Campsites:

Please be sure to clean up your site before you leave. The campfire pits are not to be used as garbage cans. Be sure your fire is completely extinguished (not smoldering). Occupants of those sites with trash left in will face a fine/citation for littering. Please leave the site in good order when you leave. Each campsite is restricted to two tents or one camper plus one tent. Only two motor vehicles (except as many as five motorcycles) are allowed to park at each campsite. Any additional vehicles must be parked in designated areas outside the campsite. Only one family or group (no more than five unrelated people) is allowed at each campsite. Only registered campers may enter or be in a park between 11pm and 6am. The information provided in each individual campsite description is the best knowledge of current offerings by department staff. Services and conditions described are not guaranteed to be exact.

Firewood:

Campers are prohibited from bringing any firewood into Marathon County campgrounds, parks, forest units or other departmental properties. No fires are allowed at Marathon Park

BIG EAU PLEINE: The firewood purchase area is located near the South Unit picnic area. The gates for the self-service area will be open 8 am to 8 pm. After purchase, a Firewood Tag must be clipped to your campsite post immediately upon return to your site. Each Rick of wood is \$6. Campers are to follow these step to insure proper processing. Fill out Firewood Sales Permit envelope completely. Separate FIREWOOD TAG from envelope. Place payment in the envelope and deposit in the pay receptacle. Load purchased wood in vehicle. Attach FIREWOOD TAG to bottom clip on campsite post IMMEDIATELY upon returning to your campsite. Refill Rick(s) level with the top. For assistance, contact the Park Manager or Campground Host.

DELLS OF EAU CLAIRE: Hours for firewood sales at Dells of the Eau Claire Park are daily from 1-2pm and 6-7pm. In addition, some self-service ricks will be available.

MARATHON PARK: No fires allowed at Marathon Park

Utilities and Generators:

At Big Eau Pleine Park, 30 amps of electric are provided per campsite, however the circuit that each site is on cannot support all sites drawing the maximum ampage at the same time. Running an air conditioner, or several other high demand appliances will result in power failure. Please manage your electrical use.

Generator use is not allowed in campgrounds except to accommodate medical conditions, and only if no electrical sites are available. Permission to operate a generator must be granted by the manager at each campground and may be revoked at any time.
