The Board of Adjustment, if they choose has the authority to place this requirement on a Conditional Use Permit in order to protect the need of the public, but there would not be a blanket requirement for a fence or wall. The committee was asked to review and provide input on the text amendments. 2. Rhinelander Ash Payments

During the term of the Agreement and until Final Closure, Ahlstrom-Munksjo shall pay the City of Mosinee an annual payment of \$20,000 when Rhinelander Ash is transported to or disposed of by any person at the Fill Area. No payment is required if no Rhinelander Ash is transported to or disposed of by any person at the Fill Area during a calendar year. No payment is required if Rhinelander Ash is used for Beneficial Use only during a calendar year. Payments shall be made by the end of January each year.

ARTICLE XI

OTHER CONSIDERATIONS

A. Insurance.

1. Requirement to maintain insurance.

Ahlstrom-Munksjo shall add the City, County and Town as additional insureds on its current Environmental Liability Insurance policy (the Current Policy), which covers the Fill Area. The amount of coverage and the type of liability covered by the Current Policy are described in Appendix F. This policy shall be maintained through its expiration date of February 7, 2021.

Thereafter, prior to the expiration of the Current Policy so that there is no lapse in coverage, and during the term of this Agreement and for forty (40) years after Final Closure Ahlstrom- Munksjo shall obtain and maintain replacement Environmental Liability Insurance (the Replacement Policy) covering the same type of liability as set forth in Appendix G and shall add the City, Town and County as additional insureds on the Replacement Policy. The Replacement Policy shall have minimum aggregate coverage of \$5,000,000 with a minimum coverage of \$5,000,000 for each incident and a maximum deductible of \$500,000 for each incident. Ahlstrom-Munksjo shall provide the City, Town and County with a certificate of insurance for the Current Policy and each Replacement Policy.

The type of liability covered by the Replacement Policy is set forth in Appendix G. The 2019 premium for a 3-year Replacement Policy with minimum aggregate coverage of \$5,000,000, with a minimum coverage of \$5,000,000 for each incident and a maximum deductible of \$500,000 for each incident, is \$40,091. The 2019 Annual Average Premium for calculating costs of a future Replacement Policy for purposes of this Agreement is therefore: \$13,364. Ahlstrom may, in its sole discretion, acquire Replacement Policies with a term longer than 3 years.

2. Negotiation in the event of premium increases.

If, at the end of each policy renewal period after entry into this Agreement, the average annual premium on such policy has increased by an amount in excess of the 2019 Annual Average Premium adjusted for inflation by the consumer price index CPI-U, Ahlstrom-Munksjo may notify the City, Town and County that it wishes to reopen the insurance clause of this Agreement. Upon receipt of notice, the parties shall negotiate in good faith for a modification to the insurance policy requirements to provide for such coverage as may be obtained for a premium cost at or within the amount of the 2019 Annual Average Premium as

adjusted for inflation. If the City, Town and County all deem that the coverage which may be obtained at or within the 2019 Annual Average Premium as adjusted for inflation is inadequate, the parties shall negotiate in good faith for an alternate form of assurance, the cost of which shall not exceed the 2019 Average Annual Premium as adjusted for inflation.

3. Negotiation in the event insurance is no longer available in the market.

If at any time Environmental Liability Insurance coverage is no longer available in the insurance market, Ahlstrom-Munksjo shall notify the City, Town and County at least 90 days prior to the expiration of the then-existing insurance policy and the parties shall negotiate in good faith for an alternate form of assurance against the same type of liability set forth in Appendix G. The average annual cost of such alternative form of assurance shall not exceed the 2019 Annual Average Premium adjusted for inflation.

If the parties are unable to agree on an alternate form of assurance prior to the expiration of the then-existing insurance policy, then no later than the expiration date of the then-existing insurance policy, Ahlstrom shall deposit with the City Treasurer of the City of Mosinee a sum equal to \$40,091 adjusted for inflation by the consumer price index CPI-U to be held for the benefit of the City, Town and County and to be applied only toward the cost of an alternate form of assurance. If the parties are able to negotiate an alternate form of assurance that does not require the payment of some or all of the deposit, any unused portion of the deposit shall be returned to Ahlstrom within 30 days of the written agreement on the alternate form of assurance.

B. Additional Expenses.

1. Reimbursements.

Ahlstrom-Munksjo, during the term of this Agreement and for forty (40) years after Final Closure, shall reimburse within thirty (30) days after the City, County or Town submits a written invoice, any reasonable and necessary costs incurred or any reasonable and necessary services provided by the City, County or Town in responding to or acting upon the following Emergencies:

- a. Fires, explosions, accidents or any other Emergency occurring at the Solid Waste Facility or on property related to or associated with the Solid Waste Facility or fires, explosions, accidents or any other Emergency occurring as a result of Disposal Operations, construction, operation, maintenance, disposal, Closure or Long-Term Care of the Solid Waste Facility or as a result of any transportation of Solid Waste Approved For Disposal to or from the Solid Waste Facility.
- b. Spills or discharges of Solid Waste Approved For Disposal or Hazardous Wastes which occur during the transport by Ahlstrom-Munksjo of Solid Waste Approved For Disposal to or from the Solid Waste Facility.

2. Specialized Equipment.

The City, County or Town, during the term of this Agreement and for forty (40) years after Final Closure, shall not be obligated, nor have any duty or responsibility in any way to Ahlstrom-Munksjo to acquire or supply any additional or specialized machinery or equipment to be used for the above-noted occurrences in subsection B.1. or for any other Emergency or occurrence at the Solid Waste Facility

3. Additional Personnel.

The City, County or Town, during the term of this Agreement and for forty (40) years after Final Closure, shall not be obligated, nor have any duty or responsibility in any way to Ahlstrom-Munksjo to employ or retain any additional or specialized personnel to be used for the above-noted occurrences in subsection B.1. or for any other Emergency or occurrence at the Solid Waste Facility.

ARTICLE XII

DEFENSE OF LITIGATION AND INDEMNIFICATION

A. Defense of Lawsuits.

Upon notice from the City, County or Town, Ahlstrom-Munksjo shall at its expense by counsel reasonably satisfactory to the City, County or Town defend the City, County and Town, any elected City, County or Town official acting in his/her official capacity, any employee of the City, County or Town acting within the scope of his/her employment and/or any officially appointed member of the Local Committee acting in his/her official capacity, against any lawsuit, claim, proceeding or action brought by any third party(ies) arising out of this Agreement or the construction, operation, maintenance or Long-Term Care of the Solid Waste Facility. Ahlstrom-Munksjo shall bear all costs, attorneys' fees, expenses and liabilities incurred in the defense of any such claim, proceeding or action brought thereon. In the event that Ahlstrom-Munksjo fails to meet its obligation to defend any claim, proceeding or action, the City, County or Town, any elected City, County or Town official acting in his/her official capacity, any employee of the City, County or Town acting within the scope of his/her employment and/or any officially appointed member of the Local Committee acting in his/her official capacity, shall be entitled to reimbursement from Ahlstrom-Munksjo for the costs, attorneys' fees, expenses and liabilities they incur in their own defense.

B. Indemnity.

Ahlstrom-Munksjo shall indemnify and hold harmless the City, County and Town, any elected City, County or Town official acting in his/her official capacity, any employee of the City, County or Town acting within the scope of his/her employment and/or any officially appointed member of the Local Committee acting in his/her official capacity, from and against all damages, judgments or awards arising out of any claims, proceedings or actions arising from this Agreement or the construction, operation, maintenance or Long-Term Care of the Solid Waste Facility.

1. Limitations of Indemnity.

Notwithstanding the language in subsections A and B above, Ahlstrom-Munksjo need not indemnify the City, County or Town, any elected City, County or Town official acting in his/her official capacity, any employee of the City, County or Town acting within the scope of his/her employment and/or any officially appointed member of the Local Committee acting in his/her official capacity for any intentional tort, any wanton or willful act, or misconduct,

or for punitive damages or where the injuries or damages were caused solely by the negligence of the City, County or Town, their elected officials, officers, employees, agents or independent contractors, or by a member of the Local Committee or any combination thereof.

