CITY-COUNTY INFORMATION TECHNOLOGY COMMISSION

OUR MISSION

We are one IT team bound together with one mission, to serve the community by helping our governmental partners use technology effectively.

CITY-COUNTY INFORMATION TECHNOLOGY COMMISSION

ABOUT THE DEPARTMENT

The City-County Information Technology
Commission (CCITC) serves the City of Wausau,
Marathon County, and North Central Health Care
by providing the implementation and operation of
cooperative data processing and management of
information systems. Moreover, CCITC provides
information services to all City and County
departments including installing and maintaining
computer hardware and software, while
interfacing with NCHC's Internal IT resources to
support NCHC operational and strategic IT needs.

2021 HIGHLIGHTS

- The department spent a large amount of effort preparing for the new Enterprise Resource Planning (ERP) system through the release of an RFP and contract negotiations.
- In an effort to bolster our network security, the department onboarded its first dedicated security practitioner, implemented three new security tools, and contracted with a security consultant.
- Technology equipment was installed and configured for four new buildings on the NCHC campus.
- In the span of 8 months, the department conducting three phishing testing campaigns. Testing showed a reduction in staff clicking on email links from 4% to 1% and improved training participation from 20% to 50%.
- The team completed 15 projects in the first 9 month of 2021.
- The department provided support to the Broadband Task Force and the PSC and NTIA grant application processes.

LOOKING FORWARD TO 2022

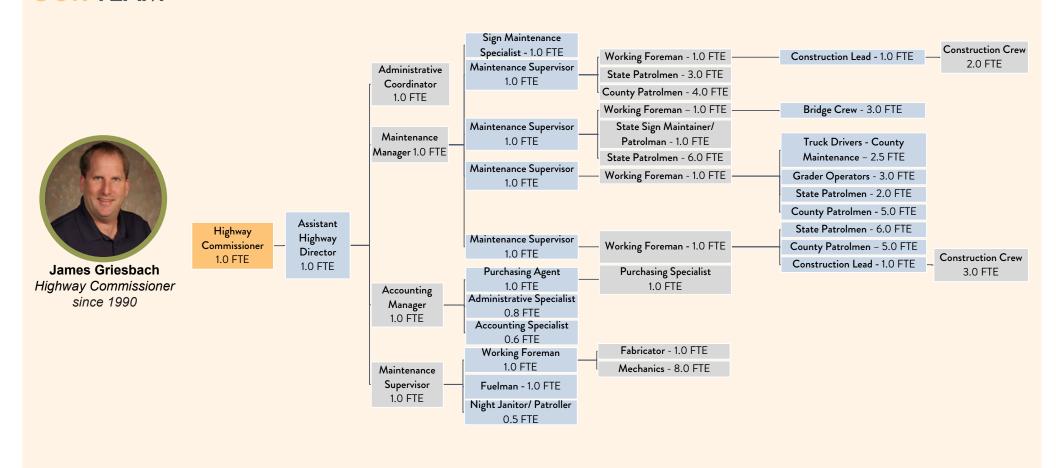

- A large focus of the department for 2022 will be the implementation of the Workday ERP system with a targeted go-live date of January 1, 2023.
- Microsoft Teams will be implemented across the organizations that CCITC serves to enhance collaboration.
- The department will finish implementation of the disaster recovery system for the Superion law enforcement system.
- Select vendor for City and County website redesigns and begin implementation.
- Move multi-factor authentication from pilot to production for remote access for homebased employees.

HIGHWAY

OUR MISSION

The Marathon County Highway Department will strive to maintain all State and County highways in a safe and reasonable condition at all times.

OUR TEAM

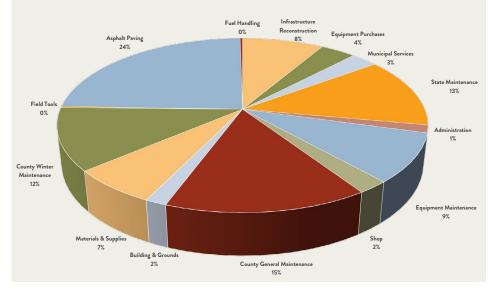

ABOUT THE DEPARTMENT

The Marathon County Highway Department operates the highway system under its jurisdiction to provide a safe and convenient means for the vehicular transportation of people and goods.

The department oversees the maintenance of 614 miles of the county trunk highway system and annually contracts with the Wisconsin Department of Transportation (WisDOT) to maintain an additional 874 lane miles of state and federal highway system roads.

The Highway Department also provides technical assistance, financial aid, and various services to other local units of government, including the Metropolitan Planning Organization (MPO). These services are critical to maintaining a safe, convenient, and efficient transportation system serving communities, residents, and businesses throughout Marathon County.

Below is a pie chart depicting the expense to budget ratios for the wide variety of work the Highway Department is responsible for.

2021 HIGHLIGHTS

- In 2021, Marathon County worked with SRF Consulting Group to develop a County Road Safety Plan (CRSP) with the goal to reduce fatal and serious injury crashes on County roads by identifying locations with safety issues and providing guidance on safety strategies that can be implemented to mitigate risk. This plan will be utilized as a starting point for safety improvements on the county highway system and will be utilized for future Highway Safety Improvement Program (HSIP) applications to assist the County in securing Federal funding for continued improvements on the County Trunk Highway (CTH) system.
- Annually, the Highway Department paves nearly 30 miles of county highways. This year, the department anticipates receiving \$2,960,000 in vehicle registration fees which helps to offset the \$6,811,071 budget for bituminous surfacing.
- As part of the department's 2021 work plan, the current management staff was evaluated and a succession plan developed to ensure the right processes are in place to develop and train employees into leadership roles. As a result of the plan, a Maintenance Manager position was abolished to allow for the creation of a Deputy Highway Commission position. Additionally, an Administrative Coordinator role and an Administrative Specialist role were reconfigured with reduced FTE counts.

LOOKING FORWARD TO 2022

- The Marathon County 2050 Highway System Sustainability Study is estimated to be completed in the 1st quarter of 2022. This study will help determine the level of investment necessary to sustain a safe, reliable and well-maintained County Highway System.
- A two-year construction project will begin on County Road K north of Wausau to the County line.
- Additionally, two bridges near the Marathon County and Lincoln County line will be replaced as part of the Federal STP Bridge program.
- The cost of raw materials continues to rise for the department. Prices for salt and asphalt have increased more than 20% over the last five years.

CENTRAL WISCONSIN AIRPORT

OUR MISSION

The mission of the Central Wisconsin Airport is to be the airport of choice by providing a safe, efficient, and competitive operating environment.

OUR TEAM Airport Director 1.0 FTE **Brian Grefe** Airport Director since 2016 Assistant Airport Director -**Badging Coordinator** Assistant Airport Director Finance 1.0 FTF 1.0 FTF 1.0 FTE Operations & Maintenance Supervisor 2.0 FTE Operation & Maintenance Part-Time Operations & Seasonal Employees Technician 1, 2, 3 Maintenance Technician 1, 2 Casual 13.0 FTE 0.75 FTE

ABOUT THE AIRPORT

The Central Wisconsin Airport (CWA) is a regional non-hub airport located in Mosinee, WI, roughly equidistant between Stevens Point and Wausau. The airport is owned by Marathon and Portage Counties and governed by the Central Wisconsin Joint Airport Board. As a result, the airport is required to prepare an annual budget that is reviewed and approved by the Finance Committees of Marathon and Portage counties.

CWA first opened in 1969 with 39,000 departing passengers annually. A concourse renovation took place in 1998, which equipped the airport with five departure gates and four boarding bridges. CWA broke ground in the spring of 2011 on a terminal renovation and expansion project aimed at increasing operational space, expanding the security checkpoint, expanding parking facilities, and relocating car rentals to their own facility. In 2020, the concourse was remodeled to better serve passengers with new state-of-the-art restrooms, the addition of private rooms, a kitchen build-out to allow for additional food options at the cafe, new gate area seating, and the installation of charging stanchions throughout the concourse area.

