### **OPIOID SETTLEMENT RESOURCES**

## **UPDATED DOCUMENTS TO ASSIST COUNTIES IN CONSIDERATION OF SECURITIZING PAYMENTS OF OPIOID SETTLEMENT**

In the last two weeks, the Association has hosted a series of webinars aimed at providing county officials, finance professionals, corporation counsel and other interested parties with the information necessary to make an informed decision surrounding potential securitization of the 18-year revenue stream resulting from the distributors' settlement in the opioid litigation.

**As a reminder, the final installment of the webinar series is scheduled for July 11, 2022, at 1:00 pm. You can register for [this event here](#) or by clicking on the link below.**

Previously, PMA Securities provided counties with a detailed analysis of what securitization could look like for each county. PMA's presentation materials have been updated to reflect additional analysis regarding present value calculations so as to ensure counties are able to make a true "apples-to-apples" comparison in deciding whether to securitize. **The updated PMA resource documents can be accessed below.**

### **TENTATIVE INTEREST TO SECURITIZE BY JULY 22, 2022**

As a final reminder, the finance professionals would appreciate knowing of a county's tentative interest in securitization by July 22, 2022. Again, there is no need for official action on the part of a county to indicate interest – the final decision on securitization would not need to be made until all of the paperwork has been drafted

and sorted out. A simple email to the Association or Andy Phillips [via email](#) is sufficient.

## SECURITIZATION RESOURCE DOCUMENTS

The professionals at PMA Securities have prepared three documents to assist you in evaluating whether your county should consider securitizing the revenue stream associated with the distributor and J&J settlement in the opioid litigation.

Those documents, which can be found below, include:

### [PMA PRESENTATION](#) (Revised June 30, 2022)

- Slide deck presentation by PMA, "Wisconsin Opioid Settlements: Introduction & Securitization of Payments Considerations for Wisconsin Participating Local Governments." **See the PMA presentation [here](#).**

### [OVERVIEW DOCUMENT](#) (Revised June 30, 2022)

- An overview showing the value of the settlement to the state and all litigating local governments in Wisconsin together with the percentage allocation of the proceeds. **See the overview document [here](#).**

### [COUNTY SPECIFIC BREAKDOWN](#) (Revised June 30, 2022)

- A county-specific breakdown of the settlement figures, which includes an illustration of the anticipated cash flow from securitization by county. **See county-by-county specific breakdown [here](#).**

### [PMA DISCLOSURE](#)

- A disclosure from PMA relative to their role as Municipal Advisor on the securitization program including a description of their role as advisor, their fee, and the source of payment (from the proceeds of securitization). **[See the disclosure document here](#).**

## LAST WEBINAR MONDAY, JULY 11, 2022

The Association will hold their final webinar next Monday, July 11, 2022 for you to ask additional questions and receive further information on the securitization. You can register for the event by clicking below.

**"The Opioid Settlement & Options for Securitization of Payments: What Does This Mean for Counties?"**

**JULY 11, 2022 · 1:00–2:00 P.M.**

*Time shows in Central Time (US and Canada)*

Professionals from PMA and Citi will be available to get you all of the information you need to make an informed decision on securitization. In the meantime, if you have any questions, please do not hesitate to let us know.

*Please note that this webinar is for informational purposes and is not individualized legal advice. County officials should always consult with their corporation counsels.*

**[REGISTER FOR THE JULY 11, 2022 WEBINAR HERE](#)**

*Note: After registering, you will receive a confirmation email containing information about joining the webinar.*

## QUESTIONS?

As always, if you have any questions about the materials, securitization or the opioid litigation, please do not hesitate to contact us at the Association at 866.404.2700.

Thank you for your support of county interests throughout this litigation – it is exciting to begin thinking about how to best put settlement dollars to work in abating the opioid epidemic in communities throughout the state.