2. Preservation of Defenses.

Ahlstrom-Munksjo agrees that notwithstanding anything to the contrary contained in this Agreement, no provision hereof shall be a waiver of, or otherwise constitute estoppel of, the City, County or Town, any elected City, County or Town official acting in his/her official capacity, any employee of the City, County or Town acting within the scope of his/her employment and/or any officially appointed member of the Local Committee acting in his/her official capacity, or their insurers to rely upon and assert the limitations, defenses and immunities provided by Wisconsin law, including but not limited to those set forth in sections 893.80, 895.52 and 345.05, Wisconsin Statutes.

3. Limit of Liability by City, County or Town.

To the extent that this Agreement provides for an indemnification by the City, County or Town of other parties and to the further extent that such indemnification is available and enforceable under law, the City, County or Town, or their insurers shall not be liable in indemnity or by contribution or by any other theory of law, for any amount greater than the limits of liability for municipal claims as established by applicable Wisconsin law.

4. Prohibition on Personal Liability

Under no circumstances shall any of the City, County or Town's alderpersons, council members, board members, officers, officials, members, attorneys, employees or agents have any personal liability arising out of this Agreement, and no party to this Agreement shall make a claim of personal liability arising out of this Agreement against another individual herein mentioned.

ARTICLE XIII

LOCAL APPROVALS WAIVED

This waiver (the “Waiver”) shall continue until forty (40) years after closure of the Solid Waste Facility or until the Long-Term Care responsibility of Ahlstrom-Munksjo for the Solid Waste Facility ceases.

This Waiver does not extend, however, to any expansion of the capacity or limits of waste for the Solid Waste Facility. The Waiver shall extend to Long-Term Care operations which Ahlstrom-Munksjo must undertake pursuant to the DNR regulations pertaining to the Solid Waste Facility. The Waiver shall be applicable and effective only as to Ahlstrom-Munksjo, its officers, its employees, and its agents; provided, however, in the event of a transfer of ownership of all or part of the Solid Waste Facility, the Waiver shall apply and be effective as to the successor owner or assignee of the Solid Waste Facility.

ENVIRONMENT PROTECT PREMISES

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is or is not covered. Words and phrases that appear in **bold** type have special meaning. Refer to the section titled – **DEFINITIONS**. All of the coverages contain claims-made and reported requirements. This policy provides defense within the limits of coverage.

In consideration of the payment of premium, in reliance upon the statements of the Declarations made a part hereof, subject to all of the terms of this policy including the applicable limits of liability, the Company agrees with the **named insured** as follows:

Only those coverage sections indicated on the Declarations are applicable.

Section 1 – Insuring Agreements**A. Own Site Clean-up Costs**

The Company will pay on behalf of the **insured**, **clean-up costs** resulting from a **pollution condition** on or under the **insured's own site** provided:

1. The discovery of the **pollution condition** is first made during the **period of insurance** and reported to the Company as soon as possible during the **period of insurance**; or
2. The **insured** is legally obligated to pay as a result of a **claim** for **clean-up costs** resulting from a **pollution condition**, and such **claim** is first made against the **insured** and reported to the Company during the **period of insurance**, or any **extended reporting period**, if applicable.

B. Off Site Clean-up Costs

C. Third Party Claims for Bodily Injury or Property Damage

The Company will pay on behalf of the **insured**, **loss** that the **insured** becomes legally obligated to pay as a result of a **claim** for **bodily injury** or **property damage** resulting from a **pollution condition** on, under or migrating from or through and beyond the boundaries of the **insured's own site**, provided such **claim** is first made against the **insured** and reported to the Company during the **period of insurance**, or any **extended reporting period**, if applicable.

D. Emergency Response Costs

The Company will pay on behalf of the **insured**, **emergency response costs** incurred by or on behalf of the **insured** in response to a **pollution condition** on, under or migrating from or through and beyond the boundaries of an **Insured's own site** or arising from **transportation** or resulting from a **covered operation** provided the **emergency response costs** be incurred within ninety six (96) hours of the commencement of such a **pollution condition**, and reported to the Company within ten (10) days of the commencement of such a **pollution condition** and the corresponding coverage was purchased as stated in the Declarations.

E. Transportation

The Company will pay on behalf of the **insured**, **loss** that the **insured** becomes legally obligated to pay as a result of a **claim** for **bodily injury**, **property damage**, or **clean-up costs** resulting from a **pollution condition** caused by **transportation**, provided such **claim** is first made against the **insured** and reported to the Company during the **period of insurance**, or any **extended reporting period**, if applicable.

Section 2 – Defense**A. Defense**

AGRL-PO 2010 (09-16)

Page 2 of 19

The Company has the right and the duty to defend the **insured** against a **claim** to which this insurance applies. The Company does not have the duty to defend the **insured** against any **claim** to which this insurance does not apply. The Company will not be obligated to defend the **insured** once the applicable Limit of Liability has been exhausted as provided in Section 3 of this Policy.

Upon the **insured's** satisfaction of any applicable deductible amount, defense costs, charges and expenses will be paid by the Company and such payments will be included as **loss** and reduce the available limits of liability. With respect to any such **claim** being defended by the Company, the Company will pay all reasonable expenses incurred by the **insured** at the Company's request to assist in the investigation or defense of the **claim**, including actual loss of earnings up to \$500 a day because of time away from work subject to an aggregate limit of \$10,000 for such expenses.

B. Consent to Settle

The Company will not settle any **claim** without the consent of the **insured** against whom the **claim** is made. However, if the **insured** refuses to consent to any settlement for **loss** above the amount of the deductible recommended by the Company, the Company's duty to defend the **insured** will then cease and the Company's liability for **loss** will not exceed the amount for which the **claim** could have been settled, less the deductible or the outstanding balance of the deductible.

If the **insured** and the Company jointly agree to use mediation as a means to resolve a **claim** made against the **insured**, and if such **claim** is resolved as a direct result of the mediation, the **insured's** deductible obligation will be reduced by 50%, up to a maximum of \$50,000. The Company will reimburse the **insured** for any such reimbursable deductible payment made prior to the mediation as soon as practicable upon reaching a final settlement.

C. Independent Counsel

In the event the **insured** is entitled by law to select independent counsel at the Company's expense, the attorney fees and all other litigation expenses the Company must pay to that counsel are limited to the rates the Company would pay to counsel the Company would have retained in the defense of similar claims in the community where the **claim** arose or is being defended. Such independent counsel must also meet minimum qualifications with respect to competency and experience in defending claims similar to the one pending against the **insured**, standards which the Company deem appropriate.

Section 3 – Limits of Liability and Deductible

Regardless of the number of **insureds**, **claims**, claimants, any **pollution condition**, or **emergency response costs**, the following limits of liability apply:

A. Policy Aggregate Limit

The policy aggregate limit as stated in the Declarations is the most the Company will pay for all **loss** under Insuring Agreements A through H, covered under this Policy.

B. Coverage Limit

Subject to the policy aggregate limit:

1. The Company's total liability for all **loss** under each Coverage in Insuring Agreements A through G, will not exceed the Coverage Section Aggregate Limit stated in the Declarations applicable to that particular coverage section; and
2. The Company's total liability for all **business interruption expense** and **extra expense** covered under Insuring Agreement H, will not exceed the Coverage Section Aggregate Limit stated in the Declarations.

C. Each Incident Limit

Subject to the policy aggregate limit, the most the Company will pay for all **loss** arising out of the same, related or continuous **pollution condition(s)** is the Each Incident Limit of coverage applicable to such coverage stated in the Declarations.

D. Multiple Coverages

If the same, related or continuous **pollution condition(s)** result in coverage under more than one coverage section, the most the Company will pay for all **loss** arising from such **pollution condition(s)** will not exceed the highest Each Incident Limit of coverage as stated in the Declarations among all the coverage sections.

E. Multiple Policies

If a **claim** for **loss** is reported to the Company during the **period of insurance**, then all **claims** that result from the same continuous or related **pollution condition(s)** reported to us during subsequent policies issued by the Company providing coverage substantially the same as that provided by the applicable coverage part of this Policy, will be deemed to have been made during this **period of insurance** and all **claims** arising from all such **loss** will be deemed to have arisen from one **pollution condition(s)** and will be subject to the Each Incident Limit applicable to this Policy.