CENTRAL WISCONSIN AIRPORT

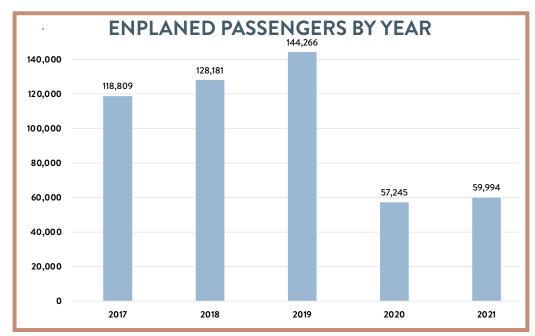

2021 HIGHLIGHTS

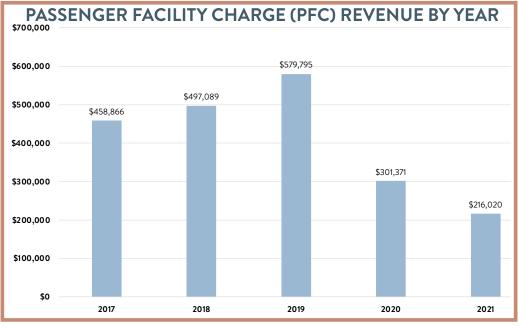

Central Wisconsin Airport
was awarded a \$16 million
Airport Improvement
Program grant in
September of 2020 for the
reconstruction of Runway
17/35 and Taxiway B in
2021. This is a 100%

federally funded project requiring no local match from CWA. This increased funding level is part of the CARES Act. Construction started on March 1, 2021, and is on schedule to be completed by October 31, 2021.

- The Airport has continued to see increased interest in corporate hangars. Construction on two new corporate hanagars for tenants have begun. These facilities are expected to be complete in the summer of 2022.
- Central Wisconsin Airport was the recipient of a number of grants over the past year totaling \$3,922,294. Each grant program has specific regulations for use ranging from payroll and utilities to concessionaire relief.
- The Airport is currently reconstructing Flightline Drive and Taxiline E. The local share of this \$1.7 million project is anticipated to be around \$30,000 which will be paid from fund balance as this was budgeted for in 2021. This project should be complete no later than October 31, 2021.

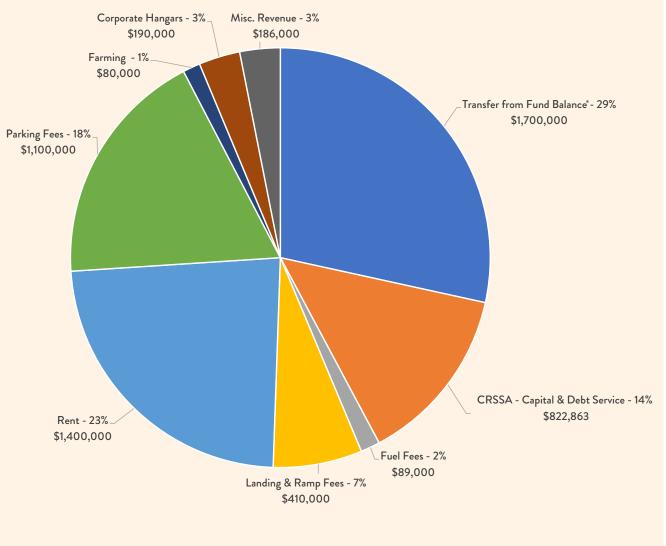

CENTRAL WISCONSIN AIRPORT

LOOKING FORWARD TO 2022

- With the uncertainty of COVID-19 and the Delta variant impacts on the airline industry, the 2022 budget has modest increases in operational revenue over 2021. The largest increases in new revenue are the additional rents associated with the new hangar construction on the east end of the airport, an uptick in rent as car rentals and commission-based revenue has picked up slightly, and a modest increase in parking revenue. As we move through the rest of 2021 and into 2022, we will closely monitor the actual impact on our annual budget. As of September 2021, the current enplanement numbers are still down from 2019 by 9%, although they are significantly better than the 2020 figures.
- No county-issued debt was requested for 2022. Additionally, none is anticipated for 2023.
- The pie chart to the right is representative of the projected revenue for 2022, and their respective sources. A significant portion of the Airport's revenue comes from parking fees and rent.

*This transfer amount will be reimbursed by federal and state grants in 2022 and 2023.

ORDINANCE # O - 21 -22

Town of Wien Rezone

1. WHEREAS, the Marathon County Board of Supervisors has been petitioned to amend the General Code of Ordinances for Marathon County Chapter 17 Zoning Code by Patrick Schreiner to amend the General Code of Ordinances for Marathon County Chapter 17 Zoning Code to rezone lands from L-I Light Industrial to N-C Neighborhood Commercial described as part of the Northeast ¼ Northeast Fractional ¼, Section 3, Township 28 North, Range 4 East, Town of Wein. The areas proposed to be rezoned are parcel PIN#s 084.2804.031.0986 and 084.2804.031.0990.

WHEREAS, the petition was referred to the Marathon County Environmental Resources Committee (the Committee) for public hearing; and

WHEREAS, the Committee, on due notice, conducted a public hearing thereon, pursuant to Section 59.69, Wisconsin Statutes on July 5, 2022 to consider the petition to amend Chapter 17; and

WHEREAS, the Committee being duly informed of the facts pertinent to the changes proposed, having reviewed the staff report, and duly advised of the recommendations of the Town of Wien hereby recommends the petition be GRANTED AS APPLIED FOR

NOW, THEREFORE, BE IT RESOLVED, the County Board of Supervisors of the County of Marathon does ordain as follows: The General Code of Ordinances for Marathon County Chapter 17 Zoning Code (and accompanying Zoning Map) is amended as stated above.

RESOLUTION #R-49-22

RESOLUTION TO REMOVE 28th AVENUE CORRIDOR

WHEREAS, on January 18, 2005, the Marathon County Board of Supervisors designated a 28th Avenue Highway Corridor as outlined in R-3-05 and in the attached document; and

WHEREAS, as designated, the 28th Avenue Corridor right-of-way lies within the City of Wausau and the Village of Maine; and

WHEREAS, pursuant to the 28th Avenue Highway Corridor designation, Marathon County has acquired certain properties along the designated corridor in the event the properties were needed to expand the roadway in that area; and

WHEREAS, on October 26, 2021, the Marathon County Board adopted R-71-21, setting forth a decision-making process to assist the Board in determining whether to maintain the 28th Avenue Corridor map in its current state, transfer county-owned properties to appropriate municipalities, or divest properties through public sale and remove the corridor's designation as a county corridor map; and

WHEREAS, officials within the Village of Maine and the City of Wausau have indicated that their municipalities support Marathon County vacating its designation of a 28th Avenue Highway Corridor; and

WHEREAS, the Marathon County Infrastructure Committee found that it was in the County's interest to remove the designation of the 28th Avenue Highway Corridor as a county highway corridor.

NOW, THEREFORE, BE IT RESOLVED: that the Board of Supervisors of the County of Marathon hereby removes the 28th Avenue Highway Corridor and right-of-way as previously designated in the attached document, finding that it is in the public interest for this corridor to be vacated; and

BE IT FURTHER RESOLVED that this action vacating the designated highway corridor is contingent upon formal approval within 60 days from the governing bodies of the City of Wausau and the Village of Maine; and

BE IT FURTHER RESOLVED that this resolution does not affect any other existing public right-of-way maintained by Marathon County.

