4. Operational Functions Required by Statute, Ordinance or Resolution
 - A. Discussion and Possible Action by Committee
 1. Forest Citizens' Advisory Subcommittee Appointments
Lovlien explained that every September half of the Subcommittee member's terms expire. This year all five members have expressed interest in staying on the Committee. Typically if the members are in good standing they are re-appointed. Questions were answered. **Motion** / second by Rosenberg / Schlei to re-appoint the five members to the Forest Citizens' Advisory Subcommittee. Motion **carried** by voice vote, no dissent.
 - B. Discussion and Possible Action by Committee to Forward to the Environmental Resource Committee for its Consideration - None
5. Policy Issues for Discussion and Committee Determination for Consideration by Environmental Resources Committee – None
6. Educational Presentations/Outcome Monitoring Reports
 - A. 2021 – 2023 State Budget – Forestry Updates – Lovlien said all of the grants and aids that forestry has been eligible for in the past have remained the same. He noted that the Knowles-Nelson Stewardship grant was reauthorized for four years. The only thing that could potentially affect County forest grants for land acquisition is that the amount went down from five million to three million each year. He also noted that the variable acreage share payment to the townships with County forest lands have increased from thirty cents to sixty three cents an acre. This payment comes out of State funds and it along with the timber sale stumpage payments that the County shares with those towns now should make up for a majority of the lost taxes those towns would have received had they been in residential ownership. There is also an increase of a million dollars in UTV aids for the State and a few others. Discussion followed.
 - B. Verso Corporation and Consolidated Cooperative Status – Lovlien said Atlas Holding Company has made an offer to purchase all of the Verso mills in the United States. Verso is currently looking at that offer and what it means for the future of the Wisconsin Rapids mill remains unknown. The Cooperative had been trying to purchase the Verso mill and is on hold. The Park Falls Cooperative has their package out for thirty days to anyone interested in investing in that mill. There is still the potential the County will be asked to invest in the Verso Mill in Wisconsin Rapids sometime in the future.
 - C. Completed Public Forest Timber Sales – Lovlien discussed a report of Completed Public Forest Timber Sales from 2009 – 2021. He said the stumpage that all the Counties received in 2020 dropped a little from 2018 and 2019 but has bounced back in 2021 to almost forty-one million dollars. The State plays a role in public forest stumpage but it is a lot lesser than the Counties role. The loggers have always told the counties that they rely on their wood each year. Lovlien also wanted to note that half the year is done and it looks like the Department will reach its evenflow mark of \$245,000. It may go over that amount but that would depend on how many loggers move in and start their sales this fall.

D. Discussion on Voluntary Carbon Credit Markets – Lovlien said large companies that produce a lot of greenhouse gasses want to become carbon neutral. These companies are starting to buy carbon credits from landowners. Bluesource is a company that works with public and private landowners that want to get paid for the carbon stored within their trees. Some counties in Wisconsin are starting to look into the program and he is studying it as well. He discussed some of the details of the program. The Wisconsin County Forests Association has set up a web-ex conference and he will continue to gather information to see if it is something that might fit with Marathon County. Discussion followed.

7. Next Meeting Date, Time, Location: August 31, 2021, 1:30pm, Rm. 5 and webex, 212 River Dr., Wausau WI 54403

A. Announcements/Requests/Correspondence – Schlei would like information brought to the public about the harmful effects of wild parsnip sap, Polley extended an invitation for the County parks tour on August 26th.

B. Future Agenda Items: Results of the 2021 Forest Certification Audit, Consider Approving Fall 2021 Timber Sale Package, WCFA Annual Meeting

8. Adjourn – **Motion** / second by Schlei / Rosenberg to adjourn the meeting at 2:40pm. Motion **carried** by voice vote, vote reflected as 2-0.

The County's permission to continue cutting shall not be considered a waiver of breach nor prevent it from considering such breach for purposes of asserting any other remedies available to it. It is agreed that the double mill scale sum is a reasonable estimate of the probable damages suffered by the County and shall not be construed as or held to be in the nature of a penalty.

G. The Purchaser agrees that if the timber identified in this contract for cutting is to be resold due to a breach of this contract, as determined by the County, the County is not obligated to give oral or written notice to the Purchaser of the resale.

The County may agree to mitigate the damages for breach by offering the timber for resale on no more than two (2) occasions if it determines the timber is salable based upon its volume or quality.

- (6) A minimum of 10% of the original sale price to the County (same amount as the original bid bond) as an administrative fee for the costs of readvertising and reestablishing the sale or pay the difference between the new sale price and the original price, but not less than 10% if the new sale price is less than the original price.
 - (7) If the sale is not resold after two separate bid openings, the Purchaser is liable for liquidated damages including the total performance bond.
- I. A Purchaser deemed by the County to be in breach of this contract may also be considered an irresponsible bidder and be refused the opportunity to bid upon or obtain future timber sales of the County for a period not to exceed two (2) years from the date of determination of the breach.