F. Deductible

1. With respect to Coverage A through G and subject to the policy aggregate limit and coverage section aggregate limit, the Company will pay all **loss** in excess of the deductible amount stated in the Declarations for the applicable coverage, up to but not exceeding the applicable Each Incident Limit of coverage. In the event that more than one deductible amount can apply to the same **pollution condition(s)** and results in coverage under more than one coverage section, only the highest deductible amount will be applied.

The Company may advance payment of part or all of the deductible and, upon the Company's request, the **insured** will promptly reimburse the Company.

2. With respect to Coverage H and subject to the policy aggregate limit, coverage section aggregate limit and Each Incident Limit stated in the Declarations, the

Company will pay all **business interruption expense** and **extra expense** in excess of the Each Incident Deductible (days) as stated in the Declarations.

A. Action against company

No action will be brought against the Company unless, as a condition precedent thereto:

1. The **insured** has fully complied with all of the terms of this Policy; and
2. The amount of the **insured's** obligation to pay has been finally determined either by judgment against the **insured** after actual trial or by written agreement of the **insured**, the claimant and the Company.

Any person or organization or the legal representative thereof who has secured such judgment or written agreement will thereafter be entitled to recover under this Policy to the extent of the insurance afforded by this Policy. No person or organization will have any right under this Policy to join the Company as a party to any action against the **insured** to determine the **insured's** liability, nor shall the Company be impleaded by the **insured** or its legal representative.

B. Assignment

This Policy and any rights contained within it may not be assigned without the Company's prior written consent. Such consent will not be unreasonably withheld or delayed.

C. Bankruptcy

Bankruptcy or insolvency of the **insured** or of the **insured's** estate will not relieve the Company of its obligations under this Policy.

D. Cancellation

This Policy may be cancelled by the **named insured** by mailing to the Company written notice stating when thereafter the cancellation will be effective.

The Policy may be cancelled by the Company by mailing to the **named insured** at its address set forth in the Declarations, a notice stating when not less than ninety (90)

days, or ten (10) days for nonpayment of premium thereafter such cancellation will be effective. The Company may cancel this Policy only for the reasons stated below:

1. Fraud or misrepresentation by the **insured**; or
2. The **insured's** failure to comply with the material terms, conditions or contractual obligations under this Policy, including the failure to pay any premium or Deductible when due. However the **insured** shall have the ability, within the first thirty (30) days of the ninety day notice period stated above, to cure such failure to comply with material terms, conditions, or contractual obligations. The Company has sole discretion in determining whether the **insured** has cured any such failure. However, in the event of failure to pay any additional premium due for the addition of an **insured's own site** during the **period of insurance**, cancellation shall only apply to coverage provided for that particular **insured's own site** for which additional premium is due but not paid.

If the **named insured** cancels, earned premium will be computed in accordance with the customary short rate table and procedure. If the Company cancels, earned premium will be computed pro rata.

Premium adjustment will be either at the time cancellation is effected or as soon as practicable after cancellation becomes effective. Payment or tender of unearned premium is not a condition of cancellation.

E. Changes

Notice to any agent or knowledge possessed by any agent or by any other person will not effect a waiver or a change in any part of this Policy or estop the Company from asserting any right under the terms of this Policy. The terms, definitions, conditions, exclusions and limitations of this Policy will not be waived or changed, and no assignment of any interest in this Policy will bind the Company, except as provided by endorsement and attached to this Policy.

F. Economic Sanctions

Any payment under this Policy will only be made in full compliance with all United States of America economic and trade sanction laws or regulations, including but not limited to, sanctions administered and enforced by the United States Treasury Department's Office of Foreign Assets Control. Whenever coverage provided by this Policy would be in violation of any U.S. economic or trade sanctions such as, but not limited to, those sanctions administered and enforced by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC"), such coverage shall be null and void.

G. Cooperation

The **insured** will cooperate with the Company and offer all reasonable assistance in the investigation and defense of **claims** or settlement of any **claim** or the clean-up and mitigation of a **pollution condition**. The Company may require the **insured** to submit to examination under oath or attending or testifying at hearings, depositions and trials. The Company may also require written statements or the **insured's** attendance at meetings with the Company, in the course of investigation. The **insured** must assist the Company in effecting settlement and obtaining the attendance of witnesses.

H. Inspection

The Company will be permitted but not obligated to inspect, sample or monitor on a continuing basis the **insured's own site** or operations, at any time. No such inspection will constitute an undertaking, on behalf of the **insured** or others, to determine or warrant such property or operation as compliance with any law, rule or regulation.

I. Other insurance

If other valid and collectible insurance is available to any **insured** covering a **loss, claim, or pollution condition**, also covered by this Policy, other than a policy that is specifically written to apply in excess of this Policy, the Company's obligations are limited as follows:

1. Except with respect to **loss** or **claims** arising in whole or in part to **microbial matter** or Legionella pneumophila, this insurance is primary, and the Company's obligations are not affected unless any of the other insurance is also primary. In such a case, the Company will share with all such other insurance by the method described in paragraph 2 and 3 below.
2. If the other insurance permits contribution by equal shares, the Company will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the **loss** remains, whichever comes first. If any of the other insurance does not permit contribution by equal shares, the Company will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.
3. With respect to **loss** arising in whole or in part to **microbial matter** or Legionella pneumophila, the insurance afforded by this Policy will apply in excess of any valid and collectible insurance and will not contribute with other insurance.

J. Representations

By accepting this Policy, the **named insured** agrees that the statements in the Declarations, schedules and endorsements to, and Application are accurate and complete, and this Policy is issued in reliance upon the truth of such representations.

K. Separation of insureds

Except with respect to the Limits of Liability, **Section 5**, Paragraph F, and any rights and duties assigned in this Policy to the **named insured**, this insurance applies as if each **insured** were the only **insured** and separately to each **insured** against whom a **claim** is made.

Any misrepresentation, act or omission that is in violation of a term, duty or condition or breach of any exclusion under this Policy by one **insured** will not by itself effect coverage for another **insured** under this Policy. However, this Condition will not apply to any entity or person who is a parent, subsidiary, affiliate, director, officer, partner,

member or employee of the **named insured** that misrepresented, concealed or breached a term or condition, or violated a duty under this Policy.

L. Subrogation

In the event of any payment under this Policy, the Company will be subrogated to all the **insured's** rights of recovery therefor against any person or organization and the **insured** will execute and deliver instruments and papers and do whatever else is necessary to secure such rights including but not limited to, assignment of the **insured's** rights against any person or organization who caused a **pollution condition** on account of which the Company made any payment under this Policy. The **insured** will do nothing to prejudice the Company's rights under this paragraph. Any recovery as a result of subrogation proceedings arising out of the payment of **loss** or **business interruption expense** covered under this Policy will accrue first to the **insured** to the extent of any payments in excess of the limit of coverage; then to the Company to the extent of the Company's payment under the Policy; and then to the **insured** to the extent of the Deductible. Expenses incurred in such subrogation proceedings will be apportioned among the interested parties in the recovery in the proportion that each interested party's share in the recovery bears to the total recovery. The Company expressly waives any rights of subrogation against a person or organization where the **insured** is obligated to provide such waiver in a written contract entered into prior to the date of **loss** or **claim**.

M. Territory

The coverage afforded pursuant to this Policy will only apply to any **pollution condition** located, and **claims** made within the United States of America, its territories or possessions or Canada.

N. Voluntary payments

No **insured** will voluntarily enter into any settlement, or make any payment or assume any obligation, without the Company's consent which will not be unreasonably withheld, except at the **insured's** own cost. This Condition will not apply if such payment or obligation is an **emergency response cost** or is pursuant to **environmental laws** that require immediate remediation of a **pollution condition**.