Respectfully submitted this 23rd day of August, 2022.

INFRASTRUCTURE COMMITTEE			

Fiscal Impact: The sale of properties may increase County revenues dependent on the sale price of each parcel.

RESOLUTION R- 3 -05

TO APPROVE DESIGNATED 28TH AVENUE CORRIDOR RIGHT-OF-WAY

WHEREAS, Marathon County, in cooperation with the City of Wausau, Town of Maine and Town of Stettin, is in the process of expanding 28th Avenue as set forth in the attached legal descriptions which are incorporated herein in their entirety by specific reference; and

WHEREAS, the Marathon County Highway Committee has reviewed this route and recommends adoption of this route as the designated 28th Avenue Corridor Right-of-Way; and

whereas, by so doing, owners of the affected parcels of land will be put on notice of this project and Marathon County will be able to purchase parcels over a long term as they come on the market; and

WHEREAS, it is in the long term best interest of the county to designate a 28th Avenue Corridor Right-of-Way to spread acquisition costs over the maximum period.

NOW, THEREFORE, the County Board of Supervisors of the County of Marathon does hereby ordain and resolve as follows: To approve and designate the 28th Avenue Corridor Right-of-Way as set forth in the attached legal descriptions which are incorporated in their entirety by specific reference.

BE IT FURTHER ORDAINED AND RESOLVED that this approval is contingent upon and effective only upon like approval by the City of Wausau, Town of Maine, and Town of Stettin.

BE IT FURTHER ORDAINED AND RESOLVED that, upon said approval, a copy of this Resolution and attached legal description shall be filed with the Marathon County Register of Deeds as required by law.

BE IT FURTHER ORDAINED AND RESOLVED that the County Clerk is directed to issue checks pursuant to this resolution and the Treasurer to honor said checks.

Submitted this 18th day of January, 2005.

A I	GHWAY COMMITTEE
Hay Wyner	Labert Wilson in
Tale A. Barkon	
VE Madurelly	

Fiscal Impact Estimate: No budgetary impact for 2005. Estimated 2005 acquisition costs have been included in the 2005 budget. Total cost is estimated at \$800,000.00 over approximately ten (10) years to acquire all necessary land.

RESOLUTION #R-71-21

RESOLUTION APPROVING DECISION-MAKING PROCESS FOR 28th AVENUE CORRIDOR

WHEREAS, Marathon County owns certain property in the City of Wausau and Village of Maine along the 28th Avenue Corridor. This property was purchased by Marathon County for potential future expansion of county roads, and the corridor itself is designated as a county highway corridor; and

WHEREAS, the Marathon County Highway Commissioner has developed the attached decision-making process to assist the Marathon County Board of Supervisors in determining whether to maintain the 28th Avenue Corridor map in its current state, transfer county-owned property to appropriate municipalities, or divest properties through public sale and remove the corridor's designation as a county corridor map; and

WHEREAS, the Infrastructure Committee of the Marathon County Board of Supervisors voted to approve the attached decision-making process and forward the same onto the Marathon County Board of Supervisors for consideration.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Marathon does hereby resolve as follows:

The Marathon County Board of Supervisors adopts the attached decision-making process and directs County staff to execute the process as outlined.

Dated the 26th day of October, 2021.

INFRASTRUCTURE COMMITTEE

	Richard Gumz	
Sandi Cihlar, Chair	Jeff Johnson	
Alan Christensen	John Robinson	
Chris Dickinson		

