Who is Eligible?

Employees working at least 30 hours per week and their eligible dependents may participate in the Marathon County health and dental benefits program.

Generally, for the Marathon County benefits program, dependents are defined as:

- Your spouse
- Dependent "child" up to age 26. (Child means the employee's natural child, stepchild or adopted child and any other child as defined in the certificate of coverage)

Employees working at least 24 hours per week are also eligible for paid time off benefits and to participate in the Wisconsin Retirement System and Dependent Care Flexible Spending Accounts.

When and How Do I Enroll?

New hires must enroll within 30 calendar days from date of hire and benefits are effective the first of the month following their date of hire.

Open enrollment is normally held during November of each year.

- Health & Dental – passive open enrollment. You only need to complete a change form if you want to make a benefit change.
- Flexible Spending Account – active open enrollment. You must re-enroll in the flexible spending account each year if you want to participate.
- The effective date for your benefits is January 1st unless otherwise determined by the County.

Changing Coverage During the Year:

You can change your coverage during the year when you experience a qualified change in status, such as marriage, divorce, birth, adoption, placement for adoption, or loss of coverage. The change must be reported to the Human Resources Department within 30 days of the event. The change must be consistent with the event.

For example, if your dependent child no longer meets eligibility requirements, you can drop coverage only for that dependent.

Coverage is effective the first of the month following receipt of the completed enrollment.

Marathon County offers a Health Reimbursement Account in conjunction with their medical plans. Each employee enrolled on the medical plan has an account that will reimburse up to \$750 for individual; \$1,125 for employee + one or \$1,500 for family medical expenses.

The HRA reimbursement is for eligible out-of-pocket medical expenses only. Eligible expenses include deductible expenses, coinsurance, and copays (both medical and prescription drug) associated with the WCA/GHT County medical plan.

- Funds run according to the calendar year (January 1st – December 31st)

 - Balance Maximum: The total amount you can accumulate in your HRA (Balance Maximum) is \$3,750 / Single, \$5,625 / Employee + 1, and \$7,500 / Family. The Balance Maximum includes the Funding Level amounts and Rollover amounts.

How do I use the HRA?

For deductible & coinsurance expenses:

1. Marathon County deposits money into the HRA.
2. The Explanation of Benefits you receive for deductible and coinsurance is automatically sent to DBS from UMR. You don't need to do anything.
3. As DBS receives the electronic information, the deductible and coinsurance amounts will be paid directly to the vendor/provider based on your employer's HRA reimbursement plan parameters.
4. If you have dual health coverage, you must submit EOB forms from the secondary insurance carrier manually along with a signed claim form for reimbursement.

Copays, prescription drug and smoking cessation expenses

1. When you receive a receipt, affix a completed 105-HRA claim form to the receipt(s) and send a copy of the documents to DBS. Receipts must indicate the date of service, service provided and cost of the service. The forms may also be faxed to DBS at 262-367-5938, submitted online, or by mobile phone app for processing.
2. These expenses are reviewed by the DBS claims department and if approved, reimbursement is sent directly to you.
3. Any reimbursements due for claims received by Friday (9:00 a.m. CST) will be issued the following Friday.

Flexible Spending Accounts

The Flexible Spending Account (FSA) plan with Diversified Benefit Services, Inc. allows you to set aside pre-tax dollars to cover qualified expenses you would normally pay out of your pocket with post-tax dollars. The plan is comprised of a health care spending account and a dependent care account. You pay no federal or state income taxes on the money you place in an FSA.

Note that you cannot participate in the health care FSA if you are enrolled in a high deductible health plan with health savings account. You may still participate in the dependent care account.

How an FSA works:

- Choose a specific amount of money to contribute each pay period, pre-tax, to one or both accounts during the year.
- The amount is automatically deducted from your pay at the same level each pay period.
- As you incur eligible expenses, you may submit the appropriate paperwork to be reimbursed by the plan.

Important rules to keep in mind:

- The IRS has a strict “use it or lose it” rule. If you do not use the full amount in your FSA, you will lose any remaining funds. However, the County does have a carryover of up to \$610 that you will be rolled into the next plan year if you do not use the funds in your current plan year.
- Once you enroll in the FSA, you cannot change your contribution amount during the year unless you experience a qualifying life event.
- You cannot transfer funds from one FSA to another.