Section 7 – Claims and Notice Requirements

- A. As a condition precedent to the Company's obligations under this Policy, the **insured** will give written notice to the Company as soon as practicable of any **pollution condition** which may result in a **claim**. Notice under all coverages will include:
1. The names and addresses of any injured persons and witnesses;
 2. All known and reasonably obtainable information regarding the time, place, cause, nature of and other circumstances of any **pollution condition**; and
 3. Any other relevant information in the **insured's** possession concerning any actual or potential pollution.

- B. If **emergency response costs** have been incurred, the **insured** will forward to the Company within ten (10) days of the first commencement of any **pollution condition** for which the **emergency response costs** have been incurred, all information stated in paragraph A above.
- C. The **insured** will give notice to the Company of all **claims** as soon as practicable during the **period of insurance**, or during the **extended reporting period**, if applicable. The **insured** will submit all information requested by the Company, including but not limited to:
1. Any demands, notices, summonses, or legal papers received in connection with the **claim**;
 2. Authorize the Company to obtain records and other information;
 3. Assist the Company in the enforcement of any right against any person or organization which may be liable to the **insured**.
- D. If during the **period of insurance**, the **insured** first becomes aware of a **possible claim**, the **insured** may provide written notice to the Company during the **period of insurance**; then any **possible claim** which subsequently becomes a **claim** made against the **insured** and reported to the Company within five (5) years after the end of the **period of insurance** of this Policy or any continuous, uninterrupted renewal thereof, will be deemed to have been first made and reported during the **period of insurance** of this Policy. Such **claim** will be subject to the terms, conditions and limits of coverage under this Policy.

Section 8 – Rights and Duties

- A. The Company will have the right but not the duty to clean up or mitigate a **pollution condition**, and to participate in decisions regarding **clean-up costs** and to assume direct control over all aspects of the clean-up, upon receiving notice as stated in this Policy. In the event the Company exercises this right, the **insured** will reimburse the Company for any portion of **loss** falling within the Deductible.
- B. The **named insured** will have the duty to mitigate a **pollution condition** to the extent required by **environmental law**, by retaining competent professionals or contractors mutually acceptable to the Company and **named insured**. The Company reserves the right to require such professionals or contractors have minimum qualifications with respect to experience with a similar **pollution condition**, clean-up or method. The **named insured** will notify the Company of actions taken pursuant to this paragraph.

Section 9 – Extended Reporting Period

- A. The Company will provide the **insured** an automatic **extended reporting period** of ninety (90) days from the end of the **period of insurance** in which to provide written notice to the Company of **claims** first made against the **insured** during the **period of insurance**, provided the **insured** has cancelled or not renewed this Policy or purchased

any other insurance to replace this insurance. Furthermore, the **insured** has not purchased the optional **extended reporting period** available under paragraph B below.

A **claim** first made against the **insured** and reported to the Company within the automatic **extended reporting period** will be deemed to have been made and reported on the last day of the **period of insurance**, provided that the **claim** arises from a **pollution condition** that commenced before the end of the **period of insurance**.

The automatic **extended reporting period** will not reinstate or increase any of the limits of liability afforded under this Policy.

B. The **insured** will be entitled to purchase an optional **extended reporting period** for four (4) years, except in the event the Policy is cancelled for fraud or nonpayment of premium, provided:

1. The **insured** makes a written request for such **extended reporting period**, within thirty (30) days of termination of coverage;
2. The **insured** pays the additional premium for such **extended reporting period**, at a rate not to exceed 200% of the premium stated in the Declarations, when due.

The Company will issue an endorsement providing this optional **extended reporting period**.

The optional **extended reporting period** will not reinstate or increase any of the limits of liability afforded under this Policy.

VIII. DEDUCTIBLE

- A. The Deductible stated in Item 4. of the Declarations applies separately to each **Pollution Condition**. One Deductible shall apply to all **Cleanup Costs, Damages and Claim Expenses** arising from the same, continuous, repeated or related **Pollution Conditions**. The Deductible shall be satisfied by monetary payments by the **Named Insured** of **Cleanup Costs, Damages and Claims Expenses** resulting from **Claims** first made against the **Insured** and **Pollution Conditions** first discovered by the **Insured** during the **Policy Period** and reported to the Underwriters pursuant to the terms of this Policy. The full payment of the Deductible amount is a condition precedent to the payment by the Underwriters of any amounts hereunder, and the Underwriters shall be liable only for the amounts in excess of the Deductible subject to the Underwriters total liability not exceeding the Limits of Liability stated in Items 3.(a) and 3.(b) of the Declarations. The **Named Insured** shall make direct payments within the Deductible to appropriate other parties designated by the Underwriters. The Deductible amount does not reduce the Limit of Liability.
- B. Any payments by the **Named Insured** in satisfaction of its deductible obligations under any other valid and collectible insurance shall not satisfy the Deductible under this Policy. Nor shall payments, costs or charges incurred without the Underwriters' consent (not to be unreasonably withheld) satisfy the Deductible under this Policy.

- A. With respect to Insuring Clause I.A.1., I.B.1., I.C. and I.D., if any **Claim** is made against an **Insured**, the **Insured** shall forward written notice as soon as practicable to the Underwriters but in no event shall such notice be provided after the expiration of the **Policy Period** or the time allowed, if applicable, under Section X. - b. any **Claim** first made against any **Insured** during the ninety (90) day Automatic Extended Reporting Period, resulting from a **Pollution Condition** first discovered and reported in writing to the Underwriters during the **Policy Period**, and otherwise covered under this Policy;
- c. any **Pollution Condition** first discovered by any **Insured** during the **Policy Period** and reported in writing to the Underwriters during the Automatic Extended Reporting Period, and otherwise covered under this Policy.

The above Automatic Extended Reporting Period shall not apply if the **Insured** has purchased other insurance to replace the insurance provided under this Policy.

B. Optional Extended Reporting Period

1. If this Policy is cancelled or non-renewed by the Underwriters or by the **Named Insured**, then the **Named Insured** shall have the right, upon payment of an additional premium calculated at that percentage shown in Item 7.(a) of the Declarations of the total premium for this Policy, to an Optional Extended Reporting Period with respect to any **Claim** first made against any **Insured** and reported during the period of time set forth in Item 7.(b) of the Declarations following the end of the **Policy Period**, but only with respect to any **Pollution Condition** first discovered and reported in writing to the Underwriters during the **Policy Period**, which is otherwise covered by this Policy.
2. If the Optional Extended Reporting Period is purchased, the ninety (90) day Automatic Extended Reporting Period referred to in Clause X.A. above shall form part of, and not be in addition to the Optional Extended Reporting Period.
3. As a condition precedent to the right to purchase the Optional Extended Reporting Period, the total premium for this Policy must have been paid. The right to purchase such extension of coverage shall terminate unless written notice together with full payment of the premium for such extension of coverage is given to the Underwriters within sixty (60) days after the effective date of cancellation or non-renewal. If such notice and premium payment is not so given to the Underwriters, there shall be no right to purchase such extension of coverage.
4. In the event of the purchase of the Optional Extended Reporting Period, the entire premium for the Optional Extension Period shall be deemed earned at its commencement.

5. The exercise of the Optional Extended Reporting Period shall not in any way increase the Limits of Liability set forth in Item 3. of the Declarations.
6. The offer of renewal terms, conditions or premiums different from those in effect prior to renewal shall not constitute a refusal to renew for purposes of this Clause X.

XI. REPRESENTATIONS

By acceptance of this Policy, all **Insureds** agree that the statements contained in the **Application** are their agreements and representations, that they shall be deemed material to the risk assumed by the Underwriters, and that this Policy is issued in reliance upon the truth thereof.

This entire Policy shall be void if, whether before or after a **Claim** or **Pollution Condition** is first reported to the Underwriters, any Insured has concealed or misrepresented any fact or circumstance material to the granting of coverage under this Policy.