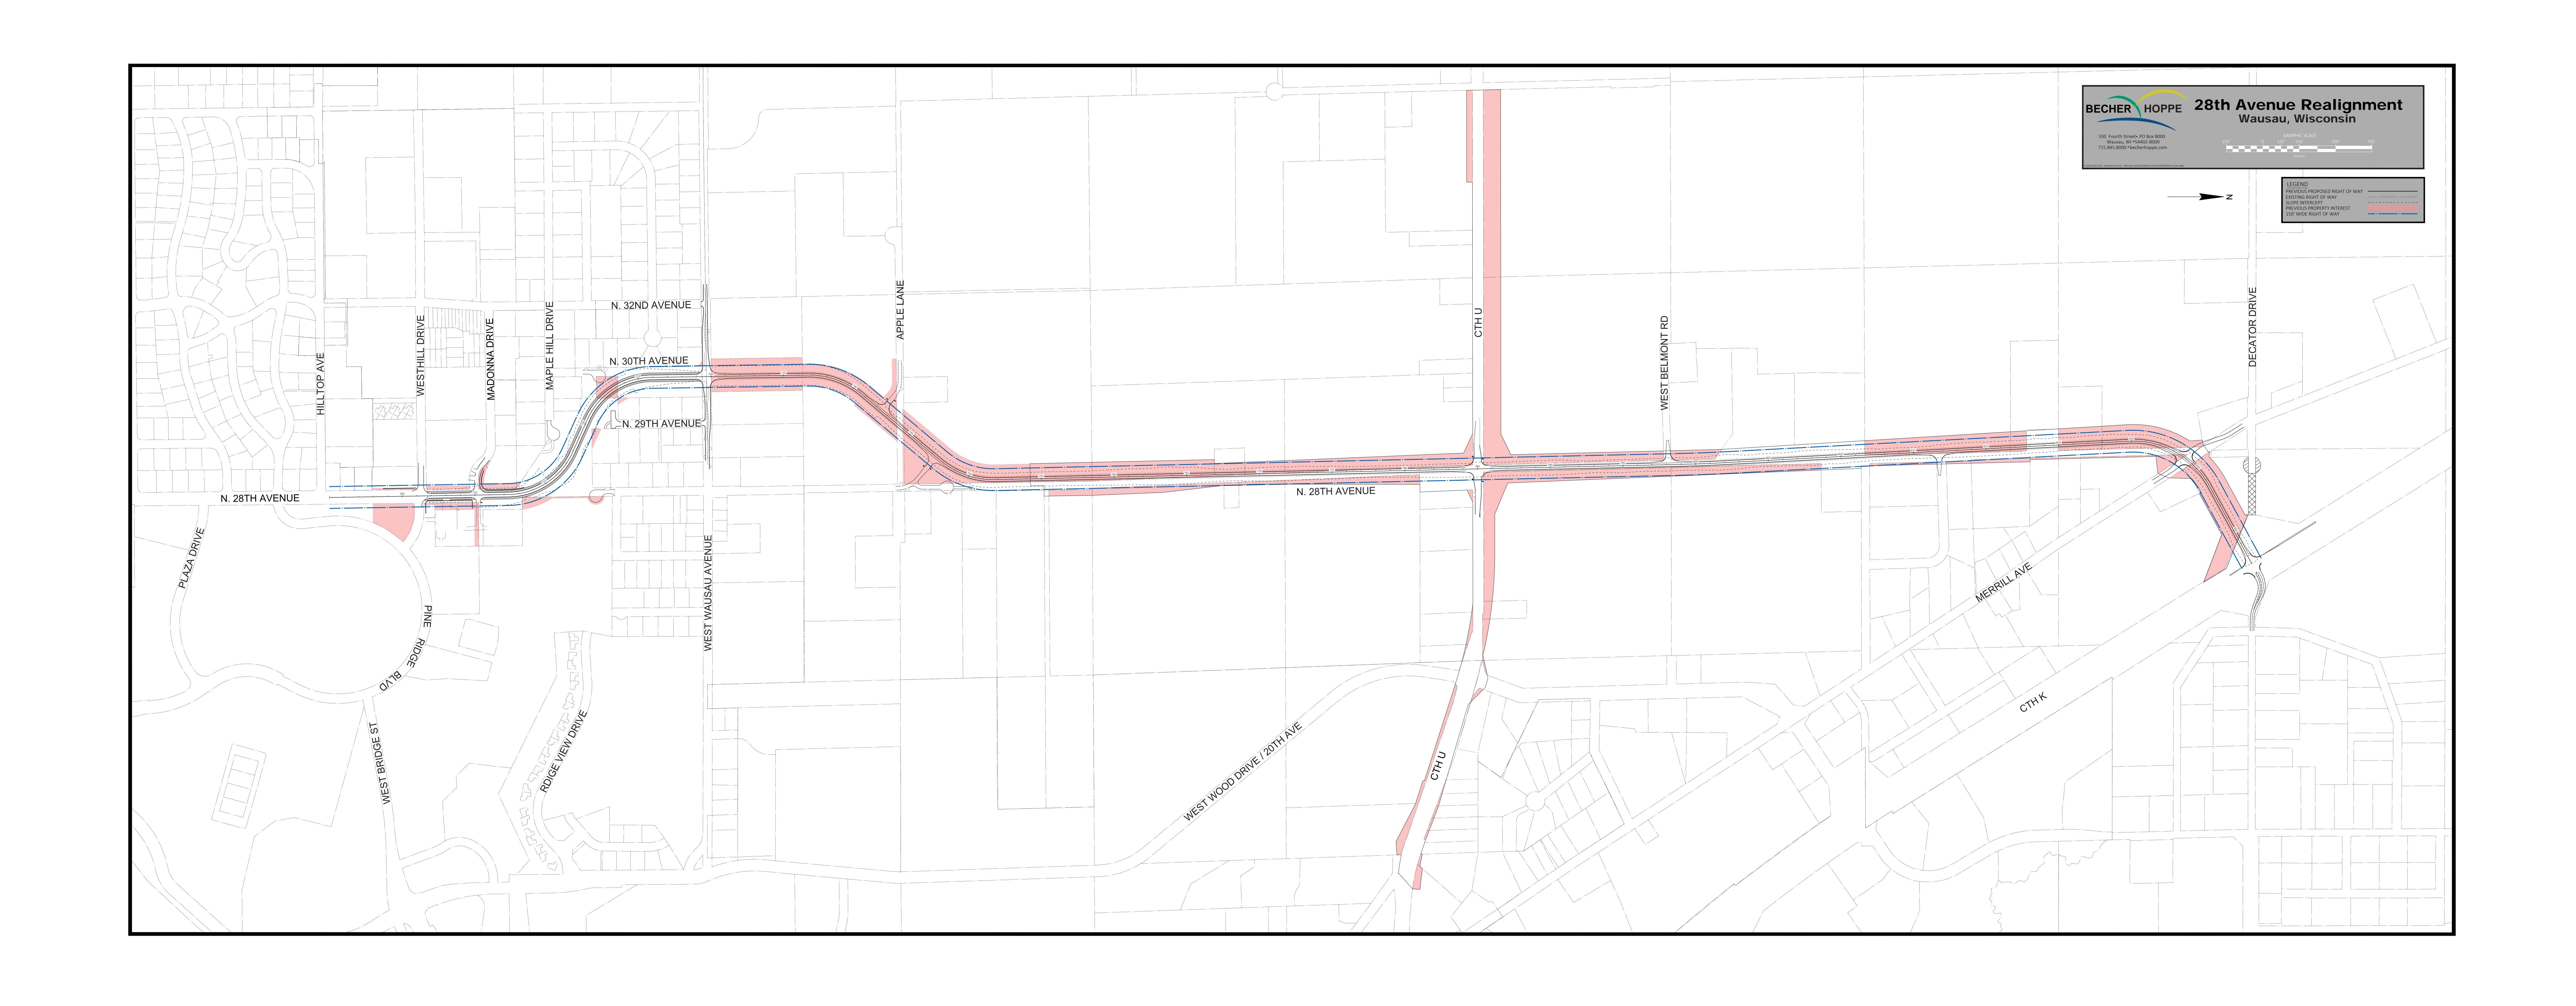

Fiscal Impact: None. The adoption of the attached process will not have a direct budgetary impact. Staff time will be utilized to accomplish the tasks outlined therein.

Proposed Decision-making Process Overview

- 1. Facilitate meetings with City of Wausau, Village of Maine, MPO
 - a. Ultimate Decisions to be made by municipalities

Li City of Wausau

- 1. **Issue**: Is the City interested in acquiring a portion of the property for 28th Avenue upgrades?
- 2. **Action sought**: Formal action by City Council expressing interest or lack of interest in the property.
- ii. Village of Maine
 - 1. **Issue**: Is the Village interested in acquiring a portion of the property for roadway upgrades?
 - 2. **Action sought:** Formal action by Village Board expressing interest of lack of interest in the property.
- 2. County Board determinations relative to maintaining the Corridor
 - a. Pre-work to be done by staff
 - i. Obtain 2050 Transportation Sustainability Study from NCWRP
 - Obtain any other information requested by Infrastructure Committee and County Board
 - iii. Report to Infrastructure Committee and County Board on action by other municipal bodies (as referenced above)
 - iv. Determine the need for property in the corridor associated with a potential county facility at 28th Avenue and CTH U.
 - b. Formal Action by Infrastructure Committee
 - i. Potential Recommendations to the County Board:
 - 1. Maintain corridor map in current state
 - Maintain a portion of the property in the corridor, as it is associated with the potential development of county facility on 28th Avenue and CTH U.
 - 3. Direct staff to work to transfer county-owned property to appropriate municipalities for their use for roadway improvements
 - 4. Direct staff to divest property through public sale
 - c. Formal Action by HR, Finance & Property Committee
 - i. Consideration consistent with Infrastructure Committee
 - d. Formal Action by the County Board of Supervisors
 - i. Maintain corridor map in current state
 - ii. Direct staff to work to transfer county-owned property to appropriate municipalities for their use for roadway improvements and work to remove designation as county corridor map
 - iii. Direct staff to divest property through public sale and work to remove designation as county corridor map
- 3. Administration to direct staff to effect the will of the Board of Supervisors

RESOLUTION # R-50- 22 APPROVE 2022 BUDGET TRANSFERS FOR MARATHON COUNTY DEPARTMENT APPROPRIATIONS

WHEREAS, Section 65.90(5)(a) dictates that appropriations in the Marathon County budget may not be modified unless authorized by a vote of two-thirds of the entire membership of the County Board of Supervisors, and

WHEREAS, the Human Resources, Finance and Property Committee has reviewed and does recommend the 2022 transfers listed below, and

NOW, THEREFORE, BE IT RESOLVED the Marathon County Board of Supervisors authorize and direct the budget transfers as listed below:

Transfer from:	Sheriff 165-850 8 2320 Public Safety Federal Grant
Transfer to:	Sheriff 165-850 9xxxx various expenditures
Amount:	\$25,000
Re:	WEM/SWA Tactical Medical Training grant

Transfer from:	Sheriff 217-908 82320 Public Safety Federal Grant	
Transfer to:	Sheriff 217-908 92190/3490 Other Professional services and Other	
	Operating Expenses	
Amount:	\$16,456	
Re:	SCAAP Grant	

That a Class 1 Notice of this transaction be published within (10) days of its adoption;

BE IT FURTHER RESOLVED that the County Board of Supervisors hereby authorizes and directs the Marathon County Clerk to issue checks pursuant to this resolution and the Marathon County Treasurer to honor said checks.

BE IT FURTHER RESOLVED that the proper officers of Marathon County are hereby authorized and directed to take all actions necessary to affect this policy.

Respectfully submitted this 23rd day of August 2022.

HUMAN RESOURCES, FINANCE	AND PROPERTY COMMITTEE

Fiscal Note: This resolution modifies the revenues and expenditures for various County funds. There is no additional County levy appropriated in this resolution.