5. NON-COMPLIANCE-WRITTEN NOTICE. A. Upon written notice by a County representative that Purchaser is not in compliance with one or more conditions of the contract, occupancy of and operations on the Contract Site shall be suspended. Purchaser shall have notice of the FR Committee meeting and an opportunity to be heard. Notification of the FR Committee's decision shall be sent to the Purchaser by certified mail at the address specified on the first page of this contract. 7. **FAILURE TO COMPLY WITH CONTRACT - FORFEITURE.** Should the Purchaser enter into more than one timber sale contract, all of the timber sale contracts entered into by and between the Purchaser and the County shall be considered as one general contract consisting of subunits relating to different sites. A notice of non-compliance with respect to any one site shall constitute notice as to all sites, and the Purchaser shall forthwith cease operations at all sites until Purchaser receives written authorization to resume operations in accordance with the procedures set forth herein.
8. **NON-DISCRIMINATION.** In connection with performance of work under this contract, the Purchaser agrees not to discriminate against any employee or applicant for employment because of sex, race, religion, color, national origin, or disabilities.

Purchaser agrees to provide documentation to Seller that training has been attained prior to initiating sale.
13. **ASSIGNMENT.** The Purchaser is precluded from assigning payment and contract oversight, duties or other performance requirements of this contract to another. The Purchaser's direction to or contracting with another to complete performance required under this contract does not relieve the Purchaser from the responsibility for performance required under this contract or for liability for breach. **(Purchaser shall not subcontract any portion of this contract without prior written approval from the County, said approval will not be unreasonably withheld.)**
14. **INSPECTION.** The County retains for itself the right of ingress and egress to and on the sale area and may inspect the sale area and trucks hauling forest products from or traveling on the sale area at any time. If the inspection reveals any violations of this contract, the Purchaser shall promptly take measures to remedy the violation. The County may terminate the Purchaser's operations upon oral notice to the Purchaser. Upon receipt of the notice, the Purchaser shall cease operations until the County approves resumption of them.

- B. Scaled or ticket-system stumpage payments shall be made prior to wood being hauled. Purchasers in good standing with Marathon County will be allowed up to three business days to submit payment. Marathon County reserves the right to determine which purchasers are in good standing. Payments due and owing to the County will be based upon actual scaling.
- C. Lump sum sale contracts must be paid in full prior to beginning any operations. If cutting units are designated, the Purchaser must pay for and satisfactorily complete a unit as determined by a County representative prior to beginning operations in another unit.
16. **REMOVAL WITHOUT PAYMENT.** Timber or other forest products may not be removed from the sale area until paid for as provided in this contract or other guarantees for payment have been made with and to the satisfaction of the County. Upon removal of timber or other forest products in violation of this paragraph, the Purchaser agrees to pay as liquidated damages double the mill value of the timber removed, and in addition to pursuing its remedies for breach of contract, the County may seek charges against the Purchaser for Timber Theft under s. 26.05, Wis. Stats., or a violation of ch. NR 45, Wis. Adm. Code, consider it a breach of contract and pursue all remedies provided in this contract.
17. **ROADS, LANDINGS, MILL SITES, CAMPSITES, EROSION CONTROL, BEST MANAGEMENT PRACTICES (BMPs).** A. When not otherwise designated by the County, the location of roads, landings, mill sites and campsites on County's property is subject to advance approval and under the conditions established by the County. Subject: [EXTERNAL] Preliminary SFI/FSC Audit Findings

Howdy Everyone..

Quick recap on the Closing Meeting for the SFI/FSC CF Cert Audit held last week in Clark, Eau Claire, Chippewa and Polk.

First of all, those 4 counties truly showcased what all of you do on a daily/annual basis.

These are super Draft and from my notes (Bekah/Mark please chime in from your notes) and WCFA/DNR/4 counties audited discussed some possible inaccuracies after the closing meeting... Here are the findings told to us at Closing

SFI

- NO CARS
- 1 OFI
 - **3.13.3- BMP Monitoring-** This has absolutely **NOTHING** to do with the Counties but falls on DNR-Div. of Forestry for not approving and public posting the 5 Year BMP Monitoring for almost 2.5 years after the studies were done.

FSC

- MINOR CAR
 - **4.12.2-** but really has to do with the new (for 2021) Pesticide Policy 30-01 and having an Environmental, Social, Risk Assessment (ESRA) done on every/any pesticide application with a specific chemical. The non-conformance claims that
 - Claim is Clark did not have an ESRA for a specific chemical-application. Clark is going to refute this
 - Claim is Eau Claire didn't have any..... Well, Eau Claire didn't spray anything in 2021 so far.. So hence, no ESRA's needed
- MINOR CAR
 - **7.3.A-** Has to do with Training and Implementation of ESRA's

- **MINOR CAR**

- **6.6E-** Annual Reporting of Pesticides. This is specific to the use of Cellutreat. (So, we will be reporting all Cellutreat uses going forward)

- **OBS**

- **8.1.A-** BMP Monitoring. Same as the SFI OFI for BMP Monitoring not being posted faster.
- **9.1.A-** HCVEs and this one has to do with a “future” FSC Standard that has yet to be completed/approved..... We are all scratching our head at this one.

Once I get the “Draft” reports, the 4 Counties will review, WCFA and myself also review, provide documentation to refute the ESRA CARS and see how the HCVE OBS is worded... We will then see what the final outcome is.

Leg/Cert committee in Hayward next month is going to be a fun one folks.....