XII. OTHER INSURANCE

- A. Except as set forth in Clause XII.C. below, this Insurance is primary, and the Underwriters obligations are not affected unless any other insurance is also primary. In that case, the Underwriters will share with all such other insurance by the method described in Clause XII.C. below.
- B. When this Insurance is excess, the Underwriters will pay only its share of the amount of **Cleanup Costs, Damages** or **Claims Expenses**, if any, that exceeds the total amount of such other insurance.
- C. When both this Insurance and other insurance apply to **Cleanup Costs, Damages** or **Claims Expenses** on the same basis, whether primary or excess, the Underwriters shall not be liable under this Policy for a greater proportion of **Cleanup Costs, Damages** or **Claims Expenses** than the amount resulting from the following contribution methods, whichever is lesser:
 1. contribution by equal shares where each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the **Cleanup Costs, Damages** or **Claims Expenses** remains, whichever occurs first; or
 2. contribution by limits where each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

Where other insurance may be available for **Cleanup Costs, Damages or Claims Expenses** covered under this Insurance as noted above, the **Insured** shall promptly, upon request, provide the Underwriters with copies of all such policies.

XIII. ASSIGNMENT

The interest hereunder of any **Insured** is not assignable except with the prior written consent of the Underwriters, such consent not to be unreasonably withheld or delayed. If an **Insured** shall die or be adjudged incompetent, such insurance shall cover that **Insured's** legal representative to the extent that the **Insured** would be covered by this Policy.

XIV. CANCELLATION

This Insurance may be cancelled by the **Named Insured** by surrender of this Policy to the Underwriters or by mailing to the Underwriters written notice stating when thereafter cancellation shall be effective.

This Insurance may be cancelled by the Underwriters, by mailing the **Named Insured** at the address set forth in Item 1. of the Declarations, a notice stating when thereafter such cancellation shall be effective. The Underwriters may only cancel this Insurance for the following reasons:

1. material misrepresentation or fraud on the part of the **Named Insured** in the **Application**;
2. any **Insured's** material failure to comply with the terms, conditions or contractual obligations under this Policy, including the failure to pay any premium or Deductible when due; or
3. a **Material Change In Use**.

The time of surrender or the effective date and hour of cancellation stated in the notice shall become the end of the **Policy Period**. Delivery of such written notice either by the **Named Insured** or by the Underwriters shall be the equivalent of mailing. Notice of pending cancellation will be provided not less than: (a) ninety (90) days prior to the effective date of cancellation for any **Insured's** failure to comply with the terms, conditions or contractual obligations under this Policy including failure to pay the Deductible when due or where there is a material change in the use of, or operations at, a **Covered Location**; (b) thirty (30) days prior to the effective date of cancellation for material misrepresentation or fraud; or (c) ten (10) days prior to the effective date of cancellation for non-payment of premium.

If the Underwriters cancel, subject to any minimum earned premium that may apply, the return premium will be calculated on a pro rata basis. If the **Named Insured** cancels, subject to any minimum earned premium that may apply, the return premium will be calculated in accordance with the customary short rate table and procedure.

XV. ASSISTANCE AND COOPERATION OF THE INSURED

The **Insured** shall cooperate with the Underwriters and offer all reasonable assistance in the investigation and defense of **Claims**, including investigations regarding the **Application** for and coverage under this Policy, and the inspection, cleanup and mitigation of **Pollution Conditions**.

The **Insured** shall execute or cause to be executed all papers and render all assistance as is reasonably requested by the Underwriters and related to the defense of **Claims** and the cleanup of **Pollution Conditions**. The Underwriters may require that the **Insured** submit to examination under oath, attend hearings, depositions and trials and assist in securing and giving evidence and obtaining the attendance of witnesses in connection with the defense of **Claims** and cleanup of **Pollution Conditions**. In the course of investigation or defense of **Claims**, the Underwriters may require written statements or the **Insured's** attendance at meetings with the Underwriters.

Upon the Underwriters request, the **Insured** shall assist in making settlements, in the conduct of suits and in enforcing any right of contribution or indemnity against any person or organization who may be liable to the **Insured** because of **Pollution Conditions** with respect to which coverage is afforded under this Policy.

Except as provided in Clause III.F.3, the **Insured** shall not admit liability, make any payment, assume any obligations, incur any expense (including, but not limited to, any **Claims Expenses** or **Cleanup Costs**), enter into any settlement, stipulate to any judgment or award or dispose of any **Claim** without the written consent of the Underwriters, such consent not to be unreasonably withheld or delayed. Except as provided for in Clause II.A., expenses incurred by the **Insured** in assisting and cooperating with the Underwriters, as described above, do not constitute **Claims Expenses** and are not reimbursable under this Policy.

XVI. ACTION AGAINST THE UNDERWRITERS

No action shall lie against the Underwriters unless, as a condition precedent thereto, the **Insured** shall have fully complied with all of the terms of this Policy, nor until the amount of the **Insured's** obligation to pay shall have been fully and finally determined either by judgment against them or by written agreement between them, the claimant and the Underwriters. Nothing contained herein shall give any person or organization any right to join the Underwriters as a party to any **Claim** against the **Insured** to determine their liability, nor shall the Underwriters be impleaded by the **Insureds** or their legal representative in any **Claim**.

XVII. SUBROGATION

In the event of any payment under this Insurance, the Underwriters shall be subrogated to all the **Insureds'** rights of recovery therefore against any person or organization, and the **Insured** shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The **Insured** shall do nothing to prejudice such rights. Any recoveries shall be applied first to subrogation expenses, second to the **Named Insured** to the extent of any payments in excess of the Limit of Liability, third to **Cleanup Costs, Damages** and **Claims Expenses** paid by the Underwriters, and fourth to the Deductible. Any additional amounts recovered shall be paid to the **Named Insured**.

XVIII. ENTIRE AGREEMENT

By acceptance of this Policy, all **Insureds** agree that this Policy embodies all agreements existing between them and the Underwriters relating to this Insurance. Notice to any agent or knowledge possessed by any agent or by any other person shall not effect a waiver or a change in any part of this Policy or estop the Underwriters from asserting any right under the terms of this Policy; nor shall the terms of this Policy be waived or changed, except by written endorsement issued to form a part of this Policy, signed by the Underwriters.

XIX. VALUATION AND CURRENCY

All premiums, limits, deductibles, **Cleanup Costs, Damages, Claims Expenses**, and other amounts under this Policy are expressed and payable in the currency of the United States. If judgment is rendered, settlement is denominated, or another element of **Damages** under this Policy is stated in a currency other than United States dollars or if **Cleanup Costs** or **Claims Expenses** are paid in a currency other than United States dollars, payment under this Policy shall be made in United States dollars at the rate of exchange published in the *Wall Street Journal* on the date on which a relevant final judgment becomes incapable of appeal or payment of the settlement or other element of **Damages** is due or the date such **Cleanup Costs** or **Claims Expenses** are paid.

XX. BANKRUPTCY

Bankruptcy or insolvency of the **Insured** shall not relieve the Underwriters of its obligations nor deprive the Underwriters of its rights or defenses under this Policy.

XXI. AUTHORIZATION

By acceptance of this Policy, the **Insureds** agree that the **Named Insured** will act on their behalf with respect to the giving and receiving of any notice provided for in this Policy, the payment of premiums and the receipt of any return premiums that may become due under this Policy, and the agreement to and acceptance of endorsements.

XXII. RIGHT OF ACCESS AND INSPECTION

The **Named Insured** agrees to provide the Underwriters with access to any information developed or discovered by an **Insured** concerning a **Claim** or **Pollution Condition** to which this Insurance applies, whether or not deemed by an **Insured** to be relevant and to provide the Underwriters with access to interview any **Insured** and review any documents of an **Insured**. Further, to the extent that an **Insured** has such rights, any of the Underwriters representatives shall have the right and opportunity but not the obligation to inspect at any reasonable time, during the **Policy Period** or thereafter, a **Covered Location** associated with a **Claim** or **Pollution Condition** reported to the Underwriters. Neither the Underwriters nor its representatives shall assume any responsibility or duty to the **Insured** or to any other person or entity, by reason of such right of inspection. Neither the Underwriters right to make inspections, sample and monitor, nor the actual undertaking thereof nor any report thereon shall constitute an undertaking on behalf of the **Insured** or others, to determine or warrant that the property or operations are safe, healthful or conform to acceptable engineering practices or are in compliance with any law, rule or regulation. The **Named Insured** agrees to provide appropriate personnel to assist the Underwriters representatives during any inspection.