	This project will result in the protection of life and/or property and maintain/improve public health and safety?
	This project will result in reductions in expenditures (save money)?
	This project will result in a positive return for Marathon County?
	This project repairs/replaces an important existing physically deteriorated or functionally obsolete county facility, system, service or equipment?
	This project provides a new service, facility, system or equipment?
	This project would generate sufficient revenues to be essentially self-supporting in its operations?
	This project would make existing facilities or personnel more efficient or increase their use with minimal or no operating cost increase?
\boxtimes	This project will benefit and/or be utilized by other Marathon County departments?
	This project is consistent with an overall County plan, policy, or goal; and is necessary to complete a project that has begun or under construction?

Please explain all checked boxes below:

The Dancy Tower site provides critical emergency communications for Fire/EMS/Law responders to ensure the safety of the citizens and visitors in Marathon County to include the Big Eau Pleine Park/Campground. Marathon County does NOT own this site, but rather entered into a contract many years ago with the Wis DNR to place our critical radio communications equipment on their tower. Marathon County learned on or about July 18, 2022 that the site failed its Structural Integrity Inspection and thus has been deemed unsafe to climb for maintenance or repairs. This is a major concern as the site is critical to our emergency radio operation for Marathon County and serves approximately 130

The DNR are not "daily users" of this site, and it appears they are not incline to replace/repair the tower site. The opportunity we have to utilize the newly constructed tower owned by Bug Tussel is a great way to conserve money and be far more efficient with regards to the length to resolve this matter. The Bug Tussel site is only 0.9 miles from our existing location but due to the height that our equipment will be installed at, our coverage will improve in the affected area.

This move will allow us to better serve the Big Eau Pleine park (Parks Department) in working with the City-County IT (CCIT) team to provide more reliable wi-fi coverage for the Parks Department business operations.

Program for the Parks Department Marathon Park Water Service Design project

Amend the 2022 CIP and fund \$74,400 from the County's ARPA

indicated above.		·	•	J
Dated this 23rd day of August, 2022				
HUMAN RESOURCES, FINAN	NCE, AND	PROPERT	Y COMMITTE	E

NOW, THEREFORE BE IT RESOLVED, that the Board of Supervisors of the County of Marathon does hereby resolve and ordain to amend the 2022 Capital Improvement Program as

Fiscal Impact: This reflects an amendment to the 2022 CIP Budget. The amendment will not add additional tax levy. The 2022 CIP be amended to record the additional funding from the County's ARPA allocation in the amount of \$74,400.

AGENDA SUMMARY

4A1. <u>Discussion and Possible Action on Marathon Park Water Service Design</u>

Wausau Water Works has given the County notice that the water service on the western half of Marathon Park does not meet current code and that if not corrected the water service will not be turned on in 2023. The water service in question serves the splash pad, midway restrooms and the campground. The service terminates at the campground and is winterized each year. The system is currently underground however it is not deep enough and requires an above group cleanout if it is to continue to only be a seasonal service. The system could also be looped into the City water system to meet current code. Wausau Water Works allowed the water to be turned on for 2022 and required clean water testing. Testing was completed and the system is operational. Per State Statute campgrounds require a potable water source or it cannot be open to the public.

The age of the water system in Marathon Park is old however the exact age is unknown. To determine what corrections need to be completed the system will be mapped and a design, plans and specifications will be prepared for bidding. Request for Proposals were solicitated and one firm submitted a proposal. We did hear from one other firm that they did not submit a proposal based on their current work load. This project was not anticipated for 2022 and therefore funding was not allocated for the design, plans and specifications. Staff has identified approximately \$21,000 in the 2022 operating budget that can be utilized for this project. Staff is requesting a 2022 Capital Improvement Plan (CIP) budget amendment utilizing contingency funds for the remaining amount of \$74,400. Staff will also submit a 2023 CIP project for the construction of the system. A cost estimate for the construction will be determine during the design phase. The plan for construction is to bid the work in January/February of 2023, begin construction in April/May of 2023 (weather dependent) and completion in July 2023 prior to the Wisconsin Valley Fair.

Staff is requesting that the Human Resources and Finance Committee support the 2022 CIP budget amendment allocating \$74,400 of contingency funds to the Marathon Park Water Service Design and recommend approval of this project to the County Board. Both the Park Commission and Environmental Resources Committee have reviewed this request and have recommended approval to the Human Resources and Finance Committee.

RESOLUTION #R-53-22

Authorizing Expenditure of ARPA Funds for Regional Forensic Science Center Project (contingent upon receipt of matching funds by July 2023)

WHEREAS, Marathon County is the recipient of funds through the American Rescue Plan Act (ARPA). Marathon County is authorized to expend ARPA funds pursuant to rules promulgated by the United States Department of the Treasury and Section 602(c)(1)(A) of the Social Security Act as amended; and

WHEREAS, the Marathon County Medical Examiner submitted a request for the expenditure of ARPA funds to the Human Resources, Finance and Property Committee. The request seeks to encumber up to \$2,000.000.00 of ARPA funds to be utilized towards a Regional Forensic Science Center as referenced in the associated ARPA Project Request Form; and

WHEREAS, on July 13, 2022, the Human Resources Finance and Property Committee voted to recommend that the County Board approve encumbering up to \$2,000,000.00 of ARPA funds to serve as a portion of the funding plan for a Regional Forensic Science Center. The Human Resources, Finance and Property Committee further requested that the funds be encumbered through July of 2023 and that, in the event the remaining funding for the project was not received from other sources, that the funds be unencumbered after July of 2023 for allocation to other eligible uses.

NOW, THEREFORE, BE IT RESOLVED, that the Marathon County Board of Supervisors authorizes the allocation of American Rescue Plan Act funds in an amount not to exceed \$2,000,000.00 to serve as a portion of the funding plan for a Regional Forensic Science Center as referenced in the associated ARPA Project Request Form.

BE IT FURTHER RESOLVED, that these funds shall be encumbered through July 2023; however, if the remaining funding necessary for the Regional Forensic Science Center project are not received by July 31, 2023, the funds allocated pursuant to this resolution are to become unencumbered and shall return to the County's ARPA fund balance for reallocation for other uses.

BE IT FURTHER RESOLVED, that if the remaining funding necessary for the Regional Forensic Science Center project are received by July 31, 2023, the Marathon County Board of Supervisors authorizes the funds allocated pursuant to this resolution to be appropriated pursuant to the funding plan as referenced in the associated ARPA Project Request Form.

BE IT FURTHER RESOLVED, that the Marathon County Board of Supervisors finds that this appropriation would be consistent with ARPA expenditure categories and Section 602(c)(1)(A) of the Social Security Act as amended.

BE IT FURTHER RESOLVED, that the County Board authorizes the amendment of the 2022 budget to reflect the encumbrance of the funds identified herein.

FISCAL NOTE:

This Resolution encumbers no more than \$2,000.000.00 of Marathon County's APRA allocation for expenditure towards the costs of a Regional Forensic Science Center contingent upon receipt of the remaining required funds from other sources. If the required alternative funds are not received by July of 2023, these ARPA funds shall be returned to the County's ARPA fund balance for reallocation.

LEGAL NOTE:

The County Board is authorized to take this action pursuant to §§ 59.01 and 59.51, Wis. Stats. As an amendment to the adopted 2022 County Budget, this Resolution requires a 2/3 vote of the entire membership of the County Board pursuant to § 65.90(5)(a), Wis. Stats.

HUMAN RESOURCES, FINANCE AND PROPERTY COMMITTEE

ARPA Project Request Form

- Project Requestor should complete Section 1 and submit draft ideas to County Administration for review.
- If County Administration supports further review of the project, Department Heads will be asked to review and provide additional feedback to County Administration.
- All projects must be completed by December 31, 2024, in order to be considered, unless it is contracted until December 31, 2026.

