PART II NEW CONSTRUCTION

I, _____, (Landowner) have obtained the services of _____ (Certified Crop Advisor) from _____ (Business Association) to prepare a Nutrient Management Plan to fulfill the requirement of the Marathon County Animal Waste Storage and Nutrient Management Ordinance.

The Nutrient Management Plan will meet the Natural Resource Conservation Service Technical Standard 590. The plan shall be submitted to the Marathon County Conservation, Planning and Zoning Department no later than April 1st of the year following installation of a manure storage facility. This plan will be completed by _____ (Mo/day/yr).

The Nutrient Management Plan will be updated annually for the life of the manure storage. Any updated plans will be provided to the Marathon County Conservation, Planning and Zoning Department upon request.

The recommendations of the Nutrient Management Plan will be followed as closely as possible.