XXIII. HEADINGS

The descriptions in the headings and subheadings of this Policy are solely for convenience, and form no part of the terms and conditions of coverage.

XXIV. SERVICE OF SUIT

It is agreed that in the event of the failure of the Underwriters to pay any amount claimed to be due under this Insurance, the Underwriters, at the request of the **Insured**, will submit to the jurisdiction of any court of competent jurisdiction within the United States. Nothing in this Clause constitutes or should be understood to constitute a waiver of the Underwriters' rights to commence an action in any Court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another Court as permitted by the laws of the United States or of any State in the United States. It is further agreed that service of process in such suit may be made upon Underwriters representative, designated in Item 11. of the Declarations, and that in any suit instituted against any one of them upon this contract, Underwriters will abide by the final decision of such Court or of any Appellate Court in the event of an appeal.

The Underwriters representative designated in Item 11. of the Declarations is authorized and directed to accept service of process on behalf of Underwriters in any such suit and/or upon the request of the **Insured** to give a written undertaking to the **Insured** that they will enter a general appearance upon Underwriters behalf in the event such a suit shall be instituted.

Further, pursuant to any statute of any state, territory or district of the United States which makes provision therefore, the Underwriters designate the Superintendent, Commissioner or Director of Insurance or other officer specified for that purpose in the statute, or his or her successor in office, as their true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on behalf of the **Insured** or any beneficiary hereunder arising out of this contract of Insurance, and hereby designate the Underwriters representative, designated in Item 11. of the Declarations, as the person to whom the said officer is authorized to mail such process or a true copy thereof.

XXV. CHOICE OF LAW

Any disputes involving this Policy shall be resolved applying the law designated in Item 12. of the Declarations.

XXVI. SOLE AGENT

The **Named Insured** indicated in Item 1. of the Declarations shall act on behalf of all **Insureds** for all purposes, including but not limited to the payment of Deductible amounts, payment or return of premium, receipt and acceptance of any endorsement issued to form a part of this Policy, giving and receiving notice of cancellation or nonrenewal and the exercise of the rights stated in Clause X.

XXVII. SANCTION LIMITATIONS

No (re)insurer shall be deemed to provide cover and no (re)insurer shall be liable to pay any claim or provide any benefit hereunder to the extent that the provision of such cover, payment of such claim or provision of such benefit would expose that (re)insurer to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, law or regulations of the European Union, United Kingdom or United States of America.

XXVIII. SEVERABILITY OF INTEREST

Except with respect to the Limit of Liability, Clause XI. and any rights and duties assigned in this Policy to the **Named Insured**, this Insurance applies as if each **Insured** were the only **Insured** and separately to each **Insured** against whom a **Claim** is made.

Options the county
provides for phosphorus
reduction-Need to step
back for context

Phosphorus-what is it

- Essential nutrient for plant growth
 - Macro nutrient- One of the “big 3”- nitrogen & potassium
 - Required for:
 - Reproduction in plants and animals
 - Energy transfer to build plant and animal tissue
- Soils contain large amounts of phosphorus
 - Majority is “fixed” or unavailable to plants
 - <2% is in an available form
- Sources
 - Manure
 - Animals diet
 - Commercial fertilizer
 - Dane County: Phosphorus fertilizers not allowed for lawns
 - Detergents
 - No longer contain phosphates
- Limiting nutrient, in water it leads to excess plant growth

The regional impact of clean water

- Importance of the water
- Importance of the agricultural uses
- Many users with varying interests and values

Solutions are known

Soil health
↓
Watershed health
through the use of
resilient farming
systems

Changing to these practices will cut sediment and phosphorus runoff levels in half or more:

Conservation, Planning,
& Zoning Department

Change winter manure spreading practices

- **New research shows winter spread manure increases Phosphorus runoff by 250%-360%** (USDA-WI-ARS Vadas) versus low risk times of the year
 - Provide options, incentives and opportunities for farmers under 500 animal units to not spread during these times
 - Manure storage with agreements
 - New Incentive based options for the future?
 - Appropriate safeguards that regulate medium and large scale livestock operations

Steps to soil health and improved water quality

- Water quality monitoring
- Education
- Basic Nutrient management
- Financial and management incentives for superior performance
- Safeguard to reduce risks to the environmental
 - Livestock facility licensing
 - Animal Waste and Nutrient management ordinance

- What we still need:
 - community engagement
 - High adoption rates of best management practices