SECTION 1 – To Be Completed by Project Requestor Before Submitting to County Administration				
Project Requestor: Jessica Blahnik	Date: 03/18	/2022		
Name of ARPA Project: Marathon County Regional Forensic Science Center				
■ New Project □ Expansion of Existing Project (identify below) ■ Replace Future CIP Project (identify below) Identify: Regional Forensic Science Center Project				
Estimated Start Date of Project: 07/01/2023 Estimated Date of Completion: 12/31/2024				
Identify the Category for Eligible Use: (see pages 4-5 for list from the US Treasury) ■ Responding to the Public Health Emergency □ Addressing Negative Economic Impacts □ Serving the Hardest Hit □ Improving Access to Infrastructure □ Revenue Loss				
What expenditure category does this project 1.7, 1.12, 3.13	qualify under? (See list on pages 5-6. Example	7.1 Administrative Expenses)		

Please explain how the project qualifies under the expenditure category noted above:

The COVID-19 pandemic has highlighted many shortcomings within the state's mortuary system, including limited storage for decedents. Since the start of the pandemic, Marathon County has had over 600 COVID-19 related deaths, which includes non-residents. The local hospitals and nursing homes throughout the county expressed concern with managing the increase in deaths and looked to the Medical Examiner's Office for assistance and guidance. At the pandemic's start, Marathon County secured a refrigerated trailer and a small cooler for decedent storage; however, it is not a long-term solution. Marathon County is the only office in the region that has county owned decedent storage. At the height of the pandemic, the fatalities had exhausted all the local mortuary resources. It became clear that there is a significant need for regionalized mass fatality decedent storage in North Central Wisconsin. In addition, the Medical Examiner's Office is not currently equipped to handle infected human remains. There is no dedicated place to conduct body examinations and to perform postmortem viral testing; the Medical Examiner's Office was taxed to perform postmortem COVID testing per the Health Department's request. The Medical Examiner's Office needs a private, dedicated space, ideally with negative pressure, to conduct their daily duties. This space needs to include running water with a sink, a place to store personal protective equipment, shower facilities, and laundry facilities.

Description - Provide an explanation about what the project entails.

Marathon County has been actively working on the Regional Forensic Science Center project since creating the Morgue Task Force in 2017. The project entails expanding the Medical Examiner's Office to include 2-3 board certified forensic pathologists and support staff to offer enhanced death investigative services to northcentral Wisconsin. These services would include forensic autopsies, medical autopsies, livery service, decedent refrigerated storage, space for tissue procurement, expert forensic testimony, forensic consultation, education, regional mass fatality preparedness, and assistance with medical research.

The portion of the project funded with ARPA funds is the aspects that would increase the county's ability to manage a pandemic or mass fatality situation. The facility plans include dedicated space to conduct body examinations and postmortem viral testing, negative pressure to reduce the risk of infecting staff members, locker room with showers, laundry units, and a large cooler system with racking unit to store decedents. The other aspects of the project would be covered with different funding sources. Please see the business plan and facility plans for additional information.

How does this project directly address the negative impacts of the pandemic? (e.g. economic impacts, disproportionately impacted communities, public health, etc.)

The Marathon County Medical Examiner's Office plans to address the lack of available services by expanding the Medical Examiner's Office and implementing a Regional Forensic Science Center, serving at least 28 Wisconsin counties. The Forensic Science Center will play a critical role in mass fatality preparedness and management for Marathon County and the entire North Central Region. At the onset of the pandemic, through collaboration with the HERC North Central Region and local health care systems, Marathon County was identified as an asset for mass fatality preparedness. The National Guard had also identified Marathon County as an ideal location within the state for mass fatality decedent storage. The Forensic Science Center would continue to serve in this capacity and increase the ability to provide secure decedent storage. In addition, staff from the facility would be available to assist regional counties through mutual aid agreements, should a large-scale event occur.

How does this project benefit the citizens of Marathon County and align with the goals within the strategic and comprehensive plans?

Marathon County is known for offering enhanced professional services to its residents. Expanding the Medical Examiner's Office to include the Forensic Science Center will offer another premier service to the citizens of Marathon County and help it to be considered a regional asset. Benefits the Forensic Science Center will offer to local government and residents include the following: improved prevention initiative, increased accuracy of death investigations due to the ability to conduct more autopsies, educational opportunities and training, and significant reduction in travel for staff and law enforcement. The Forensic Science Center will be an asset to the central and northern Wisconsin regional counties by providing the following: improved regional emergency/mass fatality preparedness, training, education, and support, increased opportunity for itssue donation, increased forensic consultation opportunities for law enforcement agencies, enhanced educational opportunities and the ability to view autopsies, ability to assist in medical research, medical autopsy provider to health care systems throughout the region, and enhanced preventative

enforcement agencies, enhanced educational opportunities and the ability to view adulpsies, ability to assist in interior interior all enterior process in the most significant benefits the Forensic Science Center will offer is the improved service and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services are services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services are services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services are services and experience for families of the decedents. Benefits include the following: improved ability to honor religious and cultural services are services and experience for families are services are services and experience for families are services and ex
All the above benefits fit into Marathon County's strategic and compressive plan to be the healthiest, safest, and most prosperous county in the state.
Estimated Total Cost of Project: \$ 8,334,186
Amount of Marathon County ARPA Funds Requested: \$\(\frac{2}{2}\) million plus the cost of land acquisition and prep
Budget Year: ☐ 2022 ☐ 2023 ☐ 2024 ☐ 2025 ☐ 2026
Note: ARPA Funds are to be obligated by December 31, 2024, and spent by December 31, 2026.
Are matching funds available from another organization/municipality? ■ Yes □ No If yes, identify who and amount:
The total cost of the project ranges from \$6.7 to \$8.4 million, depending on construction costs and which design is approved. Other state funding options are being explored, such as the Building Commissions grant. The hope is to obtain \$4 million in grant funding to cover a portion of the construction costs. The additional \$700,000 to \$2.4 million will be raised through capital campaigns, which includes reaching out to the health care systems, community foundations, and other community partners for donations to be used towards the project.
Are there other funding opportunities available such as pandemic-related grants that would reduce the amount
of ARPA funding needed? ■ Yes □ No
If yes, please identify source, amount and timeline of funding awards:
Please see above.
Please identify, if any, ongoing costs the project will incur and how those costs would be funded?
(examples: building maintenance, replacement costs, or ongoing maintenance/cleaning)
The ongoing facility and operational costs would be covered by the revenue generated from the expanded services. According to the financial analysis in the business plan, there would be a surplus of funds, up to \$200,000 per year that could be used towards building maintenance and replacement costs. The additional operations will be self-funded.
Will this project result in savings for a county department or the community beyond 2026?
■ Yes □ No
If yes, please specify how much and in what areas these savings will be realized?
Currently, the Medical Examiner's Office and law enforcement agencies are required to travel to Madison or Fond du Lac, Wisconsin for autopsy. The travel is required regardiess of weather conditions, limited sleep, and other external factors. This puts the Medical Examiner and Law Enforcement staff at an increased risk for being involved in a motor vehicle accident. Having a local autopsy provider would eliminate these travel requirements.
Based on a process improvement analysis, 690 unproductive hours per year will be eliminated from the Medical Examiner's Office, assuming 75 autopsies are conducted per year. This equates to annual savings of approximately \$31,500 in unproductive wages. Another \$16,000 in expenses relating to travel and outsourcing will be eliminated. Editerial to the eliminated wages for unproductive travel time and travel expenses, which are estimated to total approximately \$24,900 of annual savings. Based on the process improvement analysis, assuming 75 autopsies are conducted, annual savings are estimated to total approximately \$24,900 of annual savings. Based on the process improvement analysis, assuming 75 autopsies are conducted, annual savings are estimated to total \$72,400.
The additional revenue generated from the services provided would cover the costs of the new operations and overhead. Depending on the volume of autopsies conducted, there would be additional revenue that could be used towards routine building maintenance and/or reduce tax levy.
Do you anticipate this project to increase future revenues for Marathon County in general?
■ Yes □ No
If yes, what revenues will be affected?
The state of the s

This project would allow the Medical Examiner's Office additional opportunities for revenue through conducting autopsies for surrounding counties and health care institutions, tissue procurement rental space, livery service, decedent body storage and other services offered to the community. The additional revenue will cover the new facility operating costs and positions, along with additional funding that could off-set the Medical Examiner's Office tax levy and/or be used toward building maintenance.