Please plan your FSA contributions carefully, as any funds not used by the end of the year will be forfeited. Re-enrollment is required each year.

Maximum Annual Election	
Health Care FSA	\$3,050
Dependent Care FSA	\$5,000

For any questions regarding the HRA, please call DBS at 1-800-234-1229 or visit their website at DBSbenefits.com. You can also refer to the Marathon County internet at [Link](#).

Disability & Life Offerings

Income Continuation Insurance (ICI)

The Income Continuation Insurance (ICI) benefit is a voluntary “income replacement” benefit payable if you become disabled. This insurance is available to employees who are eligible for Wisconsin Retirement System (WRS) benefits whose employers have elected to participate.

ICI benefits provide up to 75% of your average monthly earnings based on your previous calendar year earnings rounded to the next highest \$1,000 and divided by 12. For newly hired employees, your estimated annual earnings are rounded to the next highest \$1,000 and divided by 12.

Standard Coverage covers up to \$64,000 of annual earnings.

- The maximum benefit is \$4,000 per month.
- The premiums are paid by the employer and employee.

Supplemental Coverage is available to employees whose annual earnings exceed \$64,000 (between \$64,000 and \$120,000 of annual earnings).

- The maximum combined benefit is \$7,500 per month.
- You must have standard coverage to apply for supplemental coverage.
- You must ensure your entire earnings are above \$64,000. There is no partial coverage.
- The premiums are paid entirely by the employee.
- Each January, your employer will review your prior year’s earnings to determine if you are eligible to enroll in supplemental coverage. If your earnings drop below the \$64,000 limit, the supplemental coverage will cease.

ICI provides replacement income for short- and long-term disabilities. The benefit usually lasts until you are no longer disabled, or you reach age 65 (with some exceptions), whichever is sooner.

Premiums

Currently ETF has a premium holiday. You may elect a 30, 60, 90, 120, or 180-day elimination period. The County pays the premium for a 90-day elimination period. If an employee chooses the 30 or 60-day elimination period, the premium will be the difference from the 90-day elimination period that the County contributes. At no time will the County reimburse employees premium if they choose an elimination period greater than 90 days. Employees should contact the Human Resources Department if they wish to change their elimination period or would like to confirm which elimination period they have elected.

More information is located on the County’s Internet – [Link](#).

Disability Retirement Benefit

What is a Disability Retirement Benefit? A disability retirement benefit is a lifetime annuity (monthly payment) paid to eligible Wisconsin Retirement System employees who become disabled and are unable to work until normal retirement age (NRA). See the Eligibility section for additional information. The benefit is based on your final average earnings and your years of actual creditable service but adds assumed service as though you worked until NRA. This benefit comes from your WRS retirement account. If your disability retirement benefit application is approved, your WRS account is closed and you become a WRS retiree, receiving a monthly disability annuity. The benefit is administered by the Department of Employee Trust Funds and governed by Wis. Stat. § 40.63.

To be approved for a disability benefit, you must meet the WRS definition of disability:

Disability means the inability to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or to be of long-continued and indefinite duration. Substantial gainful activity is employment in any position for which the compensation will exceed the earnings limit in a calendar year. The earnings limit is subject to annual adjustments.

Two licensed physicians (M.D. or D.O.) must certify that you meet this definition. One of the doctors must specialize in the area of your disability.

If you stop working because of a disability or want more information on Disability Retirement Benefits, contact the Human Resources Department or through [Link](#).

Life Insurance

Marathon County offers life insurance to employees who are eligible for Wisconsin Retirement System (WRS) benefits. Life insurance provides a lump sum payment to your beneficiary in the event of your passing. The amount of life insurance varies depending on how much was purchased. There are three different options thru ETF. The Basic Plan provides coverage equal to the earnings paid to you by your employer during the previous calendar year rounded to the next higher \$1,000. The Supplemental plan provides life insurance coverage in addition to the Basic Plan at one times your previous year's earnings, rounded to the next higher \$1,000. The Additional Plan provides life insurance in addition to the Basic Plan at up to three times your prior year's earnings. Contact information for life insurance is ETF at 1-877-533-5020 or [Link](#).

Retirement and Savings

While you are a valued asset to the Marathon County team, you should be planning for the eventuality of a well-earned retirement, complete with financial peace of mind. The next great chapter in your life will be here before you know it. Making informed financial decisions at all ages will help set you up for your future.