An Opportunity For a New Approach

Conservation, Planning,
& Zoning Department

1.) **All farmers utilizing basic conservation**
for all land

2.) **Provide incentives** for superior
levels of management and performance

3.) **Common safeguards** (ordinances) to
protect surface and ground water

3.) **Engage the community**
stakeholders in the effort

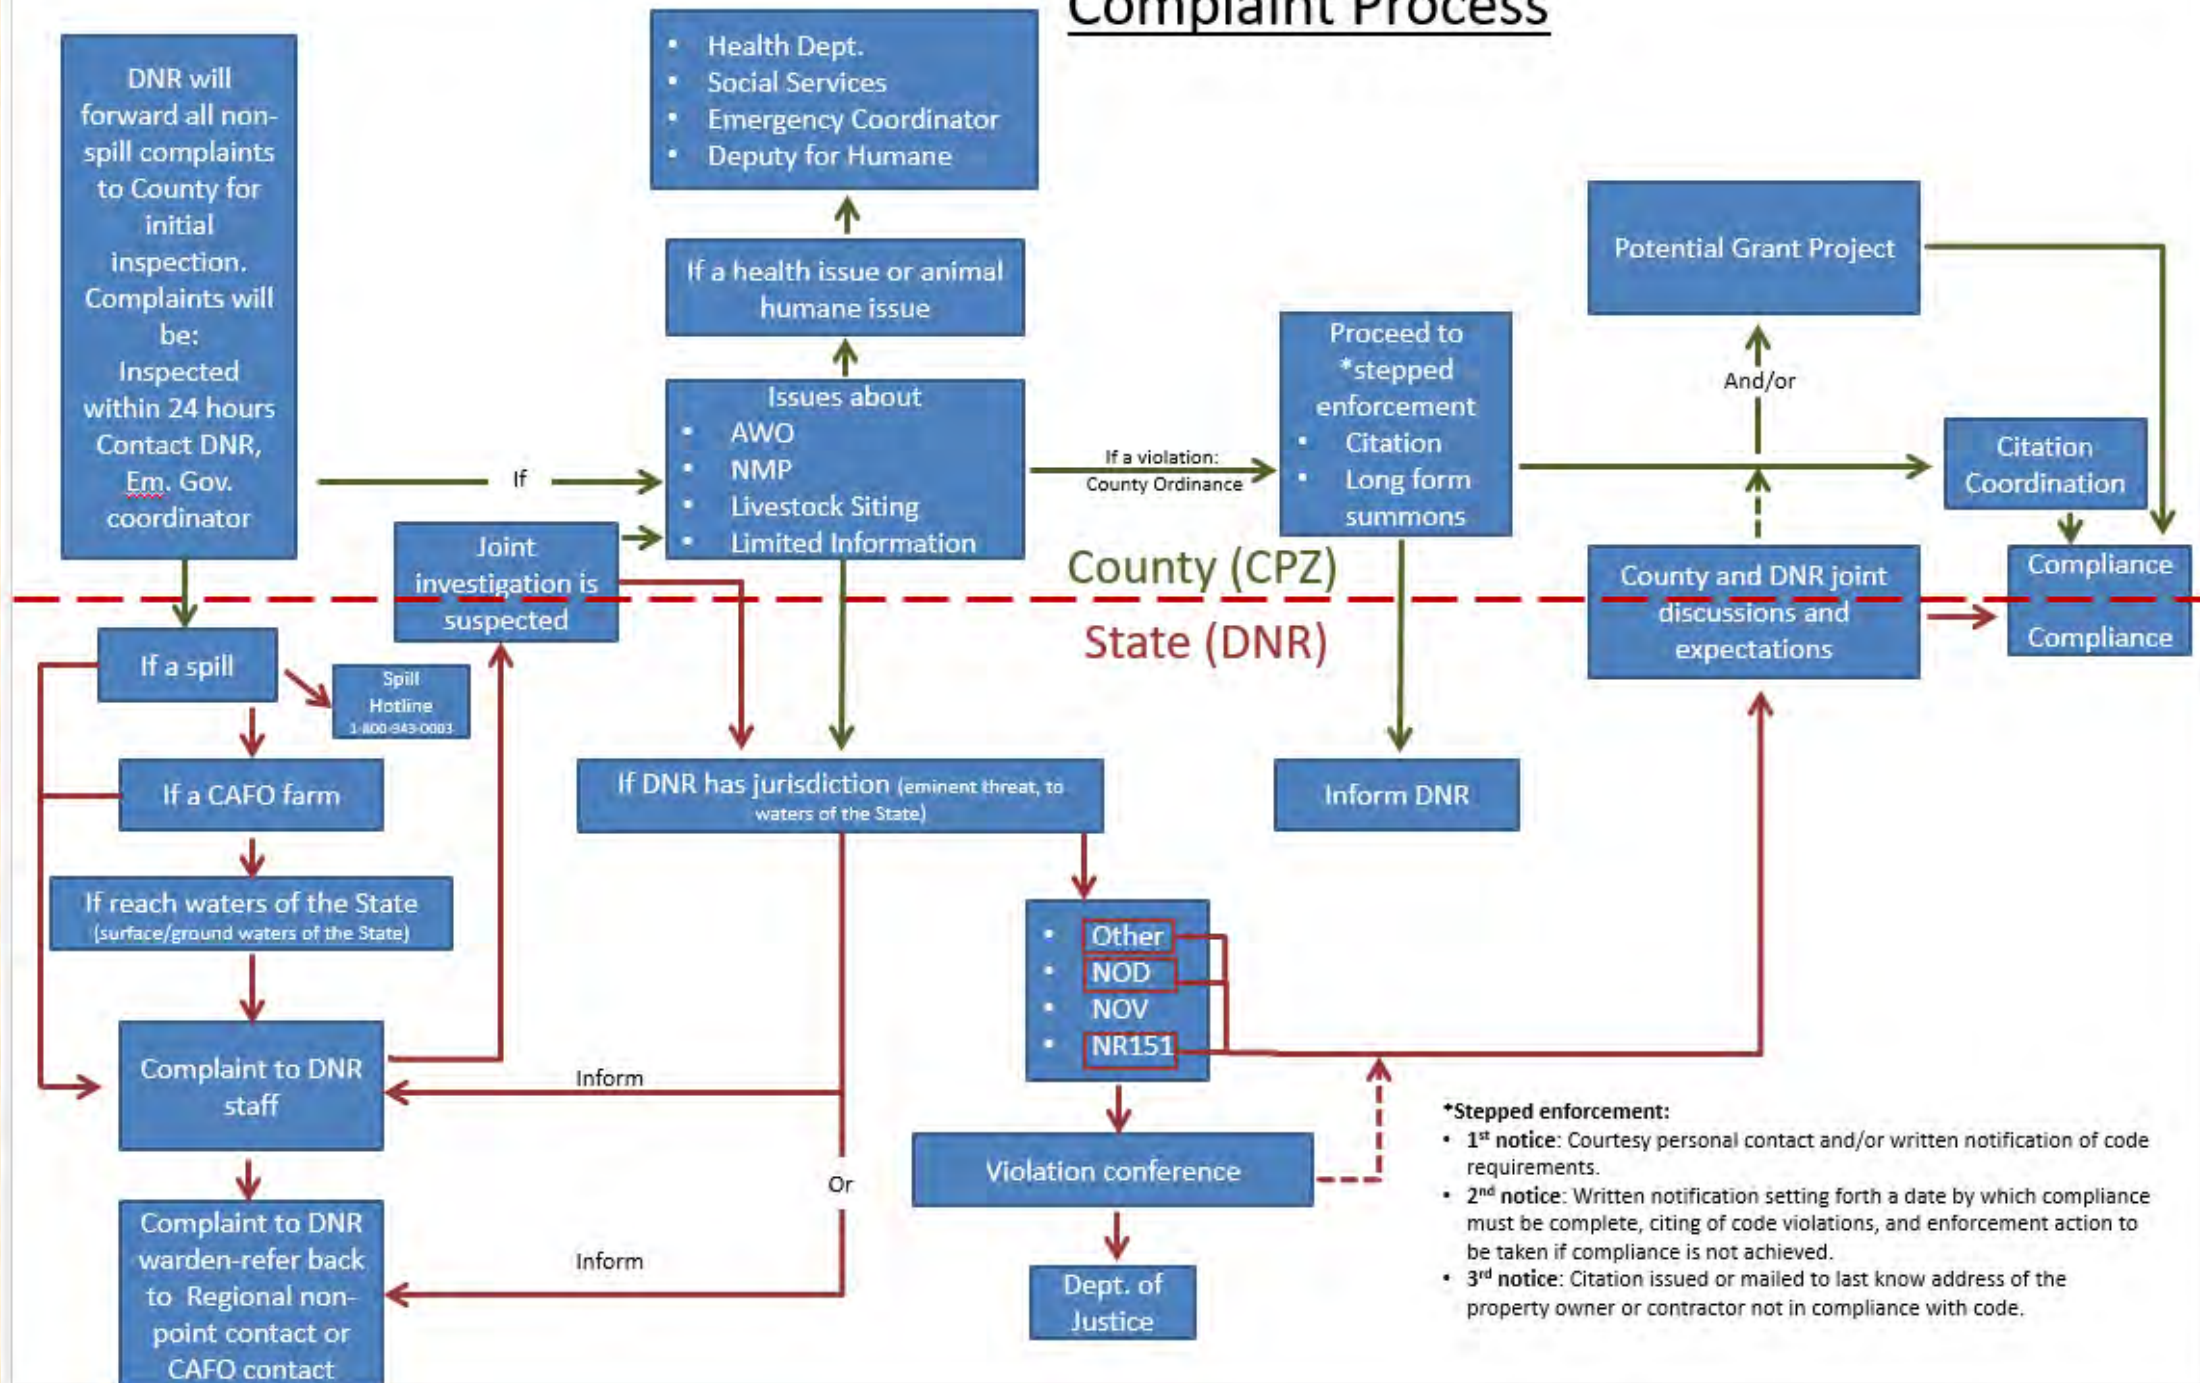

Now let's discuss:

What happens when a runoff event is reported to CPZ?