Government? ■ Yes □ No If yes, what revenues will be affected?	ure revenues for a county department or M	arathon County
Yes, please see above.		
Is there a current program/service that will not life yes, please identify the program and co	o longer be offered as a result of this projects of the current program:	ct? □ Yes ■ No
Will this new project require additional staff of resources) ☐ Yes ☐ No If yes, how many staffing hours are antic	only for the duration of the project? (examp	-

RESOLUTION #R-54-22

Authorizing Expenditure of ARPA Funds for Four-Year Transportation Plan Project (contingent upon receipt of matching funds by July 2023)

WHEREAS, Marathon County is the recipient of funds through the American Rescue Plan Act (ARPA). Marathon County is authorized to expend ARPA funds pursuant to rules promulgated by the United States Department of the Treasury and Section 602(c)(1)(A) of the Social Security Act as amended; and

WHEREAS, the Marathon County Highway Commissioner submitted a request for the expenditure of ARPA funds to the Human Resources, Finance and Property Committee. The request seeks to encumber up to \$10,337,879.00 of ARPA funds to be utilized towards a Four-Year Transportation Plan as referenced in the associated ARPA Project Request Form; and

WHEREAS, on July 13, 2022, the Human Resources Finance and Property Committee voted to recommend that the County Board approve encumbering up to \$10,337,879.00 of ARPA funds to serve as a portion of the funding for a Four-Year Transportation Plan. The Human Resources, Finance and Property Committee further requested that the funds be encumbered through July of 2023 and that, in the event the remaining funding for the project was not received from other sources, that the funds be unencumbered after July of 2023 for allocation to other eligible uses.

NOW, THEREFORE, BE IT RESOLVED, that the Marathon County Board of Supervisors authorizes the allocation of American Rescue Plan Act funds in an amount not to exceed \$10,337,879.00 to serve as a portion of the funding plan for a Four-Year Transportation Plan as referenced in the associated ARPA Project Request Form.

BE IT FURTHER RESOLVED, that these funds shall be encumbered through July 2023; however, if the remaining funding necessary for the Four-Year Transportation Plan project are not received by July 31, 2023, the funds allocated pursuant to this resolution are to become unencumbered and shall return to the County's ARPA fund balance for reallocation for other uses.

BE IT FURTHER RESOLVED, that if the remaining funding necessary for the Four-Year Transportation Plan project are received by July 31, 2023, the Marathon County Board of Supervisors authorizes the funds allocated pursuant to this resolution to be appropriated pursuant to the funding plan as referenced in the associated ARPA Project Request Form.

BE IT FURTHER RESOLVED, that the Marathon County Board of Supervisors finds that this appropriation would be consistent with ARPA expenditure categories and Section 602(c)(1)(A) of the Social Security Act as amended.

BE IT FURTHER RESOLVED, that the County Board authorizes the amendment of the 2022 budget to reflect the encumbrance of the funds identified herein.

FISCAL NOTE:

This Resolution encumbers no more than \$10,337,879.00 of Marathon County's APRA allocation for expenditure towards the costs of a Four-Year Transportation Plan contingent upon receipt of the remaining required funds from other sources. If the required alternative funds are not received by July of 2023, these ARPA funds shall be returned to the County's ARPA fund balance for reallocation. This increase in transportation spending may also raise the General Transportation Aids allocated to Marathon County by the State of Wisconsin.

LEGAL NOTE:

The County Board is authorized to take this action pursuant to §§ 59.01 and 59.51, Wis. Stats. As an amendment to the adopted 2022 County Budget, this Resolution requires a 2/3 vote of the entire membership of the County Board pursuant to § 65.90(5)(a), Wis. Stats.

HUMAN RESOURCES, FINANCE AND PROPERTY COMMITTEE

ARPA Project Request Form

Project Requestor should complete Section 1 and submit draft ideas to County Administration for review.

See spreadsheet for highway resurfacing and bridge replacements.

- If County Administration supports further review of the project, Department Heads will be asked to review and provide additional feedback to County Administration.
- All projects must be completed by December 31, 2024, in order to be considered, unless it is contracted until December 31, 2026.

SECTION 1 – To Be Completed by Project Requestor Before Submitting to County Administration
Project Requestor: James M. Griesbach Date: 6/14/2022
Name of ARPA Project: 4 Year Transportation Plan
■ New Project □ Expansion of Existing Project (identify below) □ Replace Future CIP Project (identify below) Identify:
Estimated Start Date of Project: 5/01/2023 Estimated Date of Completion: 11/30/26
Identify the Category for Eligible Use: (see pages 4-5 for list from the US Treasury) □ Responding to the Public Health Emergency □ Addressing Negative Economic Impacts □ Serving the Hardest Hit □ Improving Access to Infrastructure ★ Revenue Loss
What expenditure category does this project qualify under? (See list on pages 5-6. Example.: 7.1 Administrative Expenses)
Please explain how the project qualifies under the expenditure category noted above:
Per federal guidelines all counties are given a 5.1% revenue loss. Federal gas tax funding down due to less travel during the Pandemic.
Description – Provide an explanation about what the project entails.

How does this project directly address the negative impacts of the pandemic? (e.g. economic impacts, disproportionately impacted communities, public health, etc.) Improved highways will improve access to business, new bridges will protect them from possible weight restrictions or closures insuring improved economic to communities. How does this project benefit the citizens of Marathon County and align with the goals within the strategic and comprehensive plans? Objective 10.12 Maintain infrastructure to support economic growth. Estimated Total Cost of Project: \$ 35,644,470 Amount of Marathon County ARPA Funds Requested: \$ 10,337,879 Budget Year: ☐ 2022 ☐ 2023 ☐ 2024 ☐ 2025 ☐ 2026 Funding to be used each year, see spreadsheet for details. Note: ARPA Funds are to be obligated by December 31, 2024, and spent by December 31, 2026. Are matching funds available from another organization/municipality? ■ Yes □ No If yes, identify who and amount: Wisconsin Department of Transportation, \$35,644,470 Are there other funding opportunities available such as pandemic-related grants that would reduce the amount of ARPA funding needed? ■ Yes □ No If yes, please identify source, amount and timeline of funding awards: The amount shown above includes \$3,265,596 of Bi-Partisan Infrastructure Law (BIL) funding which has been applied for but not yet awarded. Announcement of award is expected August 1st, 2022. Please identify, if any, ongoing costs the project will incur and how those costs would be funded? (examples: building maintenance, replacement costs, or ongoing maintenance/cleaning) General maintenance such as crack filling, sealing of roadways, epoxy overlays for bridges will be funded out of our general maintenance fund. Will this project result in savings for a county department or the community beyond 2026?

If yes, please specify how much and in what areas these savings will be realized?

years approximate savings would \$1,000 per mile.

If yes, what revenues will be affected?