Wisconsin Retirement System

Employees working 1,200 hours per year for at least 12 months are automatically enrolled in the Wisconsin Retirement System upon hire.

After enrollment, a mandatory pre-tax payroll deduction will occur based on a percentage of your salary.

Employees participating in WRS may choose to make additional post-tax contributions as well.

For more information, visit [Link](#).

Deferred Compensation

You may wish to elect to save more of your income for retirement purposes into a deferred compensation retirement plan.

Open to all active employees, pre-tax contributions to a deferred compensation plan are exempt from State and Federal income taxes until the funds are withdrawn. Roth (after-tax) contributions are also an option.

The Deferred Compensation (457) Plan is a supplemental benefit available to all regular employees. The Deferred Compensation Plan is a tax advantaged retirement savings program that together with your Wisconsin Retirement System benefits can help you achieve a comfortable retirement. As a voluntary benefit, you can enroll at any time. Marathon County offers two Deferred Compensation (457) plans to choose from.

You may elect to participate using either deferred compensation organization at any point during your employment with Marathon County.

Contact information for WI Deferred Compensation is Shawn Bresnahan at 608-241-6604 or shawn.bresnahan@empower-retirement.com or [Link](#).

Contact information for Nationwide Retirement Solutions is Kerry Johnson at 608-825-2516 or johnk46@nationwide.com or [Link](#).

Post-Employment Health Plan (PEHP)

The Post Employment Health Plan (PEHP) provides employees funds for reimbursement of qualified health care expenses once you sever employment with Marathon County. Marathon County contributes \$21 each pay period into your personal Nationwide PEHP account. Once you sever employment, reimbursements can be made for health care expenses incurred by you, your spouse, or other qualified dependents.

Marathon County employees who retire will also have any remaining banked time e.g., PTO, converted into their PEHP account as well. Funds are converted into the PEHP account with no taxes withheld and may be used to pay for qualified insurance premiums!

Additional information is found on the County's Internet – [Link](#).

Regular employees must work a minimum of 24 hours per week or 60% full-time equivalent to be eligible for PTO. Accrual is earned each payroll period.

PTO can be used for any purpose, subject to necessary request and approval procedures consistent with County and department policies.

To be eligible for leave under the Wisconsin Family Medical Leave Act, the employee must have been employed by the County for at least 52 consecutive weeks and must have been paid for at least 1,000 hours (including paid leave) during the preceding 52-week period.

Eligible employees can take job-protected leave in a 12-month period for the following reasons:

- Up to six weeks leave for the birth or adoption of a child, within 16 weeks of the child's birth or placement.
- Up to two weeks leave for the care of a child, spouse, domestic partner, or parent (including parent-in-law and parent of a domestic partner).
- Up to two weeks leave for the employee's own serious condition.

Requesting Leave

Generally, employees must give 30-days advance notice of the need for FMLA leave. If it is not possible to give 30-days notice, an employee must notify the employer as soon as possible and, generally, follow the County and department's time off policies.

Employees do not have to share a medical diagnosis but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform their job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

The County may require certification or periodic recertification supporting the need for leave. If the County determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Paid Leave

Federal and Wisconsin FMLA are both unpaid and are taken concurrently. The County may require employees to use paid leave after Wisconsin FMLA is exhausted (two weeks for the employee's or a family member's serious health condition, or six weeks for the birth of a child). Employees may elect to use their paid leave, unpaid leave, or combination of paid and unpaid leave. After exhausting the Wisconsin FMLA leave, employees are required to use their paid leave. When employees have 40 hours of eligible leave remaining, employees may request approval from their supervisor to save up to 40 hours of paid leave and use unpaid leave instead. Sick leave may only be used for qualifying FMLA leave conditions: employee medical, maximum of 80 hours for family medical leave, and a maximum of 6 calendar weeks (240 hours) for child rearing leave.

For more detailed information, please contact the Human Resources Department.

Leave Donation Program: The County has a leave donation program to assist an employee faced with serious medical illness or injury to themselves or an immediate family member by allowing other County employees transfer accrued PTO, vacation or PAL hours to another eligible employee who has exhausted all the paid leave. Employee may request leave donations for a qualifying medical condition under Federal & Wisconsin Family Medical (FMLA) leave. Donated hours may not be used to child rearing leave following the birth or placement of a child for adoption or foster care.