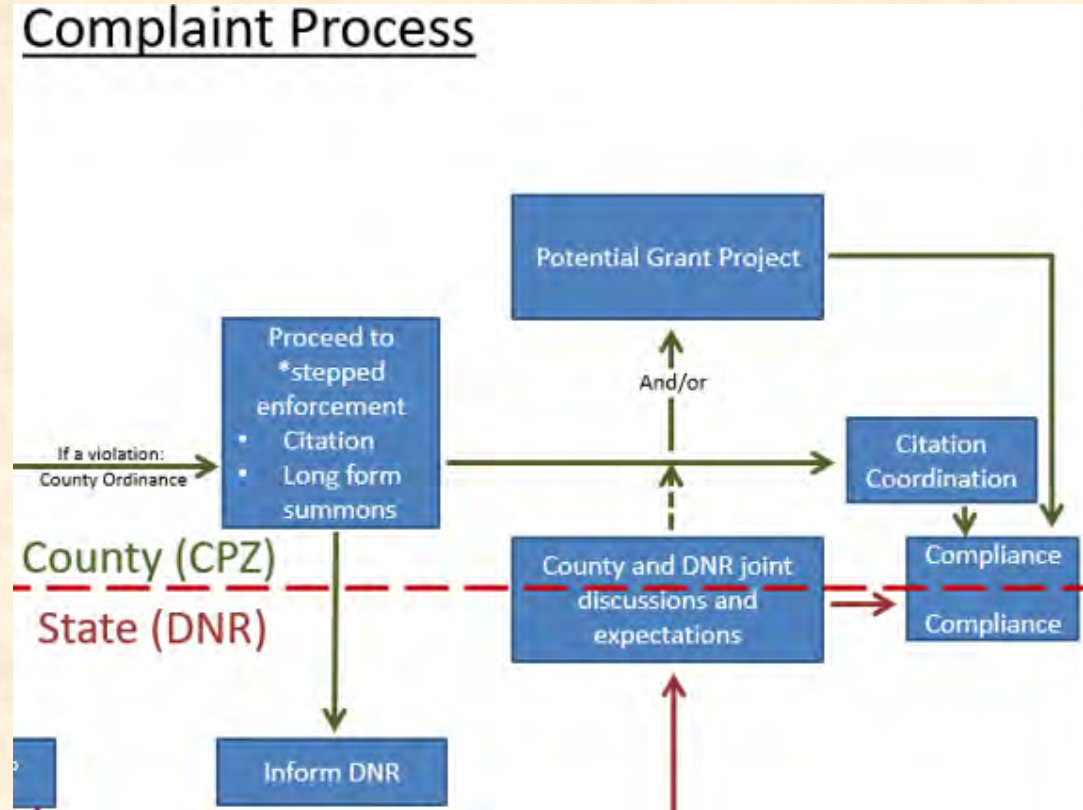

1. Investigate complaint (many times it is not), talk to people
2. Verify if there is a violation
3. If a there is a violation follow process
4. If there is a problem, but no violation, proceed work with farmer on options to reduce runoff

Complaint Process

Complaint Process-Stepped Enforcement

Complaint Process

- ***Stepped enforcement:**

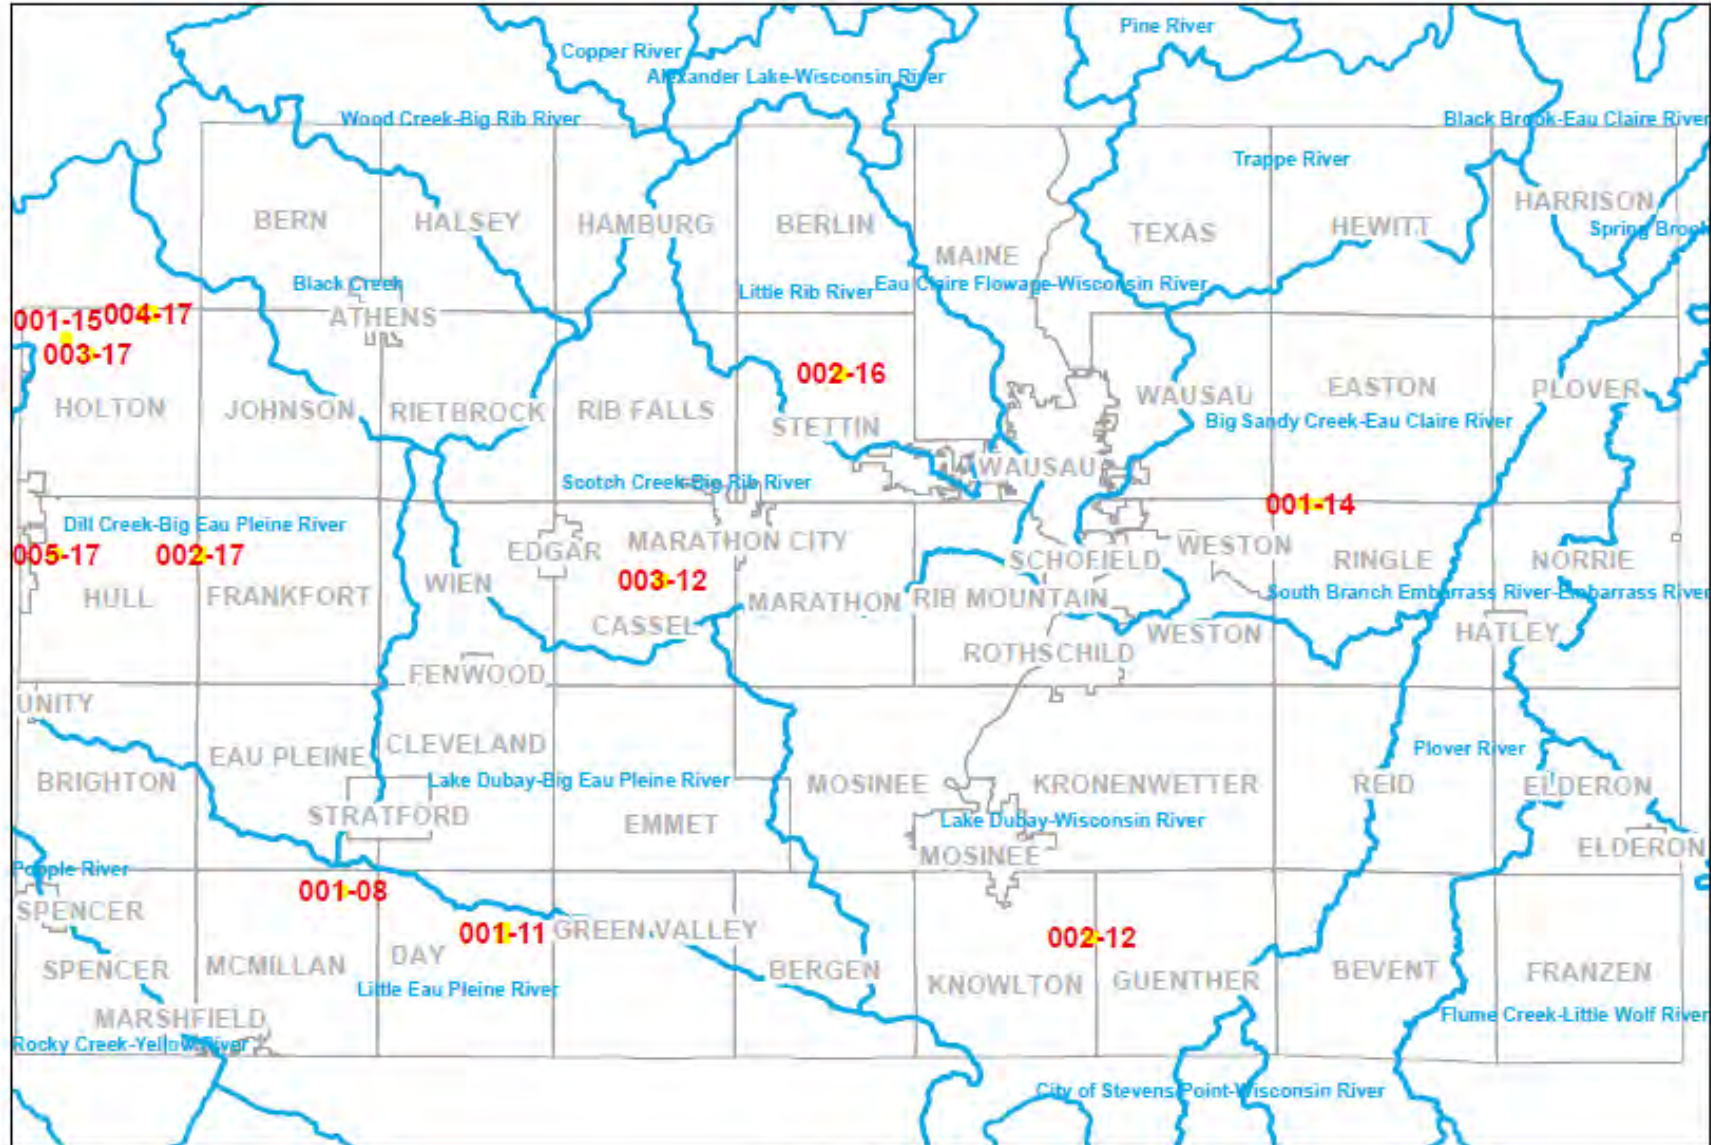

- **1st notice:** Courtesy personal contact and/or written notification of code requirements.
- **2nd notice:** Written notification setting forth a date by which compliance must be complete, citing of code violations, and enforcement action to be taken if compliance is not achieved.
- **3rd notice:** Citation issued or mailed to last know address of the property owner or contractor not in compliance with code.
- **Goal is Compliance.**