RESOLUTION #R-55-22

Authorizing Expenditure of ARPA Funds for NCHC Addition and Remodel

WHEREAS, Marathon County is the recipient of funds through the American Rescue Plan Act (ARPA). Marathon County is authorized to expend ARPA funds pursuant to rules promulgated by the United States Department of the Treasury and Section 602(c)(1)(A) of the Social Security Act as amended; and

WHEREAS, North Central Health Care (NCHC) submitted a request for the expenditure of ARPA funds to the Human Resources, Finance and Property Committee. The request seeks to encumber up to \$3,115,009.95 of ARPA funds to be utilized towards a completion of the remodel of the existing NCHC campus to include crisis intake, inpatient hospital, long-term care, and memory care, as referenced in the associated ARPA Project Request Form; and

WHEREAS, on July 13, 2022, the Human Resources Finance and Property Committee voted to recommend that the County Board approve encumbering up to \$3,115,009.95 of ARPA funds to serve as a portion of the funding for the NCHC campus remodel as referenced in the associated ARPA Project Request Form.

NOW, THEREFORE, BE IT RESOLVED, that the Marathon County Board of Supervisors authorizes the allocation of American Rescue Plan Act funds in an amount not to exceed \$3,115,009.95 to serve as a portion of the funding for the NCHC campus remodel as referenced in the associated ARPA Project Request Form.

BE IT FURTHER RESOLVED, that the Marathon County Board of Supervisors finds that this appropriation would be consistent with ARPA expenditure categories and Section 602(c)(1)(A) of the Social Security Act as amended.

BE IT FURTHER RESOLVED, that the County Board authorizes the amendment of the 2022 budget to reflect the encumbrance of the funds identified herein.

FISCAL NOTE:

This Resolution encumbers no more than \$3,115,009.95 of Marathon County's APRA allocation for expenditure towards the costs of a NCHC campus remodel. The estimated total cost of this project has previously been appropriated; however, this additional funding would be allocated towards areas impacted by increases in costs for the project.

LEGAL NOTE:

The County Board is authorized to take this action pursuant to §§ 59.01 and 59.51, Wis. Stats. As an amendment to the adopted 2022 County Budget, this Resolution requires a 2/3 vote of the entire membership of the County Board pursuant to § 65.90(5)(a), Wis. Stats.

HUMAN RESOURC	CES, FINANCE	E AND PROPERTY	COMMITTEE

ARPA Project Request Form

- Project Requestor should complete Section 1 and submit draft ideas to County Administration for review.
- If County Administration supports further review of the project, Department Heads will be asked to review and provide additional feedback to County Administration.
- All projects must be completed by December 31, 2024, in order to be considered, unless it is contracted until December 31, 2026.

SECTION 1 – To Be Completed by Project R	equestor Before Submitti	ng to County Adm	ninistration
Project Requestor: North Central Health Care, by Mort	t McBain	Date: 6/16/22	
Name of ARPA Project: North Central Health Care Addi	ition and Remodel		
□ New Project ■ Expansion of Existing Project Identify: Major remodel of the existing North Central	(identify below) ☐ Replace Fut Health Care Campus to include crisis	ture CIP Project (ide intake, inpatient hospital, lo	entify below) ong term and memory care
Estimated Start Date of Project: June 2022	Estimated Da	ate of Completion:	July 2023
Identify the Category for Eligible Use: (see page □ Responding to the Public Health Emergency □ Serving the Hardest Hit		conomic Impacts	■ Revenue Loss
What expenditure category does this project Category 3, Services to Disproportionately impacted commu	t qualify under? (See list on publics	pages 5-6. Example.: 7.	1 Administrative Expenses)

Please explain how the project qualifies under the expenditure category noted above:

NCHC serves many throughout the Marathon County communities who are under served and disproportionately impacted (the mentally ill, developmentally and cognitively disabled, adults and youth in crisis, as well as long term memory care for residents with dementia, Alzheimer's, residents who are dependent on ventilator care.

Description – Provide an explanation about what the project entails.

NCHC has been engaged in a major construction rebuild/remodel project since 2019, which is not expected to be completed until late 2023.

The current phases of remodel that have been impacted by the COVID 19 virus, including supply chain issues, extended lead times, material shortages, labor shortages and cost increases include patients and residents who are under-served and disproportionately impacted (the mentally ill, developmentally and cognitively disabled, adults and youth in crisis, as well as long term memory care for residents with dementia, Alzheimer's, residents who are dependent on ventilator care etc.

Due to the effects of Covid 19 on materials/supplies, supply chain problems, and extreme cost increases, these phases started seeing cost increases in the bids starting in January of 2021 and continuing through the present day. The two areas impacted came in approximately \$ 2.9 million over the original estimate from when this project was conceived and designed in 2019/2020. No one could have foreseen the dramatic increase in costs, lead times, and material shortages due to Covid.

There are two reasons I believe this request fits the eligibility criteria for ARPA funding:

- 1: The unusually high bids we received for this phase of the project can be directly attributed to Covid 19 (major supply chain disruptions, unexpected high cost of building materials /construction supplies)
- 2. This is a one-time funding request (Just as the ARPA program itself is a one-time funding opportunity) which complies with both the spirit and the letter of the ARPA program.

How does this project directly address the negative impacts of the pandemic? (e.g. economic impacts, disproportionately impacted communities, public health, etc.)

This project directly resolves the negative impacts (capital funding problem) for NCHC caused by the pandemic, which in turn allows NCHC to continue it's vital role in the provision of mental health services to the residents of Marathon County.

How does this project benefit the citizens of Marathon County and align with the goals within the <u>strategic</u> and <u>comprehensive</u> plans?

P. 10 of the Strategic Plan, Objective 3.7 describes the importance of providing "access to effective mental health treatment". NCHC fills that role in Marathon County.

•
Estimated Total Cost of Project: \$ 81,015,009.95
Amount of Marathon County ARPA Funds Requested: \$\frac{3}{2}\frac{3}{115}\frac{15}{1099}\frac{95}{95}
Budget Year: ☐ 2022 ☐ 2023 ☐ 2024 ☐ 2025 ☐ 2026 Note: ARPA Funds are to be obligated by December 31, 2024, and spent by December 31, 2026.
Are matching funds available from another organization/municipality? ☐ Yes ☐ No If yes, identify who and amount:
Are there other funding opportunities available such as pandemic-related grants that would reduce the amount of ARPA funding needed? ☐ Yes ■ No
If yes, please identify source, amount and timeline of funding awards:
Please identify, if any, ongoing costs the project will incur and how those costs would be funded? (examples: building maintenance, replacement costs, or ongoing maintenance/cleaning)
Ongoing costs will continue to be covered by NCHC as part of their annual budget. No increases to the county.
Will this project result in savings for a county department or the community beyond 2026? ☐ Yes ■ No
If yes, please specify how much and in what areas these savings will be realized?
This project will allow MVCC to continue operations as a Skilled Nursing Facility for many years into the future. Although some savings are possible due to increased efficiencies in energy/utilities etc. these are not guaranteed, nor are they quantifiable at this stage.
Do you anticipate this project to increase future revenues for Marathon County in general?
□ Yes ■ No
If yes, what revenues will be affected?
One of the intents of this phase of the project is to provide a more modern and attractive skilled Nursing Facility, which in turn may attract more "private pay" clientele to the facility, which helps keep MVCC and NCHC viable. This may reduce the need for additional subsidy from Marathon County in the future (decreasing costs vs increasing revenue)

Government? Yes No If yes, what revenues will be affected? While there is no guarantee of fut modern and efficient facility will at in turn could generate future incre	ure revenue increases, the hope is that ttract a greater number of "private pay"	a more
Is there a current program/service that will not lif yes, please identify the program and contain All programs and services offered	no longer be offered as a result of this project osts of the current program: I through MVCC will continue as they ha	
Will this new project require additional staff resources) □ Yes ■ No If yes, how many staffing hours are anti	only for the duration of the project? (examp	le: project management
