Replacement plan for the Cisco 4506 switches that will be end of life in 2023. Planning a phased approach for replacement of 3 to 5 switches per year. A switch creates a computer network by connecting multiple computer devices together. Each PC, laptop, printer, cameras, phone, etc on our network physically has a cable that goes to a wiring closet and plugs in to a switch. Typically, each switch has 48 ports to connect 48 different devices together.	Fri 11/3/23	 Green	Changed Percent Complete from 40% to 45%. Three new chassis switches are being configured for placement.	45%	In Progress
6	RFP - Internet Firewall replacement	Last year, responding to COVID we upgraded our VPN firewalls. Now we are also reaching capacity limits on our Internet facing firewalls. Replace existing redundant Firewalls for greater capacity and secured access to the Internet.	Fri 9/29/23	 Green	Due to resource constraints, release was postponed until Mid June.	15%	In Progress
7	Server 2012 remediation	Microsoft Server 2012 and 2012/R2 will be at end of support on October 10th 2023. Once the server is end of support, no security updates will be available. Each of the 170+ servers will need to either decommissioned, newly built on a current operating system, upgraded in place or moved to Azure so they will receive security updates.	Thu 2/29/24	 Green	Changed Percent Complete from 30% to 50%. The majority of application server OS upgrades are in progress or complete. Most of the applications were (or are scheduled with vendors to be) installed on new servers while others were upgraded in place. The next push during July - Oct is moving infrastructure systems servers to new Server OS. Many of the upgrades necessary to move to new Server OS would have been considered projects on their own so it is a tremendous amount of work to do them simultaneously under the Server Remediation umbrella.	50%	In Progress

More than 250 virtual servers are running on this new hardware!</p>	99%	Post Go-live
13	Marathon County Judiciary Video Court	Currently the Marathon County Circuit Courts are utilizing Zoom to manage court cases and hearings that are approved by the State Supreme Court. Marathon County Judges and the Court Commissioner are in need of a robust and reliable video court solution that is not dependent upon a third-party solution. An effective solution would provide significant efficiencies and move cases along more expeditiously.	Fri 12/29/23	<input type="checkbox"/> Green	<p>Changed Percent Complete from 55% to 65%. Quotes were received for all needed hardware, power/data wiring, and installation fees for the remaining six courtrooms. Costs were compared to budget and approved and orders placed. Once provisional ship dates for the equipment are provided will begin scheduling a week for installation in each courtroom.</p>	65%	In Progress

14	Asset Management	<p>Department is looking to choose an AM software for both its vertical and in-ground infrastructure. Once a software is selected an engineering firm will be hired to implement the software for use by selected divisions of the department.</p> <p>Per Project Prioritization Committee can proceed with system selection but the goal is to implement a solution that meets both City and County needs.</p>	Mon 12/30/24	<input type="checkbox"/> Green	<p>Meeting held with Marathon County and City of Wausau (Administrator and Mayor). Decision made to look at a three phase implementation of an asset management project to start with Facility Management to ensure the new water plants are getting the proper maintenance. Followed by Fleet Vehicle and Electronic Work Order / Time Keeping modules.</p> <p>CIP request for the city and county will be submitted for 2024 with a total dollar amount broken down by phase.</p> <p>Next steps: 3rd Quarter 2023 - Release RFP 4th Qtr 2023 / 1st Qtr 2024 - Select Vendor - Contract 2024 - Implement Facility Management (Vertical Assets) portion of project. 2025 - Fleet Vehicle Maintenance / Horizontal Asset Inclusion (Sewers / Streets, etc).</p>	1%	In Progress
15	Project Portfolio Management Tool	<p>CCITC Board requesting a review of our Project Prioritization process that we are currently utilizing to approve and prioritize projects and assign work. Currently we have more project work than resources to accommodate the incoming requests.</p> <p>Project scope was broadened to implement an integrated Project Portfolio Management and IT Service Management solution. Goal is to have integrated work management for CCITC staff across projects and service management.</p>	Fri 6/30/23	<input type="checkbox"/> Green	<p>Changed Percent Complete from 97% to 99%. NCHC IMS is now live on TeamDynamix ticketing and a New User Request process in TeamDynamix is ready for go-live, pending completion of training/communications. A new TeamDynamix analyst joined CCITC and is quickly getting up to speed on system administration and assisted greatly in finalizing the workflows, having been previously part of the IMS team.</p> <p>The project will be closed in the next couple weeks and will transition to normal support/maintenance mode.</p>	99%	In Progress
15	Open Records Management application selection and implementation	<p>Currently the tracking of open record requests is a manual process. Want to implement an IT Application for tracking open records that would allow: Initiating open record request through a portal for public or by City/County/NCHC employees. 16	County Website Redesign & Plan Under Obj. 12.3	Update website to a more modern, customer focused, and service centric site while maintaining ADA compliance. Better serve constituents of Marathon County with a website that is updated to a modern look and feel, a succinct representation of the County, and easier for customers to find answers without having to contact internal departments, which results in unnecessary delay for customers and increased interruptions and inefficiency for staff.	Fri 6/30/23	<input type="checkbox"/> Green	Changed Percent Complete from 80% to 90%. City is now live. Final content tweaks going in on County site for July go-live	90%	In Progress
18	Opsgenie	Opsgenie is a notification platform that will allow our email alerts to be directed to the appropriate on-call CCITC staff. Escalation and response is built into the platform.	Fri 12/29/23	<input type="checkbox"/> Green	No progress on this Project due to Workday Priorities	16%	In Progress
19	Fiber connection from Courthouse to Police and Fire and Metro	Our current connection to the police, fire and Community Development is via ancient Charter cable that we were granted in the 1980s as part of the cable franchise agreements for Marcus cable. With legal changes that happened in Madison within the last few years we cannot expect to continue to get that connection for free. In addition, it's not as fast as fiber.	Fri 9/29/23	<input type="checkbox"/> Green	Changed Percent Complete from 17% to 20%. Final contract sent to vendor for signature	20%	In Progress
